Class of '35

Grow old along with me!
The best is yet to be,
The last of life, for which the first was made:
Our times are in His hand
Who saith, "A whole I planned,
Youth shows but half; trust God: see all nor, be afraid!"

President's Office.

The Hon. and Rev. H. J. Cody, D.D., LL.D.

President

To the graduating classes of the University of Toronto

At the end of another academic year, it is my privilege to congratulate you on your intellectual achievements, on the helpful friendships you have formed, and on the enrichment of personality that you have gained through the manifold contacts of your college life. I offer you my best wishes for a useful, happy and truly successful career. The great ends of your university training have been personal culture and fitness for service. For your unflinching co-operation as undergraduates I heartily thank you.

Some of you will proceed to further courses in the university; others will enter on their life work. The times still test the souls of men. We shall emerge from the now too familiar depression, mainly, as Mr. Julian Huxley recently said, of hard work and good will. If there are combined with disciplined intelligence and integrity of character sooner rather than later we shall see the beginning of better days. I hope that you will speedily find a congenial task and that this task will be in Canada.

I trust that you will always be loyal sons and supporters of your Alma Mater; I know that she will have good cause to be proud of you. The best contribution which the university can make to the nation is the band of educated men and women whom it sends forth into the body, social and political.

- Be absolutely straight in thought, words and deed.
- Be modest about yourself and enthusiastic about your work.
- Be kindly, courteous and sympathetic.
- Be able to laugh, even at yourself.
- Be thorough and accurate in all you do.
- Be mindful of the Great Examiner who craves most the clean hand and the pure heart.

Make a good living; better still, make a good life.

H J Cody

UNIVERSITY COLLEGE

To the Graduating Class in University College

By Professor Malcolm W. Wallace, B.A., Ph.D.

THE almost universal longing for a world of stability and security and peace has not yet been realized. Perhaps we shall have to content ourselves as best we may with a world of constant change, of adventure, of struggle. We may perhaps reconcile ourselves to this fate if we remember that it is out of such conditions that almost every great chapter in the human story has been written. In such periods of history almost exclusively have great men appeared and have great things been accomplished. It is well to remind ourselves that calm's not life's crown, that Prometheus suffering and enduring and successfully defying the powers of darkness is a much more inspiring figure than Prometheus sitting in a mossy cave and enjoying philosophic discourse with Asia.

Perhaps 'philosophy' has always been rejected by men when it is offered as a substitute for the

things their hearts desire. At any rate, every man and woman who has enjoyed educational advantages should covet the opportunity of making some contribution to the solution of today's problems. The world never needed thoughtful educated men and women more than it needs them now. Perhaps our present discontents are largely due to the lack of that wisdom which would have been at our service, had a multitude of our best youth not been lost to us in the world war.

Great changes are in the making, and it is supremely important that they should not be initiated by merely prejudiced persons, nor by those who are primarily concerned to protect their own personal interests. The world is pathetically willing to learn from those who believe they know where the truth is to be found. Party allegiance never sat more lightly on most serious men, and if you believe that you can hold even a rush-light on the paths where men are stumbling you need not fear that your claims will go unheard. With multitudes of men today formulas are serving for clear thinking based on a knowledge of history and of great principles: you should be able to do something better than that. Many of your fellow-graduates from this college are taking their places in the fore-front of the struggle to achieve a greater measure of wisdom and justice. That fact is the only justification for the existence of such institutions as ours. My warmest wish for each of you is that you may be able to do 'public service' according to your abilities, and that in such service you may find one of the chief sources of a happy satisfying life.

UNIVERSITY COLLEGE 3T5 PERMANENT EXECUTIVE

J. B. Hamilton (President), Miss D. I. Fairley (Vice-President), J. H. Corrigan (Secretary),
Miss M. L. Heather (Treasurer).

Message from Class of '35 University College Here's To You 3T5!

AND so at last it's come—the time when, throwing our books, including that venerable if slightly dog-eared pal of our student days—the black leather note-books—over our left shoulder (zippee) and a pinch of salt—or is it a horseshoe?—over our right, we, the worthy seniors of '35 prepare to leave the hoary halls we have called (among other things) home, for the last few years.

It has been a momentous period in our lives. Much has happened. There have ever been rumours floating about that a world-wide depression is "just around the corner." But we have it from reliable sources (wait until you're a senior, sonny) that it is going, not coming; that it is all over but the cheering, and that what we have come to regard as an old established tradition—the bread-line—is already quite, quite *passé* (Fr.). The problem now is—what to do with our graduates. Now where will they go? At least in the line-up they were always sure of a friendly welcome from fellow-students of former years. Some had even reserved choice places in the ranks. But no longer will we see those old familiar faces on the corner. Prosperity (deep emotion) is "breaking up that old gang of mine!" Alas 'n alack—life is full of woe.

If '34 saw with wonder not unmixed with horror the arrival of the Dionnes, '35 saw the arrival of their first tooth (teeth?). It was reported that their first coherent utterance sounded suspiciously like "Goo . . . goo . . . goodale-bluy igloo—thirty-five!" (Paging Bog Ripley).

This year has seen at University College once more a Rhodes scholar; the inauguration of closer co-operation between the men and women of the college (cf. Records of Men's Lit. and Ath. Soc.); the establishment of a much-needed organization, the Music Club with its first production "Good News"; a record-breaking attendance at the Joint Meetings of the Lit. and W.U.A.; and the publication of the best "Undergraduate" Magazine yet (and we've seen some good ones). There is a record to uphold, fellow students!

And since there's nothing like giving yourself a pat on the back—here's to you 3T5! You're a grand old fla . . . (error. Swept away by our emotions we forgot for a moment just what we were doing—ah, yes—with dignity) we repeat—you're a grand old class. Much luck and happiness.

VICTORIA

To the Graduating Class of Victoria College

By Principal W. T. Brown, M.A., Ph.D.

IT IS my privilege on behalf of the Faculty of Victoria College to address a few farewell words to the graduating class of 1935. During the four years you have spent in this college, close ties of friendship have been established between you and the members of the staff, and these bonds will not be broken by your withdrawal from college halls. Rather strangely they will be strengthened. The staff, with pleasant memories of the years spent together, will follow your several careers with sympathetic interest and will welcome you whenever occasion permits your return. On your part you will recognize that you now belong to the college fraternity that you are concerned with its welfare and that you have a responsibility for the moulding of its future policies.

As you now go out into the world to face its stern realities, there are many pessimists who take delight in pointing out the chaotic condition of the world into which you enter

and the almost insuperable difficulties that confront you. While recognizing with them that there are many dark clouds upon the horizon, it seems to me that in all probability you face a truer picture of life than the classes which graduated in the decade of prosperity. Life has always had its stern side and it is well and you should recognize it. The aim of education is not to fit one for a place in a privileged class but to enable one to play a worthy part in life, no matter under what conditions that life may fall.

Whilst this depression has shaken many cherished beliefs there are others which have withstood the upheaval of the last few years and in conclusion I would recall one of them. Civilization is founded not upon material prosperity but upon the industry, the capacity, the intelligence, and the high-mindedness of its members. The tasks which lie before you are not more difficult than those which faced the sturdy pioneers of our Canadian civilization. You have had advantages in educational training which they did not have. If along with your wider intellectual view and your keener understanding, you bring to your particular task the high purpose, the firm will and the unselfish spirit of your forefathers, I have no fear but that you will honour your Alma Mater by playing your part in building a worthy civilization in this land we love.

3T5 VICTORIA PERMANENT EXECUTIVE

BACK ROW—Miss R. H. Cook (Secretary), N. G. Nichol (Vice-President).

FRONT ROW—F. S. Dingman (President), Dr. N. W. Dewitt (Honorary President),
Miss H. J. Forbes (Associate President), G. A. Affleck (Treasurer).

3T5 Victoria Permanent Executive

WITH mingled feelings, the class of 3T5 Victoria sees the sands of its hour-glass run out. Our course has not been spectacular. Neither has it been mediocre or dull. Tragedy has lifted its head more than once among us, comedy has been often with us and good-fellowship has grown enormously with the years.

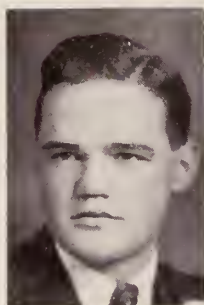

The class has been especially happy in its extra-curricular activities. From its first Bob practices, where we came together as strangers, to the various productions and parties of our final months, we have worked and played together with zest and enthusiasm. The Dramatics Club has this year reached new heights of excellence, as admirable in its work with small groups as was the main production. A graduate society is going forward that will make good use of the dramatic talent displayed by members of 3T5. We may also expect to see a graduate society formed of erstwhile stars of the Music Club, who will shine with no less brilliance in a larger sphere. We are justly proud of our athletes and our debaters, who have always done their worst—or rather their best—by their opponents.

So now, having come to the parting of the ways, we look back with joy on the happy years we have been privileged to spend, and forward with hope that we will be able to make the best of what these years have given us.

John E. Dix, president of the senior class at Victoria College, died on January the thirty-first, 1935, as the result of injuries received when he was struck by an automobile.

He was well endowed with those qualities which make for leadership. He inspired trust in his judgment, and a willing spirit of co-operation in those with whom he worked. The fact that he was president of his class and also of the Young People's Society in Washington United Church shows that these qualities were readily recognized by his associates.

Upon his graduation from Scarboro Collegiate Institute, John Dix enrolled in the classics course at Victoria College. He was a member of the Victoria Classical Club and the Victoria College Dramatic Society. He proved himself to be an intelligent and popular student, winning the respect of staff and students alike.

ST. MICHAEL'S

To the Graduating Class of St. Michael's College

By the Rev. E. J. McCorkell, B.A., M.A. Cath.U.Am.

THE product of Christian education is the supernatural man who thinks, judges, and acts constantly and consistently in accordance with the right reason illumined by the supernatural light of grace and by the example and teaching of Christ. The ideal student relies upon his reason; he is a student only in so far as he uses his reason, for the primary purpose of a university is intellectual. Culture which is the fruit of university education is a product of reason. All these statements are true, but there is this observation to be made that the reason which is here presupposed is natural reason steadied in the performance of its office by supernatural aid. Reason in fallen man does not function normally, even as reason, except under the influence of supernatural grace. It follows that one who has no contact with grace will fail not only morally but intellectually. He will fail not only as a man, but even as a student.

Herein lies the relation to the University of the Church which is the instrument of the supernatural. Newman defined that relation once for all when he said that the Church is necessary for the integrity of the University. The University loses one of its integral parts when the Church is divorced from it, for it loses its contact with the supernatural. The Church is the instrument of the supernatural; it is Christ in the world. That is the basic reason why your daily academic life as an undergraduate has been permeated with the liturgical life of the Church. Your contact with the supernatural light of grace and with the example and teachings of Christ has been made vital by daily Mass and frequent reception of the Sacraments. If you have learned this lesson well and continue to practise it, you are our ideal graduate.

TRINITY

To the Graduating Class of Trinity College

By Rev. F. H. Cosgrave, M.A., B.D., D.C.L., LL.D.

TO THE Members of the Graduating Class of 1935 on behalf of my Colleagues as well as myself I extend all good wishes for many years of happy and fruitful labour in their chosen professions. They are leaving our halls at a time when the supply of University men and women seems to exceed the demand and when remunerative positions are, therefore, difficult to obtain. It may be well to remind them that there is as much need as ever for men and women honest and courageous with knowledge and vision. Graduates with these qualities will, I am confident, have many opportunities of serving their country in an effective way.

The mere possession of a degree will not insure employment. Now more than ever University Graduates will be expected to justify themselves by showing that they possess the qualities of integrity, industry and disciplined intelligence. Fortunately there is reason to believe that in the present generation of University students there is a wide-spread interest in public affairs and a desire to take an active part in them. The future of our people depends in a considerable measure upon the supply of men and women willing to face the problems of our time with courage and informed intelligence. Only thus can democratic institutions survive.

To the Graduates of 1935 I would, therefore, say a great task awaits you, a task for which you are now partially equipped. Complete your preparation by self-discipline and in the result you will have the satisfaction of making a contribution, greater or less according to the measure of your skill and ability, to the preservation and transmission to future generations of all that is best in the life of today and to the reform of all that now mars our common life. We send you forth in high hope that your ideals will be worthy and that you will never abandon them.

COMMERCE and FINANCE

To the Graduating Class of Commerce and Finance

By Professor C. A. Ashley, B.Com., C.A.

AT THE end of last academic year, Professor Jackson retired from the position of Supervisor of the course. The end of his long period of work left us with excellent feelings between students and staff, a first class reputation, and very cordial relations with the business world.

The present graduating year (in Commerce and Finance and in Pass Commerce) has contributed materially to the first and second of these: it has been a good year academically, and it has taken a considerable share in and enjoyment from the general life of the University. The reputation of the course and relations with the business world are largely in the hands of graduates; it is confidently expected that those graduating this year will carry with them a keen sense of their responsibility.

The interest of the Department in its students does not cease on their graduating or on their finding initial employment. Through the Commerce Graduates Club and in many other ways, graduates can keep in touch with one another and with the members of the staff. In the hope that they will do this, we wish this year's graduation class happiness and success as they launch out onto wider seas.

PASS COURSE in Commerce and Finance

IN 1929 special arrangements were made for the benefit of students who had entered Commerce and Finance and had been interested only in receiving training along the lines of Commerce and Finance, and who under the new regulations regarding standing, would presently be transferred to the Pass Course. A special Course was devised for the benefit of such students with approximately the same content as Commerce and Finance. This Course may be entered only in the second year or later, and only by such students as have been through at least the first year of the Course in Commerce and Finance. This new Course is, at the present time, officially a subdivision of the Pass Course; but it is a distinct unit in itself, and has come to be known in general parlance as the Pass Course in Commerce. Students in this course as in Commerce and Finance, are members of the Commerce Club.

TEACHERS' COURSE

To the Graduating Classes in the Department of University Extension

By W. J. Dunlop, B.A., B.Paed.

TO THE graduates in the Teachers' Course, the final word is not farewell but *au revoir*, because most of them, having become accustomed to devoting their leisure time to study, proceed almost immediately to post-graduate degrees in education or to some other definite academic work.

The graduating class of 1935 in the Teachers' Course is the largest that has so far had a place in Torontonensis. Not all of the students in this Course are teachers, though most of them are; some earn their living in business, some in libraries, some in other occupations. To carry on one's duties during the day, to attend lectures and to study in the evenings or in the Summer Session, and to pass with good standing the regular examinations set for students in the Pass Arts Course means faithful work.

These graduates in the Teachers' Course have not enjoyed all the extra-curricular privileges that most Arts un-

dergraduates enjoy but they have gradually built up a university life of their own. In their course, whether in winter or summer, social and athletic activities are by no means neglected.

Having watched their progress with a personal interest, I should like to say to these graduates: "If you are grateful, as you have said you are, to the University of Toronto for the special facilities arranged for your benefit, the return you can make for what you have received is your continued loyalty, throughout the years, to your University. Do not lose interest in it. Keep your connection with it. Keep yourself informed, through the channels provided for that purpose, with the work of your University. And be ready and willing to serve when called upon to do so. Interested alumni can be of great service to any University."

The graduates of the Teachers' Course are not, like many other graduates, going out to seek positions. They have their work and now they are qualified to render better service than before. May they be blessed with abundant and continuous success!

MEDICINE

To the Graduating Class in Medicine

By J. G. FitzGerald, M.D., LL.D., F.R.C.P.

HEARTY congratulations and best wishes to the members of the graduating class in Medicine! The survivors of the class of 1935 have reached their objective and we rejoice with them in their well-merited success.

You have received much instruction, guidance and advice during your university course in medicine. The time has arrived when you can put some of it to the crucial tests of experience and experiment. Do not fail to do so! The outcome in certain cases doubtless will surprise you. If you are now ready to approach your problems objectively and with open minds there will be just cause for satisfaction. If, in addition, you are genuinely curious and are determined to be satisfied only when those problems have been solved, we will be exceedingly pleased. Medicine offers a fine opportunity for a career of usefulness. It is also a satisfaction to realize that those who are most loyal to the highest ideals and finest traditions of this profession, find abundant opportunities to combine helpful service to their fellow-men with real intellectual achievement. Could one ask for more?

One final bit of advice. Maintain and strengthen ties with your brethren in the profession. Nothing will bring you more lasting satisfaction. Keep in touch with your younger colleagues. This will prove to be mutually advantageous. And finally, don't lose your sense of humour.

My confreres in the Faculty of Medicine share with me the hope that abundant success will be yours in the years to come.

To the Graduating Class of the Faculty of Applied Science and Engineering

By Professor C. H. Mitchell, C.B., C.M.G., D.S.O., C.E., LL.D., D. Eng.

Again I congratulate a Graduating Class which is going out into the professional world, at what appears to be a difficult time. Again I say, do not be timid about what may be appearing in the picture in front of you. There is now nothing to fear, rather should we all be encouraged in the signs along the roads we are travelling and the landscape which we are facing in the steady recovery of the Country.

The signs of recovery are much more marked than they were a year ago. Indeed no signs are now needed for the course is wide open, clear and straight forward. So go out from your University with confidence. In going out, carry with you your own confidence in yourselves, your pride in your University and your high ideals to serve your country in its progress toward the prosperity which is now returning.

To carry your education and to display it with pride and dignity is the peculiar privilege of the University graduate and it is this that I would impress upon you, you men of the Class of Thirty-Five. It is something to be proud of, something which has been entrusted to you by your forebears, your University and your country and you must use it to the best advantage for the advancement of your fellow men as well as yourselves.

And, too, you are in a proud profession, one in which your learning and the development of your powers can and will be of great benefit to the country. Your efforts will bring great results in the next decades and we confidently look to you to take your full share with your comrades of your own and the other professions. All those great qualities of real men will be required for these parts you are to play and along with those of fairness, diligence, honesty of purpose and perseverance, I ask you to continue to exercise those qualities which you have developed here in your study and your desire for learning.

I wish you all success and a long life of usefulness to your Profession and Country.

Class History of 3T5 Applied Science and Engineering

THE Graduating Class this year is unique in that it was the last Freshman class of engineers to be initiated in the old School way, with nought but a potato sack and numerous murmured prayers for protection.

After which 3T5 enjoyed such prosperity in Academic, Social and Financial fields to make it an outstanding class.

As freshmen, we started off 285 strong with Doug Bruce, Bob Hewitt, and Bill Blake to lead us.

It was in our Freshman year that such good response to those easy-going year cards salesmen gave us our start to financial success.

Then in our Sophomore year, Don Ritchie, Nels Kelly, and Ron Alexander took over the helm. As sophomores we initiated, in a new manner, but in no mean way at that, our newer engineering brothers.

Nels Kelly, Jack Bowen and Rex Davey climbed to the driving positions for our Junior year, and after running things in fine style, turned the troubles and cares over to Gray Farrar, Murray Willer and Howard Marten in our Senior year.

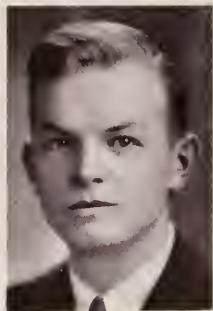

We entered this year 185 strong, and the big event was the Graduation Ball, our last undergraduate dance.

The Engineering Society was handled most capably by the 3T5 men elected to its head.

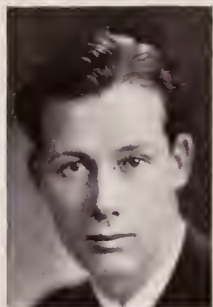

In University and Faculty sports, seldom has a single year of Engineers supplied so many of the stars.

But it is not for its individual students that 3T5 will be remembered, rather it will be because of the splendid School spirit and class unanimity which prevailed throughout the four years.

Now, with a strong Permanent Executive everything points to continued strength and good fellowship in the years to come.

DENTISTRY

To the Graduating Class in Dentistry

By Wallace Seccombe, D.D.S., F.A.C.D.

YOU are to be congratulated upon the completion of the undergraduate course in Dentistry at a time when there is a definite increase in the public appreciation of the importance of dental health service. Your training has included considerable clinical experience and thus you are well prepared to begin the practice of your profession should you decide not to interne or register for graduate study.

The graduating class this year is rather unusual in that six of its number are graduates in Dentistry from Australia. These British dentists from overseas proved themselves most adaptable, and many lasting friendships have been formed that further strengthen our present kindly feeling towards our confreres overseas.

The disturbed conditions of the past five years have resulted in such social and economic changes as inevitably follow periods of financial depression. A new emphasis has been placed upon humani-

tarian and community concepts and these, applied to dental practice, have led to a marked strengthening of public dental services. These changes have affected every class of our citizens. They have placed a greater emphasis upon the need for university graduates taking a more active part in public affairs. The practice of dentistry does not lend itself to many forms of public service, but members of the profession have found it quite practicable to serve their communities on boards of education, local councils and similar public bodies. Young graduates in dentistry are urged to keep in mind the public need for good government and stand ready to serve in such public positions when the opportunity occurs.

Every dentist who is occupying a place in the public life of Canada is in a preferred position to serve his community and his chosen profession.

Most of you have spent five happy years together. Some friendships will become cherished memories, but others, with further personal contact, will grow richer with the passing years. It is our expectation that you will continue your studies day by day, that you will so practice your profession that you may give full effect to the teachings of the Faculty and that every hour of service you render may be a valuable contribution to the health of your community. Our wish is that you will do what you can as a university graduate to broaden your knowledge and activities to help in raising the standards of the community in which you locate and that, as the years go by, you will experience an ever-increasing interest in the science and practice of Dentistry.

WYCLIFFE

To the Graduating Class of Wycliffe College

By Rev. R. B. McElheran, M.A., D.D.

ON BEHALF of the Council and Staff of Wycliffe College, I desire to express to the members of the Graduating Class of the University and to Wycliffe College our hearty congratulations, and our best wishes for success and happiness.

The unblazed trail that lies before you has at least one certainty. There will be in the very near future great and significant changes in our Canadian life. Many old things have passed away, and many things are rapidly becoming new. The educated man will have a great advantage over others, in that he will be able to adjust himself to these changing conditions with greater ease and more satisfaction than would have been possible without his University training. It is presumed that he has learned how to think, and how to think rapidly. He will have every need of this before he has proceeded any great distance along the path of life.

Our country looks to the graduates of this University for wise leadership and worthy influence in all the pressing and urgent needs of these perplexing times. If we can get the right kind of leadership, we shall emerge from our difficulties a truly great people.

We wish you "good luck in the name of the Lord".

EMMANUEL

To the Graduating Class of Emmanuel College

By Rev. Principal R. Davidson, M.A., Ph.D., D.D.

YOU are going out to do your share of the Church's work in a time of perplexity and great need. Economic and social forces are changing the face of the world, and the issue is probably far in the future. The situation is so complex, and the factors involved so numerous, and many of them so obscure, that the wise will refuse to predict what form social institutions will take before your work is done. But you know that the Church, taught by her Lord, has learned through the changing years what the moral elements are in a man's right relations to his brother-man; and you know also with what effect the Gospel of the Living God has worked, mediating to men in this world of material things the potencies of that world where the will of the Highest is done, unmarred by greed and passion and ambition.

Three years of study and play together, of living and praying together, have knit you and your professors in an intimate friendship, a friendship of confidence and high hope. We are sorry to see you go from us, but we look for the day of rejoicing when you have proved yourselves effective teachers of man's duty to man, and worthy stewards of the potencies that in Christ break through from heaven to earth.

O. V. C.

To the Graduating Class of the Ontario Veterinary College

By Principal C. D. McGilvray, M.D.V., D.V.Sc.

THE scientific development of veterinary science has been rapidly advancing during the last decade. This has been largely due to the close relationship between the studies pertaining to human and veterinary medicine. Many of the discoveries of value to comparative medicine have been made from research and experimental study in animals and many of the new advances in human medicine have been of distinct benefit to veterinary medicine. The study of diseases in the comparative fields depends essentially upon the same general principles of scientific study and application. The intercommunicability of certain diseases to man and animals has greatly stimulated the comparative study of specific diseases.

It is becoming more definitely realized and established that many of the infectious and parasitic diseases of animals may be directly

transmissible to human beings while others are conveyed through the medium of unwholesome milk and meat food products.

The veterinary profession has therefore to serve a two fold field in safeguarding the health of live stock and in assisting to safeguard human health.

These services have become of increasing significance in the public estimation through the combined usefulness of the graduate in general practice, in public health work supervising the production and distribution of wholesome milk and other food products, in government service relating to the supervision of abattoirs and meat production, the prevention and control of infectious and contagious diseases, laboratory research, clinical and experimental study of diseases.

The real need and value of a profession to society at large can be determined to a great extent by its sustained usefulness and continuity during good times and bad. During the present period of depression the general public never wavered in their support of the veterinary profession and the demand for veterinary services has increased rather than diminished. It is being more widely appreciated that healthy herds are more profitable than diseased herds and that our entire trade in live stock, milk and meat products is dependent on the health of animals. The veterinary profession has stood the test throughout these trying times as being the essential safeguard for successful live stock development and in maintaining an open door to the world's markets for live stock and their products based on a high standard of animal health.

The profession you have chosen is one requiring a high degree of scientific skill and application.

May you be successful in promoting its best interests for the benefit of those you are expected to serve diligently and well.

PHARMACY

To the Graduating Class of Pharmacy

By Dean Charles F. Heebner, Ph.G., Phm.B., F.C.I.C.

PHARMACY has for its primary object the service which it can render to the public in safe-guarding the handling, compounding, dispensing and sale of medicinal substances.

The practice of pharmacy demands knowledge, skill and integrity on the part of those engaged therein. Pharmacists are required to pass certain educational tests in order to qualify under the Pharmacy Act which restricts the practice of pharmacy to those, who by reason of special training to meet these requisites are able to qualify under regulatory requirements, and grants to them privileges necessarily denied to others.

In return the Pharmacy Act expects the pharmacist to recognise his responsibility to the community and to fulfil his professional obligations honourably and with due regard for the physical and moral well-being of society.

The pharmacist should uphold the approved legal standards of the British Pharmacopoeia and the Canadian For-

mulary for articles which are official in either of these works, and should as far as possible encourage the use of these official drugs and preparations and discourage the use of objectionable nostrums. He must sell and dispense only drugs of the best quality for domestic use and for filling prescriptions.

He should be properly remunerated by the public for his knowledge and skill when used in its behalf in compounding prescriptions and his fee for such professional work should take into account the time consumed and the great responsibility involved as well as the cost of the ingredients.

He must not sell or dispense powerful drugs and poisons to persons not properly qualified to administer or use them and should use every proper precaution to safe-guard the public from poisons and all habit-forming drugs.

The pharmacist seeks to enlist and merit the confidence of his patrons and when that confidence is won, it should be jealously guarded and never abused by extortion or misrepresentation, or in any other manner.

He must consider the knowledge which he gains of the ailments of his patrons and the confidence regarding such matters as entrusted to his honour and should never disclose such facts unless compelled to do so by law.

He should be eager to join any constructive effort to promote the public welfare, and so regulate his public and private conduct and deeds, as to entitle him to the respect and confidence of the community in which he practices.

With a cheerful farewell we wish one and all a very happy and prosperous future.

BOOK II

HART HOUSE

Hart House

THE FOUNDERS' PRAYER

"The Prayer of the Founders is that Hart House, under the guidance of its Warden, may serve in the generations to come the highest interests of this University by drawing into a common fellowship the members of the several colleges and faculties and by gathering into a true society the teacher and the student, the graduate and the undergraduate; further that the members of Hart House may discover within its walls the true education that is to be found in good fellowship, in friendly disputation and debate, in the conversation of wise and earnest men, in music, pictures and the play, in the casual book, in sports and games and the mastery of the body; and lastly, that just as in the days of war this House was devoted to the training in arms of the young soldier, so in time of peace its walls may be dedicated to the task of arming youth with strength and suppleness of limb, with clarity of mind and depth of understanding, and with a spirit of true religion and high endeavour."

HART HOUSE is so called in memory of the late Hart Massey. Begun in 1911, it was completed in 1919 and presented, fully equipped, to the University of Toronto, by the Trustees of the Massey Foundation. To Vincent Massey, Vice-Chairman of the Massey Foundation, is due the idea of Hart House, as well as the form it assumed under his personal supervision. From the autumn of 1914 until November 1918, it was used for military purposes and within its walls thousands of men were trained for service overseas. On the first anniversary of the Armistice (11th November 1919) Hart House was formally opened by His Excellency the Duke of Devonshire, who was at that time the Governor-General of Canada. Mr. Henry Sproatt and Mr. Ernest Rolph were the architects of the building which comes as near to meeting the requirements of the ideal house for student activities as any on this continent or perhaps in the world.

In its widest interpretation Hart House, which is for the use of men only and is non-residential, seeks to provide for all the activities of the undergraduate's life which lie outside the actual lecture rooms. Architecturally of great beauty and built around a quadrangle, Hart House is unique in that it houses under one roof a finely proportioned hall called "The Great Hall", common-rooms of every description, a library, a debates room, a small chapel together with rooms for the use of the Student Christian Movement, a picture gallery, print room and crafts room, photographic dark rooms, a billiard room, senior common-rooms and dining-rooms for both faculty and graduate members, an upper and a lower gymnasium (both admirably equipped), separate rooms for boxing, wrestling and fencing, an indoor running track, a large swimming pool, squash racquets courts, an indoor rifle range, extensive locker rooms, offices for the Students' Administrative Council and for the athletic and medical staff, a few bedrooms for guests and the offices and private rooms for the Warden. Below the quadrangle is a fully equipped theatre with foyer, green room, dressing rooms, wardrobe and the office of the director of the theatre. Every male undergraduate of the University is required to be a member of Hart House, towards the upkeep of which he pays an annual fee of ten dollars. The House has no endowment and these fees are its chief source of revenue.

The care of Hart House and its welfare has to a large extent been entrusted to the undergraduates themselves. There are five standing committees, namely House, Hall, Library, Music and Sketch. Each of these committees consists of two faculty members (one of whom is the chairman), one graduate member, ten undergraduates and the Warden. Eight of the ten undergraduate members are elected annually through the undergraduate membership of Hart House, the other two being elected by their own number to serve on the same committee the following

year. The gymnasia, swimming pool and the conveniences connected with athletics are under the control and direction of the Athletic Directorate. Mr. T. A. Reed, Financial Secretary of the Athletic Association, has his office in Hart House. The personnel and duties of the standing and special committees subject to the authority of the Board of Stewards are as follows:

HOUSE COMMITTEE

The House Committee is the senior of the standing committees and has charge of the general management and social activities of Hart House. Under its supervision come all regulations governing the use of the House and all plans for the comfort and convenience of its members. The billiard room, barber shop and guest rooms are under its care. The committee is also responsible to the Board of Stewards for seeing that the House is kept in good repair both as regards its structure and equipment. The annual elections of the committees of Hart House are also under the management of this committee. The Masquerade was again successfully held last November.

The members of the House Committee for 1934-1935 are: the Rev. E. C. LeBel (Chairman), Professor W. J. T. Wright, the Warden, the Assistant Comptroller, Mr. J. M. Langton (graduate representative), L. Malania (Ontario College of Education representative), G. A. Hendry (Athletic Association representative), F. L. Shipp (billiard representative), W. R. Alexander, R. J. Brennan, N. C. S. Goldring, P. B. J. Hussey, P. M. Morley, B. Penlington, B. T. Rogers, W. W. Secombe, F. W. Woods and J. W. Copland (Secretary).

HALL COMMITTEE

The duties of the Hall Committee are to exercise a general supervision over the Great Hall, the kitchen department of Hart House and the tuck shop. A large number of students use the Great Hall and the undergraduate, graduate and faculty meals as well as special functions and dinners bring the total of meals served in Hart House to a considerable number. The tuck shop is an important adjunct to this department of the House, continuing to do a popular trade.

The members of the Hall Committee for 1934-1935 are: Professor G. P. deT. Glazebrook (Chairman), Professor T. F. McIlwraith, the Warden, the Comptroller,

Mr. W. G. Hanna (graduate representative), C. L. Annis, R. G. Burrows, G. A. Campbell, J. L. Farra, L. K. Lossing, B. B. McNerney, W. S. Rogers, B. L. Smith, A. F. Taylor and R. E. Bates (Secretary).

LIBRARY COMMITTEE

The library in Hart House is recognized as one of the most beautiful rooms in the whole building. In accordance with the idea of the Founders, the Library Committee has for the past ten years been engaged in the building up of a collection of books such as might be found in a good private library and as a result of their work the room has now become a popular resort for all who like to spend their leisure hours reading the casual book. At present there are about five thousand volumes on the shelves about half of which are fiction, while the rest are composed chiefly of biography, history, languages and general literature. Additions to the library are made at regular intervals and the activities of the committee are mainly centred around the selection of new books for purchase. Some of the first editions and private press books which Hart House now possesses are exhibited in a special case in the library. This year two "library evenings" were held at the first of which Mr. C. S. Sanderson, deputy chief librarian of the Toronto Reference Library, spoke on "Reading For Fun" and at the second the Rev. Dr. J. R. P. Sclater talked on "My Leisure Reading".

The Library Committee is also responsible for the selection of periodicals for use in the reading-room and in this department of the House a wide range of weekly journals may be found, the quarterly reviews being in the library.

Mr. D. A. Sinclair (Victoria '36) as Curator is responsible for the care and checking of books, but no other supervision over the library is exercised. From the first the policy of the Library Committee has been to keep the shelves open at all times and to establish the tradition that the contents of the library are the common property of members of Hart House. It is by this means that the unique character of the library has been preserved.

The members of the Library Committee for 1934-1935 are: Professor E. K. Brown (Chairman), Professor C. Lewis, the Warden, Mr. N. J. McLean (graduate representative), D. A. Sinclair (curator), S. H. Ambrose, C. N. Brebner, C. F. Carter, C. A. Conway, A. DeMaio, G. H. Jack, A. W. M. Kirkpatrick, G. K. McKeown, F. G. Walker and K. M. Mayall (Secretary).

MUSIC COMMITTEE

The Music Committee directs and generally supervises the various musical activities of the House. The major function of the Music Committee is to arrange a number of concerts, recitals and songsters and thus to encourage and stimulate an appreciation of good music among the undergraduate members of the House. Pursuing the policy of former years, the committee has during the present academic year arranged eight Sunday Evening Concerts and a series of Friday Afternoon Recitals. The Sunday Evening Concerts, the most popular musical institution of the University, are held in the Great Hall of Hart House at 9 p.m. on Sunday evenings at stated intervals during the term. Owing to the generosity of the leading musicians of the city, undergraduates are afforded the opportunity of hearing music of the highest order and it is evident from the very large audiences which regularly attend them how much these concerts are enjoyed. On 13th January this year the one hundredth Sunday Evening Concert took place. The programme was given by J. Campbell-McInnes and Reginald Stewart who were responsible for the programme at the first concert in November 1922.

The usual series of Friday Afternoon Recitals took place from October to the end of February. These recitals have attracted a large number of undergraduates week by week.

A series of eight Songsters is held in the music room on Sunday evenings when there is no concert in the Great Hall and is conducted by J. Campbell-McInnes. From the first they have drawn a large and enthusiastic number of students. Mr Campbell-McInnes has again taken charge of the Songsters during the past year and their success is due to his brilliant direction.

The Men's Glee Club, organised last year under the direction of Allan B. Sly, this year not only presented a Friday Afternoon Recital, but also gave part of the programme at a Sunday Evening Concert in February. Mr. Sly left Toronto last spring and the Glee Club was fortunate in securing as their present director Charles Peaker.

The members of the Music Committee for 1934-1935 are: Mr. M. St. A. Woodside (Chairman), Professor M. D. Tait, Dr. E. A. C. MacMillan, the Warden, Mr. F. R. MacKelcan (graduate representative), P. A. Bridle, G. W. Cairns, R. L. Campbell, P. Cremasco, D. C. Geddes, N. F. Langford, H. V. Rice, C. H. Stangeby, J. G. Warden and H. J. Bright, (Secretary).

SKETCH COMMITTEE

The Sketch Committee is responsible to the Board of Stewards for the art activities of Hart House. They include control of the sketch room and the print room and the holding of exhibitions therein, the winter loan exhibition hung in the principal rooms of the House, the management of art classes under an artist and

the occasional purchase of pictures. Frequently artists whose pictures are on display are invited to give short talks on their work. Further a series of discussions on various phases of art are arranged. In this connection Professor John Alford, the first occupant of the recently established chair of Fine Art in the University, gave a series on "What Does the Artist Aim At?" After Christmas a further series was held when the speakers were Martin Baldwin, Mackenzie Waters and A. S. Mathers.

The exhibitions during 1934-1935 have included a group of oils and water-colours by F. S. Haines and F. H. Brigden; oils, etchings and sketches by Dorothy Stevens; oils by Carl Schaefer; Eric Gill woodcuts; oils by Mrs. Eliot and her son and daughter; historical studies by C. W. Jefferys; the annual photographic exhibition arranged by the Camera Committee; international water-colours; an exhibition of work by undergraduate members; work by the Sculptors' Society of Canada; an exhibition of work by senior members and a display of English posters.

At the close of the previous year Hart House purchased "Cheam" by W. P. Weston and the graduating year of 1934 presented "South Shore, Quebec" by Yvonne McKague. "October Shower Gleam", an outstanding canvas by the late J. E. H. MacDonald, was purchased from the Murray and Harold Wrong Memorial Fund.

The art classes held in the sketch room during the winter under the direction of H. S. Palmer have again proved very popular.

This year with a grant from the Massey Foundation a crafts room was established in the room adjoining the camera quarters where provision was made for doing etchings, lino-cuts and modelling, and for wood carving and other crafts. This experiment which met a very definite need has proved highly successful.

The members of the Sketch Committee for 1934-1935 are: Professor E. A. Havelock (Chairman), Mr. W. E. Carswell, Professor H. R. MacCallum, the Warden, A. Goggio (Keeper of the Prints), A. H. Armstrong, R. A. Daly, S. N. Golder, G. R. Hall, J. A. Kemp, D. V. LePan, O. J. Rowe, F. N. Smith and J. R. Sime (Secretary).

CAMERA CLUB

The Camera Committee which is a special committee of Hart House is responsible for the management of the dark rooms, the care of photographic equipment and the general encouragement of photography among the members of the House. The committee entered a group of pictures in the first annual Canadian International Salon of Photography at Ottawa during December and some of the prints were accepted for showing throughout Canada. In January the annual exhibition of photography by members of Hart House was arranged in the sketch room and proved to be one of the most popular shows of the year.

The members of the Camera Committee for 1934-1935 are: Professor A. F. Coventry (Chairman), the Warden, Mr. W. F. Haehnel (graduate representative), R. E. Brobst, H. C. Carrique, K. R. Hymmen, J. R. Macdonald and G. F. M. Smith (Secretary).

SQUASH RACQUETS COMMITTEE

The Squash Racquets Committee which is a special committee of Hart House is responsible to the Board of Stewards for the general control of the squash courts. The game continues to grow in popularity and several hundred members of Hart House are regular players. The Inter-Faculty and Individual Tournaments were again held and the names of the winners of these tournaments were inscribed on the boards placed in the gallery. Hart House entered the City Inter-Club Tournament after Christmas and matches have been played on Saturday afternoon. Hart House was represented at the Canadian Squash Racquets Championship in February and at the Ontario Squash Racquets Tournament in March and won the Provincial championship.

The members of the Squash Racquets Committee for 1934-1935 are: Mr. A. B. Fennell (Chairman), the Warden, Mr. N. F. A. Scandiffo (graduate representative), B. S. Leibel, A. A. Mutteroff, M. J. Pasternak, C. G. Robinson and J. V. McCutcheon (Secretary).

DEBATES COMMITTEE

On the 31st January 1924 the first debate ever held in Hart House took place under the management of an informal committee appointed for that purpose. This debate was held on the open parliamentary system and special Rules of Procedure were drawn up by the committee. The debates room in Hart House was arranged as far as possible similar to the Provincial or Federal House. The Speaker's chair was placed in a central position, members for the motion being on his right and those against the motion on his left. After the four speakers "on the paper" had finished their speeches the debate was open to any member who having caught the Speaker's eye might then rise and address the House. At 10.30 p.m. the House divided on the motion. There were no judges and the whole procedure was a definite attempt to get away from the competitive type of debate which is really an oratorical contest by which a team of three men from one university or faculty tries to win a victory over a team of three men from another university or faculty. The aim of debates held under the Hart House system is to encourage real debating in contrast to the delivery of speeches carefully prepared for weeks beforehand and also to encourage among undergraduates an interest in public affairs by discussing questions of general interest across the floor of the House with the country's ablest men. Among visitors who have spoken "on the paper" or from the floor of the House are the Hon. E. C. Drury, G. S. Ewart, K.C., the Rt. Hon. W. L. Mackenzie King, the Hon. J. W. Nickle, K.C., the Hon. Hugh Guthrie, the Hon. Manning Doherty, the Hon. G. Howard Ferguson, Miss Agnes Macphail, M.P., Samuel McBride (ex-mayor of Toronto), E. J. Garland, M.P., the Hon. G. S. Henry, the Hon. Ernest Lapointe, J. S. Woodsworth, M.P., the Rt. Hon. R. B. Bennett, the Hon. H. H. Stevens, Professor Stephen Leacock and representatives from the Oxford and the Cambridge Debating Unions.

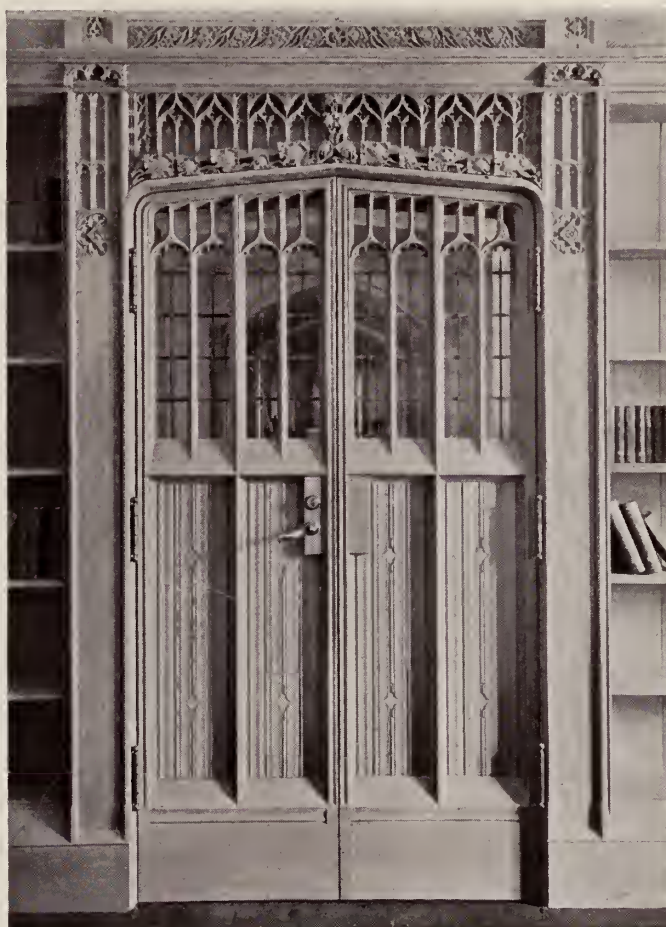

The members of the Debates Committee for 1934-1935 are Professor E. W. McInnis (Chairman), Professor C. A. Ashley, the Warden, Mr. D. J. Walker and Mr. E. M. Reid (graduate representatives), A. D. Harris, S. M. Hermant, A. D. B. Marshall, N. M. Pivnick, S. F. Rae, A. R. Tilley, J. S. Woods and A. C. Smith (Secretary).

GRADUATE COMMITTEE

The Graduate Committee which is a special committee of Hart House is responsible for the activities of the senior members. Dinners held at certain intervals throughout the year and the Graduates Ball which takes place on New Year's Eve are organized by this committee. It has a general supervision over the graduate

athletic activities as well as the graduate dining-room and sitting-room. The committee is elected at the annual meeting of senior members of Hart House in March of each year. Owing to the initiative of this committee a beginning has been made in building up a collection of plate for use at the high table on formal occasions.

The members of the Graduate Committee for 1934-1935 are: Mr. D. G. Ferguson (Chairman), the Warden, A. M. Bell, J. T. Bryden, D. B. Dingle, C. A. Farewell, J. R. Mooney, Dr. A. A. Somerville, A. B. Ward, the Comptroller, the Assistant Secretary and C. R. Delafield (Secretary).

BOARD OF STEWARDS

The Boards of Stewards is the governing body of Hart House and is so constituted as to include among its numbers the secretaries of the six standing committees and representatives of the chief organizations in Hart House. Subject to the superior authority of the Board of Governors of the University the direction, management and administration of Hart House, including matters of discipline, are entrusted to the Board of Stewards. The Board is assisted by a Finance Committee which makes recommendations with regard to financial matters. The general supervision of the whole House is entrusted to the Warden, who is appointed by the Board of Governors of the University and is ex-officio chairman of the Board of Stewards. He is assisted by the Comptroller of Hart House, J. R. Gilley (S.P.S. '21), the Assistant Comptroller, W. R. Cowan (S.P.S. '24), the Secretary of Hart House, C. R. Delafield (U.C. '30), and the Assistant Secretary, D. L. Emond.

In February Hart House sustained a very serious loss in the untimely death of Dr. W. L. Grant, Principal of Upper Canada College and a trustee of the Massey Foundation. Dr. Grant had been deeply interested in the affairs of Hart House since its earliest days.

The members of the Board of Stewards for 1934-1935 are: the Warden (Chairman ex officio), the Rev. Dr. H. J. Cody, the Hon. Vincent Massey (representative of the Board of Governors), Professor H. Wasteneys and Professor K. B. Jackson (representatives of the President), Mr. T. A. Reed (financial secretary of the Athletic Association), Professor J. E. Thomson (Faculty Union), Mr. D. G. Ferguson (Graduate Committee), I. M. Hilliard (Student Christian Movement), A. H. Squires (Athletic Directorate), A. R. Tilley (Students' Administrative Council), J. W. Copland (House Committee), R. E. Bates (Hall Committee), K. M. Mayall (Library Committee), H. J. Bright (Music Committee), J. R. Sime (Sketch Committee) and the Comptroller (Secretary).

STUDENT CHRISTIAN MOVEMENT

The work of the Student Christian Movement has shown great activity during the past year. In October took place the first conference of the students of all Protestant theological colleges in the university. During November a series of addresses were arranged in the music room. A number of study groups were organized and met each week during the winter. Holy Communion was celebrated regularly in Hart House Chapel and was attended by many undergraduates. Special speakers visited the university from time to time.

In February the Rev. L. A. Dixon under whose direction the religious life of Hart House has developed steadily accepted the important parish of Orillia.

DOUGLAS DOW

FEW undergraduates can have had a more distinguished career at the University of Toronto than Douglas Dow. In character, intellect and physique he stood out among his fellows. Douglas Dow entered the university in the autumn of 1922 and enrolled in the Faculty of Applied Science and Engineering. Throughout the four years of his course his academic standing could hardly have been more distinguished. He had little difficulty in obtaining first class honours and as an engineer he was a marked man and had every prospect of a brilliant career. In athletics his fine physique and a natural aptitude for games soon won him a place in the Varsity rugby team and his skill and massive frame proved of immense value at crucial moments in many a hard fought intercollegiate match.

But it was the character of the man which marked him out. Sincere in his relationships, reliable in everything he undertook, possessing a sound judgment and blessed with a sense of humour, his influence was invariably thrown into the balance for all that was true and of good report. His fellow students recognized his outstanding qualities as a man when they elected him as President of the Engineering Society in his final year and thus paid him the highest honour in their power to bestow. It is not surprising that Douglas Dow was elected a Rhodes Scholar in December, 1925. He was almost the first engineering student to win this distinction and it is a tribute to the place he had made for himself in the university that the appointment met with instant and universal approval.

Up to this point it might be said that, according to human standards, Douglas Dow's career had been an unqualified success. But the time of severe testing was at hand and he was not found wanting. The insidious disease which for so many years laid him low was discovered at Christmas, 1925—just a month after he had been elected to the Rhodes Scholarship—and instead of enjoying life at Christ Church, Oxford, where he had been accepted he spent many weary months confined to bed and undergoing operation after operation at Gravenhurst or in hospital at Toronto and Kamloops. But now as never before he triumphed. It would seem that his character, noble in the time of strength, had to be made perfect in weakness. With unfaltering courage and patience he met every blow without complaint and with a cheerful word on his lips. To many and not least to the writer of these lines Douglas' life during these years of suffering and disappointment was an inspiration. Of him it might truly be said:

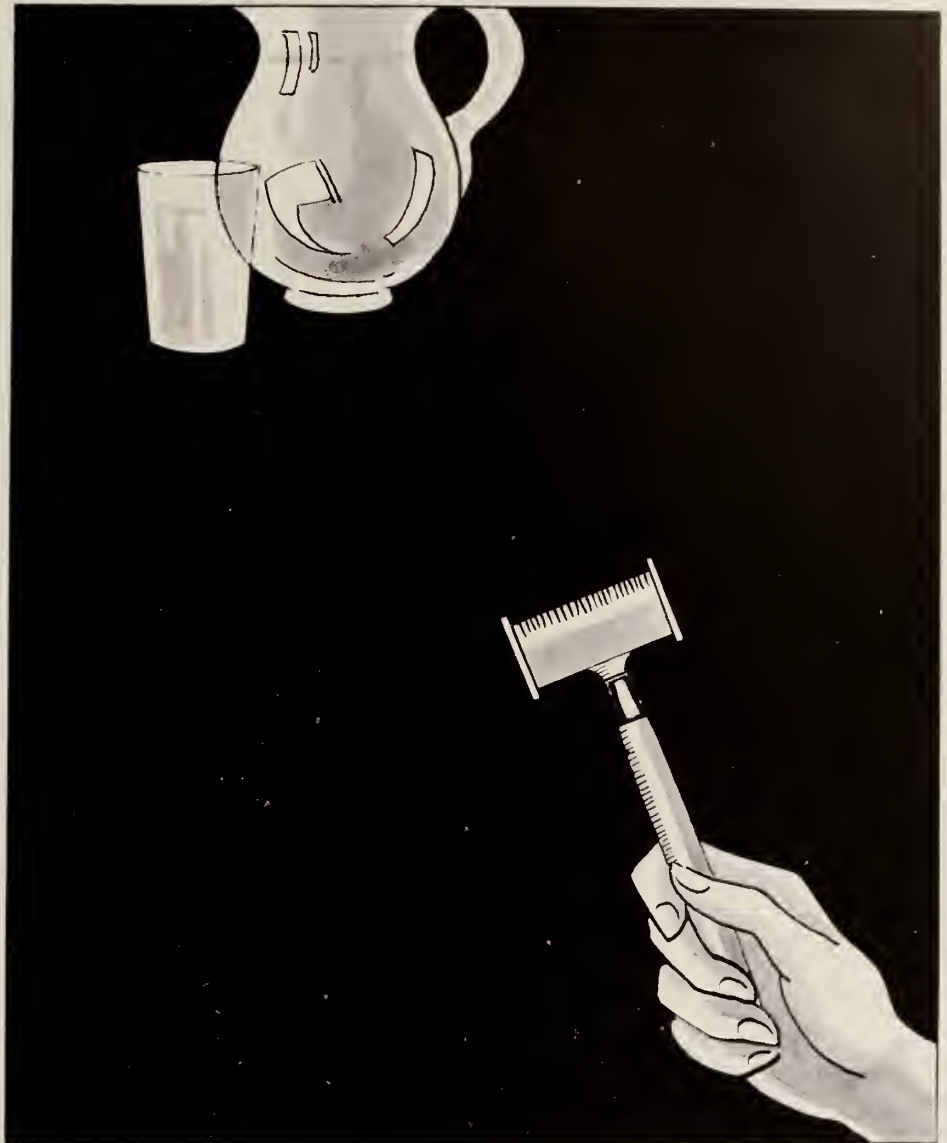

"To suffer woes which Hope thinks infinite;
To forgive wrongs darker than death or night;
To defy Power, which seems omnipotent;
To love and bear; to hope till Hope creates
From its own wreck the thing it contemplates,
Neither to change, nor flatter, nor repent:
This, like thy glory, Titan, is to be
Good, great and joyous, beautiful and free;
This is alone Life, Joy, Empire and Victory."

During the first few months of 1932 Douglas Dow's health showed a miraculous improvement and as he had already done some teaching before coming to the university he decided that he would like to take up this profession again. The Rhodes Trustees showed their faith in him by making him a special grant to enable him to obtain further training. For the past year Douglas has been teaching in the High School at Enderby where he was surrounded by the love and admiration of the boys and girls with whom he was brought in contact. Then with lightning suddenness came the end and Douglas, having finished his course with incomparable gallantry, received his crown and passed on into the fullness of life. What he did, and still more what he was, will remain for years to come an inspiration to those who were honoured with his friendship.

The Joint Executive, Students' Administrative Councils

THE members of this year's Joint Executive may look back with satisfaction on their work. Various knotty problems arose from time to time and were settled as satisfactorily as possible, due to the willingness of all members to co-operate for the best interests of the University as a whole. The Council is much indebted to its President, Mr. N. H. Shaw, for his loyal support and disinterested rulings and for the unusually expeditious way in which the meetings were conducted, although ample consideration was given to every problem. The timely contributions of Professors Chant and Cockburn to the deliberations of the Council, were also much appreciated.

The various standing committees have functioned admirably, with the heaviest burden falling on the Publications Committee, under Mr. C. E. Auger, as Commissioner, due to one or two unhappy sessions with "The Varsity". That the year ended amicably after relations had been strained to the limit, speaks well for the co-operative spirit of those involved. The Finance Committee under Mr. D. G. Ritchie, has again guarded the financial interests of the Council well, and it is hoped, that even with the burden of various unexpected expenditures, the year will finish within the budget limits. The Debates Committee, with Mr. A. R. Tilley as Commissioner, has had a particularly active and successful year. In addition to sponsoring an N.F.C.U.S. debate with the touring Oxford-Cambridge team, an intercollegiate debate at McGill and a most successful series of radio debates were carried through. Mr. J. L. Farrar acted as the representative of the Council on the Athletic Directorate and was also Commissioner of the Committee on Sporting Activities. This Committee administered the fund provided for the equipment, travelling and concert of the University Band and for the Cheerleaders and their activities. The Council representative to the Board of Stewards of Hart House was Mr. A. R. Tilley. The two Vice-Presidents, Mr. S. M. Hermant and Miss Mary Salter ably fulfilled their duties, with Mr. Hermant also acting as N.F.C.U.S. representative.

The Council again was entertained at a most enjoyable dinner by Dr. and Mrs. Cody in October, and in turn acted as hosts to the Masthead of "The Varsity" at a dinner and bridge at the Royal York on November 2nd. The next week the touring N.F.C.U.S. debaters from Oxford and Cambridge were the guests of the Council at the supper dance at the Royal York.

The Undergraduates Loan Fund maintained by the Council now amounts to \$5500., of which \$2000. was loaned this year. Since the establishment of the fund in 1932, ninety-three loans have been made, and have, in every case, assisted students who could not otherwise have completed the year. Mr. J. J. Gibson of the Board of Governors, has generously acted as Chairman of the Loan Fund Committee. The Council paid for one-half the publication of the University Directory, and will also finance the annual graduation Garden Party. A contribution was also made to the work of the I.S.S. and to the University Orchestra for its concert.

UNIVERSITY COLLEGE LITERARY AND ATHLETIC SOCIETY EXECUTIVE, 1934-35

BACK ROW—H. L. Rowntree (3rd Year President), E. T. Bell (4th Year President), A. C. Smith (Secretary), P. A. Bridle (Treasurer), J. R. Taylor (1st Year President), F. D. L. Stewart (2nd Year President), A. G. Rankin (Assistant Secretary-Treasurer).

FRONT ROW—J. B. Hamilton (Athletic Director), S. M. Hermant (President), G. A. McGillivray (Honorary President), N. M. Pivnick (Literary Director), S. F. Rae (Social Director).

University College Literary and Athletic Society

UNDER the guidance of Mr. George McGillivray, Honorary President, an executive the chief characteristic of which was previous experience on the executive, the "Lit" has had a successful year. Two of the open meetings were addressed by Warden Bickersteth and Mayor James Simpson of Toronto, respectively, while one was given over to the entertainment of the members of the Women's Undergraduate Association. The fair sex reciprocated by entertaining the Society with libellous skits and a dance at the Women's Union in February. At the nomination meeting in March the Mirsky Brothers of 3T6 won the Robinette Trophy.

The Parliamentary Club had an active year, and gives promise that U.C.'s unquestioned present supremacy in debating will be maintained. Under the guidance of Mr. Gerald Levenston, Editor-in-Chief, the "Lit" in conjunction with the W.U.A. published the best Undergraduate Magazine in years, and thanks to a financial *leger-de-main* evolved towards the end of last year, free copies were given to every man in the college.

Mr. Arnold Smith, the Secretary, brought the "Lit" Executive its third Rhodes Scholarship in five years.

The U.C. Players' Guild has had much success this year, and in addition a new departure was witnessed in the production of the musical comedy "Good News", as a result of joint action and co-operation between the "Lit" and the W.U.A.

Members of the Graduating Year were entertained in March by the "Lit" at a graduation banquet. Mr. J. M. Macdonnell delivered a stimulating address.

In Athletics, University College has been active as usual. The Senior Volleyball Team won the Interfaculty Championship, while the U.C. Soccer Team very nearly won its league. The Athletic Board, under Mr. Jack Hamilton, Athletic Director, has functioned admirably.

The Social Department has had an unusual year. The Fall Dance proved a decided social success, and its rather heavy financial losses were recouped by the profits on what was undoubtedly the best U.C. Follies in many years. The Arts Ball had, unfortunately, to be cancelled. A Committee under Mr. Frank Woods and Mr. Saul Rae, has prepared a report on social affairs in the College, which should prove valuable to future Social Directors.

Under Mr. Paul Bridle, the Treasurer, the Society's financial position throughout the year, has been sound, and its budget balanced.

UNIVERSITY COLLEGE WOMEN'S UNDERGRADUATE ASSOCIATION

TOP ROW—Donnie MacEachern, Dorothy Fairley, Margaret Heather, Elizabeth MacPherson, Kay Dewar, Betty Smith, Freddie Chapman, Marion Ridout, Marjorie Carter, Betty Bealey.

BOTTOM ROW—Mrs. W. R. Taylor (Honorary President), Audrey Smith, Joyce Arnold, Mary Salter (President), Kay Denne, Doris MacDonald, Miss M. Ferguson.

ABSENT—Eileen Parr.

University College Women's Undergraduate Association

THE Women's Undergraduate Association is the self-government organization of the women students of University College. The executive council is composed of an honorary president, a president, a secretary, a treasurer, an athletic director, a music convenor, the four year presidents, the four heads of the residences, and representatives from the S.C.M., the Debating Union, and Social Service.

The W.U.A. supervises all athletic and social activities for the women of the college. A house party and an initiation for the freshies is held at the beginning of each year. The annual contest for the St. Margaret's Alumnae Oratorical Prize is also conducted by the W.U.A.

This year four Sunday afternoon musicales were held at the Women's Union and a joint meeting with the Literary and Athletic Society. A series of lectures on eugenics were delivered during the spring term by Dr. Gwen Mulock. A Music Club was also organized which gave, as its initial presentation, "Good News".

A decided effort was made throughout the year to arouse greater interest among the women as a whole in the W.U.A.

VICTORIA COLLEGE UNION EXECUTIVE

BACK ROW—C. Morton Devitt, George H. Dickie, Ross H. MacDonald.

FRONT ROW—Miss Helen L. Babe, Eliot M. Auger, Chanc. E. W. Wallace, Miss Helen J. Forbes, Miss Marion I. Pixley.

The Victoria College Union

THE Victoria College Union is composed of all under-graduates of Victoria College, and its executive administers all affairs pertaining to the student body as a whole. In addition the Union is the nucleus of a large number of federated societies, and exercises in this capacity a co-ordinating and unifying influence upon all college activities.

Among the direct concerns of the executive each year is the financial welfare of the Victoria College Debating Parliament, of the Women's Literary Society, and of Acta Victoriana. So far this year these three organizations are reported to be operating efficiently within their budgets, and are all enjoying increased interest and support from the students of the college.

The V.C.U. Executive is in direct charge of the Scarlet and Gold dances. There is no better indicator of their success than the fact that a complete sell-out of tickets was made at every one of them this year.

At the moment the Executive is busily engaged in preparations for the Annual Victoria College At-Home, and are confident that it will measure up to the high standards of past years.

After careful investigation, the Executive has decided this year to abandon the Senior Reception. This traditional function outlived its usefulness some years ago. A deservedly popular affair in the days before dancing was sanctioned by the faculty, it has been gradually declining in attendance and interest in the face of an ever-increasing number of college dances. Certain of its traditional features, such as presentation of the Senior and Athletic Sticks, are, by the generous co-operation of the faculty, being incorporated into their ever-popular Senior Dinner.

Some changes in the Constitution of the V.C.U. are in process of approval by the open sessions of the V.C.U., and it is hoped that these will facilitate administration for next year's executive.

The executive this year also plans to have the Constitution printed so that it will be available to a far greater number of students than ever before.

ANNESLEY STUDENT GOVERNMENT ASSOCIATION EXECUTIVE

BACK ROW (Left to Right)—Jean Randle, Ruth Leavens, Margaret Macdonald, Aileen Hancock, Norma Thompson, Dell Smith.

FRONT ROW (Left to Right)—Helen Newberry, Isabel Weddell, Jean Blundell, Miss Jessie Macpherson, Dean of Women, Jean Beatty, Beth Good, Margaret Jackson.

ABSENT—Isobel Sim.

Annesley Student Government Association

IN THE year 1912 the Annesley Student Government Association had its origin in a petition sent to the Senate of Victoria College. The petition expressed the feeling then prevalent among the students "that it was highly advisable to assume individual and community responsibility in the life and the conduct of the women's residences". It was founded upon an agreement between the authorities of Victoria College and the resident women students, which agreement entrusted to the latter the management of all non-academic matters pertaining to conduct in residence.

Each resident woman student in Victoria College is subject to the legislation of the constitution of "Asga" and is thus a member of the association. Representation from each of the four years as well as from each house produces a spirit of active co-operation between the members and the Executive and is one reason for the success attained since the inauguration of the system. Added to this is the sympathetic support given to the organization by Miss Jessie MacPherson, the Dean of Women and the Dean's Council.

The year 1935 has seen the development of a revised set of rules for the government of life in residence. As yet this legislation has not come into power but "Asga" is looking to it as a step towards that gradual freedom which every student seeks.

THE COUNCIL OF THE TRINITY COLLEGE LITERARY INSTITUTE, 1934-35

BACK ROW—E. A. Welch (Keeper of the Mace), G. Ignatieff (Debating Secretary), W. H. Broughall (Curator), J. H. Osler (Clerk of the House), F. E. V. Pilcher (Assistant Treasurer), W. R. R. Sutton (2nd Vice-President).

FRONT ROW—G. H. Johnson (Secretary), J. L. Jeffries (President), A. R. Tilley (Speaker), L. H. Morgan (1st Vice-President), A. F. MacLaren (Treasurer).

ABSENT—W. G. Greenfield (Assistant Secretary).

The Trinity College Literary Institute

THE Trinity College Literary Institute has the distinction of being older than the College itself. When the students of the Theological Seminary at Cobourg entered Trinity at its inauguration, they brought with them the debating society which they had previously organized. The old minute books show the change in name and locality, but otherwise the history of the Institute is continuous for over ninety years.

From the beginning, weekly debates have been held during the Academic Year. These discussions, generally serious yet often in lighter mood, are powerful factors in the shaping of Student Opinion. Any member may speak on whichever side of an argument he desires. The opportunity so provided to clarify his own thoughts by attempting to persuade others is invaluable as conducing to clear and direct thinking. Many men now prominent in Church and State owe much to this influence of the "Lit."

On the floor of the House, Graduate and First-Year Men meet on common ground. There is no distinction between members, except in the courtesy extended to the Freshman who is not yet sure of himself. The need even for this soon disappears as self-confidence develops.

The Parliamentary organization of the Institute permits the introduction of innovations without serious disruption. Thus, a "National Government" and a very temporary "Dictatorship" have been established in recent years, in harmony with foreign politics. After serving their purpose as temporary diversions, such aberrations pass, and the "Lit." goes its way in dignified toleration.

ST. HILDA'S HOUSE COMMITTEE

BACK ROW—F. Evans, M. Hall.

FRONT ROW—E. Ardagh, Miss Cartwright, C. Gisborne.

The St. Hilda's College House Committee

THE House Committee of St. Hilda's College is composed of Miss Cartwright, Dean of Women and Principal of the College, the Head of College and the Heads of the three lower years, who are chosen by the academic standing on which they enter college.

This committee meets every two weeks and has complete authority over all student activities as well as giving the final decision in all disciplinary matters.

St. Hilda's is governed by the year system, under which each year is a separate unit within the whole, having its own duties and responsibilities. The Head of the fourth year is Head of College and President of the College Meeting, the Head of the third year is Secretary, and the Head of the second year, Treasurer. The College Meetings are held once a month to afford the undergraduates an opportunity to express their views on matters of current interest concerning St. Hilda's.

From the fourth year, with few exceptions, are elected the heads of the various organized societies and this year is also responsible for the management of the College. The third year assists the seniors in maintaining College discipline, while the Sophomores are responsible for the training of the Freshies, who are given various House duties which they must perform.

The Literary Society sponsors two Inter-year competitions, one in debating and one in dramatics, both of which are keenly contested and provide a splendid opportunity for the development of ability along these lines.

The Women's Auxiliary organizes each year a Bazaar and Tea, the proceeds of which go to aid missionary work, and undertakes considerable sewing and knitting for charitable organizations. During the year, a number of receptions are held at St. Hilda's, each year gives a formal dance, and the Sophs and Juniors entertain for the Seniors.

MEDICAL WOMEN'S UNDERGRADUATE ASSOCIATION AND S.C.M. EXECUTIVES
 BACK ROW—F. Palmer, G. Maloney, B. MacQuarrie, M. Wilfrid, M. Albertson, D. Redmond.
 FRONT ROW—J. McGeachy, M. Harcourt, M. Davis (President), C. Small (President S.C.M.),
 A. L. Jamieson.

Medical Women's Undergraduate Association

THE M.W.U.A. was first organised in 1907 for the purpose of furthering social relations and the interests of the women undergraduates in Medicine.

Activities this year have been many and varied. The Initiation for the Freshies began with a beautiful and impressive candle-lighting ceremony, and a word of advice and encouragement from the president, Miss Marjorie Davis. Rough and ready treatment, *ex consuetudine*, became the order of the next few minutes, followed by skits presented by the victims. Refreshments brought the evening to a happy close.

Dr. Ann Curtin
 Hon. Pres., Medical
 Women's
 Undergraduate
 Association.

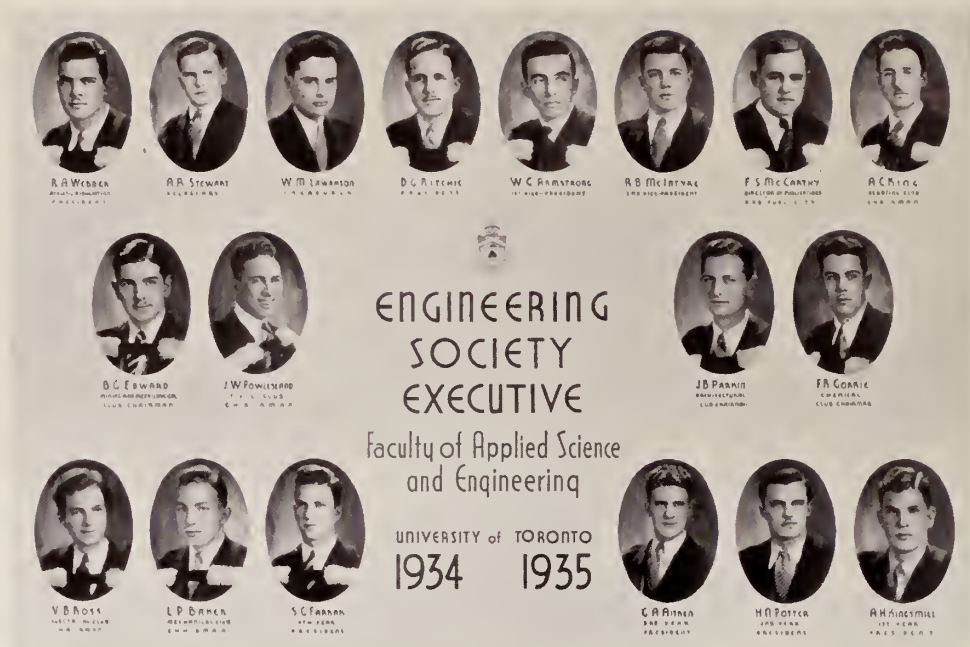

During the Fall term, two very successful teas were held, the second one being especially interesting, when the Association was entertained by Dr. Blatz at the Nursery School.

The Christmas Party, held conjointly with the other Medical Women's Societies, was well attended and a huge success.

We are very fortunate in having as our Honorary President this year, Doctor Anne Curtin, who in her student days was the instigator of the now famous "Nabob Tea", at which the women undergraduates entertain the Faculty and Women Graduates. Newman Hall proved to be an ideal place for the function this year, when Staff and Students met on a less stern basis than in class and clinic, to their mutual enjoyment.

The Daffydil Banquet brought the usual enjoyable evening, during which Athletic awards were presented.

Our final meeting for the year consists of a Farewell Party for our Seniors, the *pièce de resistance* being a stunt to show them "themselves as ithers see them" followed by presenting them with small tokens to remind them of College Days.

The Engineering Society

THE Engineering Society is the representative of the undergraduate members of the Faculty of Applied Science and Engineering. The Society had an active membership this year of 796 students. It came into being on February 16, 1885, largely through the efforts of their student body and head of the Faculty. During the first few years of its existence the President was the Principal of the Faculty. In 1888, it was felt that the student body was capable of handling its own affairs, and consequently the constitution was altered so that the entire executive was elected from the undergraduate body. The system has continued and the election of officers is held every year prior to the end of the session.

Each person on registering in the faculty automatically becomes a member of the Society, and graduates are considered as life-members. Administration of School affairs is handled by the Engineering Society Executive which, by constitution, consists of the following officers: President, First and Second Vice-Presidents, Secretary and Treasurer, together with the four Year Presidents and the Chairmen of the seven federated departmental clubs, the President of the Athletic Association, and the Director of Publications and Publicity.

The President is authorized to call mass meetings, he is a member of the Students' Administration Council, an ex-officio member of each club executive, and an ex-officio member of the Alumni Council. He presides at all Engineering Society Executive and open bi-monthly meetings. The Vice-President is the head of the social activities of the Society. The Annual School Dinner and School Nite committees are directly responsible to him. The Second Vice-President is the Supply Department manager. This store which is a part of the Engineering Society offices, stocks all current academic necessities except text-books.

The Society has two publications, "Transactions and Year Book", published in the Spring of each year, and that inimitable paper, Toike Oike, which is issued now and then as an occasion warrants. These issues, together with any publicity, are directed by the Director of Publications and Publicity.

The administration of School athletics is in the hands of the President of the Athletic Association.

On the whole, the object of the Engineering Society is to be typical of a really efficient engineering organization, to serve the highest interest of Schoolmen, and form a constructive part of the undergraduate's life.

Students' Parliament—Faculty of Dentistry

THE Students' Parliament comprises all the students enrolled in the Faculty. Its purpose is to provide an official channel of communication between the staff of the Faculty, the governing bodies of the University and the student body. It is the medium through which the undergraduates are represented in social, athletic and literary activities. Meetings are held at least once a month during the school term.

The Executive of the Students' Parliament is known as the Cabinet, which consists of the President of Parliament and twelve members, comprising the class presidents of the five years, as well as the presidents of the other undergraduate activities. These offices are filled by a majority vote.

In general, the constitution is modelled on that of the Students' Administrative Council.

WYCLIFFE COLLEGE LITERARY SOCIETY EXECUTIVE

BACK ROW—A. W. Emmet (Treasurer), J. W. Donaldson B.A., S.C.M. (Chairman), S. A. R. Wood (Gov. Leader).

FRONT ROW—F. J. Coleman, B.A. (Speaker), F. C. Jackson, B.A. (President), R. S. Morrissey (Opposition Leader).

Wycliffe College Literary Society

“THE old order changeth.” This year the Society introduced an innovation adopting a party system of Government. Two parties were formed, the Student Co-Operative Party under the leadership of Mr. R. S. Morrissey and the Nomothetic Theological Party under the leadership of Mr. S. A. R. Wood. The former were elected to office in March 1934, continuing in power until they were overthrown in November last, when President, Mr. F. C. Jackson, B.A., called on the leader of the opposition to form a Cabinet.

The notable guest speaker of the year was Rabbi Maurice Eisendrath, who gave an address on the situation in Germany. The Society enjoyed other entertaining events such as illustrated lectures, addresses, and a mock Convocation. One of the most enjoyable evenings was spent by the members of the society and their friends in attendance at the concert given by the Hart House String Quartet in Convocation Hall in December.

The debates aroused considerable interest this year. In February, Huron College sent a team to debate against Wycliffe on the subject: “Resolved that social questions should be discussed from the Pulpits of the Church of England in Canada.”

Under the capable guidance of Mr. P. R. Beattie “Cap and Gown” has enjoyed a successful year, maintaining the high standard of recent years.

The outstanding social event of the year was the Formal Dinner which replaced the usual annual “At Home”. About one hundred and twenty guests attended. Toast to the Church, the University, and the College were the order of the evening, followed by community singing under the leadership of Mr. J. Campbell MacInnes.

Under the new Party System the Society has had a programme of varied interest, and, thanks to the excellent support given by the members, the year has been a most successful one.

Students' Administrative Council, St. Michael's College

THE Student Council of St. Michael's College welcomed the return this year of a former superior, to the presidency of the College: Rev. Fr. McCorkell, as well as the largest student body that has ever been in attendance.

The freshman reception, October the third, featured by the song fete of Mr. Campbell McInnes, was but the start of an active year, which included the organization of, and entertainment of Dramatic, Music, Debating and Athletic clubs.

Dramatics attained a new and greater development under the direction of Father O'Donnell, which shared the limelight with the orchestra directed by Father Sharp.

Debating reached a new zenith with the return of parliament, and the entrance of a team in the Inter-University Debating League.

The Athletic Directorate featured its greatest year with the return to Inter-Faculty Athletics. The teams representing the college were no less successful than the smoker presented by the Directorate in Hart House.

The Arts Banquet added its color and usual touch of finesse to the culmination of the events of the year. Faculty and students alike shared the unusual character of the occasion.

The council wishes to express its thanks to the Student Body and Faculty, especially Father LeBel, our faculty advisor, for their co-operation in every activity promoted by the Council, and wishes equal success to the Council of 1935-36.

Ontario Veterinary College Students' Administrative Council

THE Students' Council which represents the Students Body is composed of three Seniors, three Sophomores and two Freshmen, making a total of eleven members.

By the formation of this Council we have a recognized means of communication between College and Civic authorities, and the Student Body. The Council aims to promote a feeling of good will and sportsmanship among the students, to aid them in every way and to form a close relationship between the students and faculty.

In 1933 an Athletic Association was formed within the College and since then there has been much more active competition in inter-year sports. In the near future we hope to obtain a charter and then enter intercollegiate sports.

The Science Association has been a very active organization. Many interesting papers were read and accepted. A distinguished guest speaker is usually in attendance at each meeting.

The numerous Vet. dances held throughout the year help us to carry on with an air of happiness and content, while trodding the road to knowledge and success.

The Council gladly acknowledges the fact that the men of the O.V.C., Dr. McGilvray, and the Faculty, played a highly important part in making this year a complete success.

Knox College Undergraduates' Association

THE system of government within Knox College is of the students, for the students and by the students. Every matter relating to the residential life is open to the consideration of the student body. The meetings of the Association are of a parliamentary nature and thus afford an excellent opportunity for students to get some valuable experience in legislative work and executive leadership.

The Association meets monthly and as a rule the meetings are of a very interesting nature. The government this year has upheld the traditions of the past with a commendable dignity and have laboured diligently for the general welfare of the student body. The Opposition has made the meetings especially entertaining with its oratorical speeches and its ever-ready zeal in endeavouring to overthrow the government; yet the Opposition worked very efficiently when matters of common interest arose and did all in its power to assist the welfare of the common weal.

The House Committee made excellent progress at the beginning of the year by securing closer co-operation with the College Board and this has enabled it to carry out its functions to the fullest degree. Its earnest endeavour to create a harmonious atmosphere among the students and to work in the interests of all has secured for it the backing of the students and as a result the past year has been one of the most successful in the history of the Committee.

The Programme and Worship Committee guided by the desire to serve the majority featured a Fall Informal Dance and Bridge Party, a Christmas Dinner and a Spring informal Dance. The Spiritual life of the College was deepened by the observances of two communion services and the daily chapel worship.

The Athletic Committee has had a very successful year despite disheartening circumstances. The comparatively small number of men in residence who are qualified for interfaculty sport has handicapped to a marked degree the activities of the committee. Four teams, Soccer, Volleyball, baseball and basketball comprised Knox's contribution to Interfaculty Sport. As a result of the graduation of several of the outstanding Soccer players, that team was weakened this year considerably and for the first time in seven years, Knox surrendered the Soccer Championship to another team. The Cup goes to S.P.S. with the heartiest congratulations from this College.

The Emmanuel College Students' Society

STUDENT activities at Emmanuel College are governed by the Student Society. Although Emmanuel College is a graduate school and accordingly does not foster extra-curricular activity with that abandon which characterizes many of the undergraduate colleges, we do sometimes as a body partake in enterprise other than speculation upon the Problem of Evil.

Emmanuel boasts this year of five teams in interfaculty leagues, (baseball, hockey, basketball, and (A) and (B) volley ball). Besides this, intramural leagues in volley ball and basketball provide opportunity to all men who wish to play.

The social life of the College as it is under the direction of the Student Society includes, musicales, teas and "year" functions, etc. The Methodist tradition seems to rule in this sphere there being no instance on record to date when "Tux" or "Tails" were in order. The sum collected each year for the College "At Home" is given to the Board of Home Missions!

A society on the Scottish style for the discussion of theological questions was inaugurated this year with considerable success.

Special committees for Worship and Missions lead in the religious life of the College. Worship is conducted each morning in the College and each evening in the residences. A Retreat for all the College led by the Right Rev. Dr. Roberts, the Moderator, was a feature of the religious year.

FRONT ROW (Left to Right)—A. P. Leslie (Graduate Representative), Dean Howe (Honorary President), D. I. Crossley (President).

The Foresters' Club

THE official organ of student government and social activity with the Faculty is the Forester's Club.

Throughout the year, fortnightly meetings are held when matters of club business are dealt with and when members are enabled to meet with men who are leaders in state, industry and the sciences.

The Undergraduate Night, when the topics are taken by Club members, provide in some measure for the development of self-expression through public speaking.

Soon after the Seniors return from Fall Camp at Achray, the Foresters' Stunt Night is held. This event is featured by Dean Howe's address, the First Year Skit, and the wearing of bush attire by those present.

The Annual Banquet is the first social function of the Easter Term and is a very effective method of introducing alumni and undergraduates.

The Foresters' At-Home, held in Hart House each February, would not seem to be the natural habitat for a Forester, but annual experience proves that the Woodsmen find the environment eminently congenial.

Graduates and Undergraduates are kept informed of each other's doing through the medium of the Yearly News Letter, sent out each Spring.

The Commerce Club

DURING the past year the Commerce Club has enjoyed the most prosperous period in its fourteen years of existence. The jinx of "13" is indeed history for all time now. The total membership was maintained in spite of a decrease in registration, making for a decided percentage increase.

Since its inception, the aim of the Club has been twofold, firstly to promote an "esprit de corps" among the undergraduates of the course, and secondly to fill the services of a professional organization, in bringing men of broad experience into contact with the Club and its members.

The annual banquet was held in the Great Hall of Hart House, being honoured by the presence of Mr. W. H. Moore, M.P. Many graduates and prominent men of the business world attended to make this function the largest ever held. Mr. Moore's address on "Competitive Economy" was distributed in booklet form at the close of the evening.

A series of evening "Smokers" were held in Hart House. On these occasions the Club was addressed by the following speakers: Prof. Gilbert Jackson; Mr. Bickersteth; Prof. Lewis; Mr. Cortland Elliott; Major Hallam; Mr. Sykes; Mr. L. Macgregor, Comm. from Australia.

The Club's annual At-Home was again held in the Roof Garden of the Royal York Hotel and maintained its high position in campus social activities.

The Crocombe Trophy, emblematic of the Club Squash Championship, was won by Mr. Gordon Robinson.

The Club's Book Exchange enjoyed an increase of over 50% in revenue.

An innovation was made in this year's activities in the form of a "Mock Shareholders Meeting".

The third edition of the Annual Commerce Journal enjoyed a 100% increase in circulation and over 50% increase in size. It was presented in a new magazine bound form and has now definitely established its place in the field of economic publications.

The Club greatly regrets their loss by the resignation of Prof. Gilbert Jackson and wish him every success in his new capacity, as colonial Economic Advisor with the Bank of England. His work and interest in the Club will not soon be forgotten. A special "Smoker" was held in his honour to climax the year's activities.

The Club extends to its graduating members and Prof. Jackson a sorrowful goodbye with the best of wishes for the future.

THE Women's Commerce Club enjoyed a series of diversified and intensely interesting evenings in the year 1934-35. The meetings were exceptionally well attended by both Commerce and Finance, and Political Science students. The Club is deeply grateful for the kind assistance of Miss Irene Biss, whose interest and generosity contributed so much to the success of the informal gatherings held in her rooms. The Club this year, owing to the small number of undergraduates in Commerce, extended its privileges for the first time to the women of Political Science.

The first meeting of the year took the form of an informal party which was thoroughly enjoyed by every one present. This was followed by a series of meetings at which discussions of economic and social problems were held. Mr. Hart, of the Anthropology department led a discussion on the economics of primitive societies. Mr. McGregor gave a very interesting talk on his impressions of Russia. Then Mr. Coe discussed the N.R.A. as seen in the light of his personal experiences. Mr. Bladen very kindly addressed the Club on the subject of Karl Marx' Labour theory of value. Mr. Grauer gave a description of present conditions in France.

The season 1934-35 closed with the annual banquet which was attended by representatives from the Men's Commerce Club and by various guests of honour from the faculty.

Torontonensis, 1935

FOR better or for worse, the whole lay-out and cover of Torontonensis has been radically changed. Moving in the direction of modern trends in art, i.e., towards the elimination of the superfluous, the book has been freed from inessentials, and an effect of simplicity has been obtained. We realize that some students will pine for the old tower, and the old set-up—students for whom the accepted is sacrosanct, and to whom all innovations are heresies. To these we offer no apology. To those undergraduates who would have wished for an even more radical alteration, we must apologize; but financial considerations had to be borne in mind. This is particularly relevant inasmuch that a cellophane wrapper was planned, but the cost was found to be prohibitive. However, this may be added at the owner's discretion. It is impossible to please all tastes in a new innovation; but if we have satisfied the more discriminating we shall be delighted.

For the plan of the general lay-out and the cover design, we owe Mr. John Layng (Architecture V) a debt of gratitude. He has spent many hours and much labour in an endeavour to carry out his conception. To Miss Mary Chadwick, who was responsible for the drawings, we add our thanks.

A vote of thanks also is due to the faculty representatives, and to the members of the Torontonensis Staff, without whose genial co-operation this work would have been impossible.

Mr. E. A. Macdonald has been of great assistance in technical advice; but no blame should be attached to him for any fault in this publication.

The Varsity

UNDER the editorship of first Arthur C. Cochrane and later Chester R. Ellis, and the pro-tem editorship of Martin B. Loeb and Miss Mary L. White, Women's Editor, the "Varsity" has spent an eventful but nevertheless progressive year.

After a series of vigorous editorials on religious and political matters the original editor, A. C. Cochrane, B.A., and the S.A.C. became estranged, with the climax in the simultaneous resignation and suspension of Mr. Cochrane. For a period of two weeks the paper was in charge of Martin B. Loeb, previously associate editor and later in charge of Art, Music and Drama criticisms. The new editor, C. R. Ellis, was chosen by a vote of the staff of the "Varsity" and ratified by the S.A.C. The rest of the year was comparatively peaceful except for a two day suspension of the editor in February after some adverse criticism of two S.A.C. members. This dispute was settled amicably when everyone concerned changed their minds at the same time. During this period Miss White was in charge.

The editorial policy has represented an attempt to be more liberal than ever before. All shades of political and economic thought have been aired, with a particular emphasis given to many editorials on purely academic affairs. Among these were editorials on Hart House meals, the need for a university hockey coach, several changes in university courses, and a flurry of misogynistic propaganda.

The most outstanding innovations were a new editorial page, with a new set-up for the masthead and two columns of editorials, an editorial writing department, the "Memories" column which looks at former years in retrospect, and the "Varsity" date bureau.

The Undergraduate

THE UNDERGRADUATE is published under the joint auspices of the University College Literary and Athletic Society and the Women's Undergraduate Association of University College. It receives a certain amount of financial support from both these organizations.

In a far greater degree than ever before, *The Undergraduate* has attempted this year to fulfil its primary function—to provide a medium for literary expression in the college. New departures were made in the type of articles published, in illustrations and in the striking and colourful cover of formal design. In as much as *The Undergraduate* is an annual publication, no attempt was made to record college activities and news as such.

Great credit is due to the advertising and business manager, Mr. H. L. Rowntree, through whose efforts the magazine was put on a more advantageous financial basis.

Acta Victoriana

THE central problem of *Acta Victoriana* is that of achieving a balance between the academic and the popular. The magazine is not an independent enterprise, but is the publication of the Victoria College Union. Therefore, while the staff is little worried by financial and circulation difficulties, there is a responsibility to provide reading matter most acceptable to the student body which publishes it. At the same time, *Acta*, has a tradition of dignity and free expression,—the latter essential to any virile college journal.

This year the staff has made an earnest attempt to introduce variety into the pages of *Acta Victoriana*. College affairs have been, as is the custom, tersely and critically reviewed; in the literary section has appeared a series of scholarly articles on modern literature and thought. Considerable diversity has been attained in the general pages of the magazine, with the appearance of articles on subjects as widely separated as Greek papyri and the modern dance orchestra!

This policy of general variety and interest has been followed deliberately. Under the circumstances it seems to be the happiest way of appealing to different tastes. Much, however, is still to be desired. The vigour and interest of *Acta* depends upon the existence of students willing, nay, eager to write. And this is today a rare species of undergraduate. A lack of good short fiction has been evident, and there has on occasion been difficulty in assembling enough material of any kind to fill an issue. *Acta* has endeavoured to do its best with what was at hand, and the editor was fortunate in possessing an able and industrious staff.

The Trinity University Review

THE Trinity University Review, under the name of "Rouge et Noir" was started in 1880 by Archibald Lampman, together with several famous contemporaries. In 1889, the year after the name was changed, Convocation came to its aid financially, and in return for a stated number of copies and space rights, agreed to make a yearly contribution. From that time the Convocation Editor has sat as Chairman of the Review Board.

The Magazine has no definite policy, but the Editor has attempted, at any rate throughout the past year, to obtain contributions representing the very varied current trends of thought in the college. In former years, there has been a tendency for a small number of men to contribute to the Review, month by month. This year each month has seen almost an entirely fresh batch of contributors, which, it is hoped, has made the Review more representative of Trinity. Finally, the Editor has been fortunate enough to be rarely short of copy, being more apt to be overburdened with an embarrassment of riches, for which he has to thank a capable Review Board and an active student body.

The Review is published eight times a year with a circulation of 1,100 copies.

St. Hilda's Chronicle

ST. HILDA'S CHRONICLE, the official publication of St. Hilda's College, is the only women's magazine on the campus, and was the first of its kind to be published in Canada. It has been frequently suggested (by the men) that The Chronicle be amalgamated with the Trinity University Review, but this suggestion has not been acted on, for the staff of the Chronicle desires that the magazine should retain its identity. At the present time, the only connection between the two publications is that a member of the Chronicle Staff is on the Review Board, in order to supply the Review with general news of St. Hilda's. As the Review never uses these notes, the connection is slight.

The financial difficulties which beset the Chronicle in its infancy, in the early years of the 20th century, have passed. Now the Chronicle has a wide circulation, and is a self-supporting even money-making concern.

The Chronicle is sincere in its endeavour to raise its standard, every year. It prints the best artistic efforts, prose, poetry and sketching, of both undergraduate and graduate contributors. The main stumbling-block is the difficulty of getting a sufficient number of students really interested in the work.

Transactions and Year Book

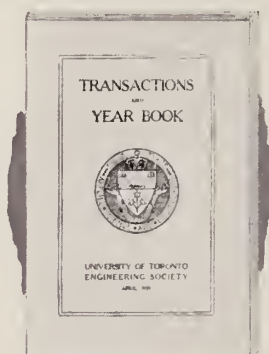

“**T**RANSACTIONS and Year Book” is the official publication of the University of Toronto Engineering Society and is devoted to the interests of Schoolmen past, present, and future. It is presented in April of each year as a complete record of the years’ events at School.

Its policy, while not clearly defined is left more or less to the discretion of the Board of Editors. Each year, however, an attempt is made to give its readers a complete picture of School.

The “Transactions” consists of briefs of papers presented to the Engineering Society, selected technical articles and a number of Theses written by graduating engineers. The “Year Book” is devoted to the Executive, social and athletic interests of Schoolmen.

The annual circulation is approximately 1500 copies, one for each Schoolman, and one for every graduate of the preceding two years. In this manner every Schoolman obtains six copies—a complete record of his college days.

It is the wish of the Board of Editors to express their appreciation to all contributors who helped to make this number a success.

Toike Oike

FOR many years Toike Oike has been published every now and then by the Engineering Society of the University of Toronto. The "every now and thens" usually coincide with such events as the Initiation (now the Reception for Freshmen), School Nite and in the past, School At-Home.

This year when "Schoolmen" and their girls arrived at Hart House for School Nite, they were greeted by a Toike Oike which was fittingly printed for this most Schoolish of School dances in School colours. Some of the revellers may have looked on the golden borders with rather a jaundiced eye but to the staff of Toike Oike the final copy of this three coloured edition relieved some uneasy feeling that had existed about this first venture into colour.

Other issues were, the Freshmen Edition, the Christmas Edition, the Election Edition, and the Graduation Edition. The Freshman Edition published in September gave a few words of fatherly advice to the frosh. The Christmas Edition carried a very generous Sportoike which reviewed "School's" activities in sporting fields. In the Election Edition prospective executives extolled their own virtues for the moderate price of 50c an inch column. The graduation Edition included another sport summary, a resume of Club activities, a message from the Dean and of course details about the arrangements for that once in a life time affair known as the Graduation Ball.

Thus in its way Toike Oike covered the varied activities of "School" and the staff of publications will feel well rewarded if they have done something towards furthering that very lively thing known as "School Spirit".

Hya Yaka Committee

THE year 1935 marks the thirty-third anniversary of the founding of the Hya Yaka. Deriving its name from the first two words of the College yell, the first editorial board of the Hya Yaka was organized in 1903 due mainly to the efforts of Dr. W. E. Willmott, and for the first time appeared as the official publication of the undergraduate body of the then Royal College of Dental Surgeons. Dr. Oliver Leslie had the honour of being the first editor. Closely associated with him on the staff were Drs. Corrigan, Husband, Davy and Large.

For a number of years four issues appeared during the school year, later this was increased to a monthly issue. Today Hya Yaka appears as a year book, the official publication of the undergraduate body of the Faculty of Dentistry, University of Toronto.

As a year book, Hya Yaka carries out the purpose of its organizers, and in so doing is indispensable to the life of the College. It stimulates the students to literary endeavour, furnishes a record of all sporting and social events of the year, and supplies the students with the latest in Dental research records.

This year's publication, under the editorship of Mr. Louis E. Sprott, has lived up to the standard of past years, and with certain innovations which have been introduced the issue is one of which the student body should be justly proud.

University of Toronto Medical Journal

THE 'average' medical student is, or thinks he is, the busiest person in the University. He rarely has time to keep abreast of recent advances in the medical sciences by the perusal of the current periodicals, nor has he time to go thoroughly into the details of all the interesting conditions that are presented to him in his clinical work. It was to remedy these two defects in the life of the medical student that the University of Toronto Medical Journal was founded.

In the pages of the Medical Journal are to be found articles summarizing the most recent progress in the basic sciences and discussing interesting problems in clinical medicine and surgery. Most of these are written by students, who, becoming interested in some medical topic, have read widely concerning it, and have recorded the results of their literary researches for the benefit of their fellow students. It is those who write for the Journal that get the most good out of it, but there is no doubt that every reader also finds something in it of value to him. The Journal is becoming more and more important as a supplement to the lectures in many subjects, partly because of the excellent articles written by students and partly because of the erudite papers so kindly contributed by members of the staff.

It seems certain that, in its twelfth year of publication, the Journal is continuing to fulfill its aim; "to serve as a medium for student expression and to bring to the student recent articles of scientific interest."

SOCIAL

Medical At-Home

THE Annual Medical-at-Home held at the Royal York Hotel on Feb. 1st, was the gala event of the season for the embryo doctors.

The largest number ever to attend this outstanding function, enjoyed themselves to the scintillating music of Stan St. John. Both the Banquet and Concert Halls were decorated in charming Medical Colours and numerous skeletons.

Supper *à la cabaret* style was served to 700 guests at 12.30 a.m. Novelties of all sorts and descriptions were then distributed to add to the gala festivities. The dance ended at 3.30 a.m. when the social clinic for medical students drew to a close for the 1935 season.

The above committee under the chairmanship of Frank McInnis worked diligently and successfully to make the occasion an outstanding one.

Dental At-Home, 1935

THE At-Home Committee consists of a representative from each of the five years and a President elected by the student body. The committee is supervised by a representative of the Faculty, Dr. Hugh Hoskin. This committee is responsible for the Hallowe'en Dance and the Annual At-Home.

The Hallowe'en Dance was held in the Roof Garden of the Royal York Hotel, Dean and Mrs. Wallace Seccombe, Dr. and Mrs. C. A. Corrigan and Dr. and Mrs. J. H. Johnson graciously extended their patronage. The enticing music induced even the bashful freshmen to trip the light fantastic and helped to make the evening a complete success.

The Annual At-Home was also held in the Roof Garden of the Royal York. This annual event took place on Friday evening, March first, with Mrs. Wallace Seccombe, Mrs. Edgar Paul, Mrs. W. L. Hugill and Mrs. C. H. M. Williams receiving the guests. We were honoured in having in attendance representatives from many of the faculties, including one from O.A.C.

The committee appreciated the splendid co-operation of the students, whose loyal support made these functions so successful.

School Formal

ONCE again School has led the way to saner organization of student activities, and once again has her decision been acclaimed a success. This year Schoolmen, with their inborn economic instincts, decided to put their formal party—the School At-Home—on a self-sustaining basis and the result was—the "School Formal".

Friday, February 15th, saw that well-known rendezvous—the Banquet Hall at the Royal York—transformed to a place of rhythm and beauty, while some two hundred and thirty loyal Schoolmen and their lovely ladies swayed to the melodies of Geoffrey Waddington and his orchestra. Prestige was lent the occasion by the presence of the Patronesses: Mrs. C. H. Mitchell, Mrs. R. R. McLaughlin, Mrs. C. F. Morrison, Mrs. M. J. C. Lazier.

At 2 a.m. the sweet music faded away and after a lusty Toike Oike the weary Schoolmen wended their way homeward.

This party will long be remembered as the first "School Formal"—the first formal School dance to be operated at a profit.

High Lights of School Dinner

A MERE handful of hard pressed ushers trying to control five hundred hungry, roaring Schoolmen. The arrival of the guests. Sitting down to dinner. The presentation of the turkey on a miniature steel truss. The march past of the waitresses all bedecked in School colours and apparently enjoying it. The rollicking clown band that made the very timbers of the Great Hall quiver with the boom of its drums and the blare of its trumpets. The rolling, bouncing tumblers that whirled through the air with the greatest of ease. The sing-song. Trying to figure out whether the sing-song sounds worse than the clown band. The toast to the King followed by an expensive tinkle of glasses on polished marble. A toast to the University followed by another expensive ring of breaking glass. Somebody unwrapping a wet napkin from around his neck. The Dean playing the part of a sleight of hand artist. A few words from distinguished guests. The speech of the evening by the Hon. Vincent Massey. God Save The King.

School Nite

THE annual Engineers' invasion into the field of entertainment made Tuesday, January 22, 1935, a memorable date. The School determined to eliminate crowding, included more rooms than ever for dancing and pressed the Hart House Theatre into service giving full sway to the superlative dramatic talents of the performers.

The smooth music supplied by five popular orchestras, was highly appreciated after the hilarious excitement enjoyed during the "Revue". The aquatic events in the old swimmin' 'ole attracted many guests and the performers did their utmost to satisfy everyone by furnishing an exciting polo game and breath-taking dives.

Four supper periods eliminated the usual restless waiting for food, and contentment reigned more supreme than ever, after a tasty sandwich supper had been served. The motto, "quality and not quantity", was observed under protest of the hardy Miners but approval of the wiser fair sex.

The genial patronage of Mrs. H. J. Cody, Mrs. J. W. Bain, Mrs. H. H. Madill, Mrs. W. J. T. Wright, Mrs. R. Taylor, enhanced the occasion and made a very enjoyable evening for the Committee.

The House, after experiencing a brief spell of the pleasant company of Schoolmen's alluring lady friends, unwillingly slumped back to the regular conventional routine of masculine possession, wondering why such an event could not occur more frequently. Contrary to the advocates of superstition, the thirteenth annual School Nite was registered a success in the pages of the ages.

DRAMA

Executive of the University College Players' Guild

Mr. G. Wilson Knight, Honorary President; Ted Scythes, President; Marnie Hill, Vice-President; Reg. Watters, Secretary-Treasurer; Dorothy Walker, Business and Publicity.

THE Players' Guild inaugurated the 1934-35 season with Eugene O'Neill's one act Negro play *The Dreamy Kid*, directed by Ted Scythes with a cast including Kathleen Stewart, Mary Owens, Betty Clawson, and Donald Stewart. The following Wednesday afternoon the Honorary President, Mr. G. Wilson Knight gave a brief address on his recent excursion into the London theatrical season.

Other productions of the Michlemas term included Jack Graham's presentation of the last act of Noel Coward's "*The Vortex*", the last act of "*From Nine Till Six*" directed by Dorothy Walker, "*Lac Doré*" by Jessie Middleton, and the highlight of the season, two scenes from Sydney Kingsley's "*Men in White*" directed by Marnie Hill. This latter production being both an artistic and dramatic triumph for the boards of the tiny Guild stage.

Since Christmas the stage, graced by new blue velour curtains (thanks to the W.U.A.) has indulged the tragedy of *Hamlet*, two scenes of which were presented by G. Wilson Knight, Miss Josephine Barrington and O. W. Fonger. Miss Dorothy Walker introduced an innovation when she undertook to step before the curtains and choose her cast from the unsuspecting audience for G. B. Shaw's uproarious farce "*Passion, Poison, and Petrification*". Jocelyn Moore struck another broad note of comedy in the melodrama "*The Wolf at the Door*", which boasted of the histrionics of Thelma Hermanson, Norman Phillips, and O. W. Fonger. The last production to date was the last act of Shaw's "*Candida*" directed by Gordon Robertson. The title role was played by Lucy Jane Grabell and her associates were Anne Fergusson, Don Stewart (as the Rev. Morell), Ted Scythes (as Marchbanks, the neurotic poet) and Jack Graham.

Special and separate mention must here be made of the first evening production the Guild has seen fit to present in four years.

Under the direction of Mr. Victor Lange, a former Honorary-President, rehearsals began before Christmas for the production of Henrik Ibsen's "*The Wild Duck*". After a month and a half of strenuous rehearsals the play was presented at Hart House Theatre on the evenings of January 24th and 25th. This highly successful production gave scope to some of the finest amateur acting ever seen at the theatre. The leading roles were handled with intelligent finesse by Constance Lailey, Lucy Jane Grabell, Gordon Robertson, Fergus Tobin, Jack Graham, Kathleen Stewart and Dick Fonger. The unflagging zeal of Mr. Lange in coaching and shaping this production was admirably reflected in the brilliance of the acting. The Misses Dorothy Walker, Barbara Scadding, Marnie Hill, Betty Clawson, and Jocelyn Moore were invaluable in preparing the play for public attention.

Daffydil Committee, 1935

THE fact that Len Williams was chairman goes a long way toward explaining the unparalleled success of this year's show.

The Daffydil Cup was presented to Third year who were judged winners of the skit competition, while the Hutchison trophy, presented to the person adding most to the production was awarded D. W. Breslin and P. Baillie.

Daffydil seeks this opportunity of congratulating members of the graduating class of 1934, secure in the knowledge that she has played her part in their college lives.

Dental Dramatics Committee

THIS activity incorporates three main features during the school year—Noctem Cuckoo, Dentantics and meetings of the Royal Dental Society, acting only in an advisory capacity for the latter.

Noctem Cuckoo is the dental night at Hart House which takes place in the form of an elaborate informal dance, preceded by water polo and skits. The junior and senior skit competition is very keen, the winner receiving the Gaston Brule cup.

Dentantics is produced every Spring in Hart House. This year three one-act plays were produced to provide a varied program, as well as to allow more undergraduates the privilege of expressing themselves along these lines. This activity also includes the dental nurses. It is the hope of the Committee to instil interests of this type into the undergraduates, with Dentantics providing the opportunity.

LORETTO COLLEGE DRAMATIC SOCIETY

Loretto College Dramatic Society

THE Loretto College Dramatic Society, founded in 1911, includes in its membership the entire body of undergraduates. Proceeding on the principle that there is a latent actor in everyone, the Society aims to give to as great a number of students as possible the advantages of dramatic training. It has a long line of successful performances to its credit, among which might be mentioned: *The New Life*, commemorating the Dante Sescentenary, 1921; *The Rivals* (Sheridan), 1928; *The judgment of Dr. Johnson* (Chesterton), 1932; *The Marvellous History of St. Bernard* (Henri Ghéon), 1933; *The Daughter of Roland* (Henri Bornier), 1934. This year the Society produced with considerable success a series of one-act plays: *Milton's Masque of Comus*; *Brother Wolf* (Laurence Housman); *The Romancers* (Rostand); *The Violin-Maker of Cremona* (Francois Coppée) and *The Hour Glass* (W. B. Yeats).

Trinity College Dramatic Society

THE year 1934-35 has seen a marked advance in the sphere of dramatics at Trinity. This sentiment is borne out by the enthusiastic attendance at the meetings and by the exceptional interest shown in the Annual Production by both men and women of College. During the season the society sponsors six minor plays given in turn by each of the years, the graduates, and the dons. These presentations have been rendered more attractive by the installation of a set of curtains in one of the classrooms and the provision of stage settings as required. Invariably, the play presented by the academic staff proves a drawing card. This year it was necessary to repeat the performance in order to accommodate everyone.

Berkeley Square was the choice of the executive for the Hart House Theatre appearance on February 1st and 2nd. This impressive work by John Balderston was greeted by the audiences as one of the finest of the Trinity plays in some years. Apart from the cast the following were invaluable to the success: Dixon Wagner, director; George Stammers, stage manager; Janet Rally, costumes; Mary Price, call secretary; S. Rocksborough-Smith, sound effects; Donald Lawson, lights, and the committees which functioned energetically under each of these.

The Dramatic feels that it is quite justified in producing a play of the calibre of Berkeley Square. Second rate material is eminently unsatisfactory, and unworthy of the intensive interest which the play always commands of the cast and director. The latest additions to the undergraduate body provide excellent prospects for a continued preference of the Dramatic toward intellectually satisfying drama.

Student Christian Movement

THE Student Christian Movement in the University of Toronto is a unit in the Student Christian Movement of Canada which in turn is affiliated with the World's Student Christian Federation. The Federation is composed of Student Christian Movements in the thirty-three countries and has its headquarters in Geneva.

In the University of Toronto the basis and aim of the Movement is that of the Student Christian Movement of Canada. It is, "A fellowship of students based on the conviction that in Jesus Christ are found the supreme revelation of God and the means to the full realization of life.

The Movement seeks through study, prayer, and practice to know and follow Jesus Christ and to unite in its fellowship all students in the colleges of Canada who share the above conviction together with all students who are willing to test the truth of the conviction upon which the Movement is founded.

The Movement desires to share with others the values discovered in Jesus Christ and to join with those of like mind in all lands and of every race and rank in the creation of a world-wide order of society in harmony with the mind and purpose of God as revealed in Jesus Christ."

Literary and Debates Committee of the S. A. C.

THE Debates Committee of the Students' Administrative Council consists of the Chairman, who is an officer and member of the Council, the Secretary of the Hart House Debates Committee and representatives of the various faculties represented in the Students' Administrative Council. By custom the women members of the committee do not attend but confine their activities to the Women's Debating Union of the University. The function of the committee is to advise the Students' Administrative Council on all debating matters in which it is interested.

The first activity of the committee concerned the visit to Toronto University of two English debaters. Under the auspices of National Federation of Canadian University Students, two English debaters, Messrs. Crichton and Jackson, visited Canada last fall. In conjunction with Hart House Debates Committee, the committee supervised the debate in which these visitors took part and generally looked after them during their stay in Toronto.

The selection of radio debating teams to take part in the various radio debates next engaged the committee's time and attention. The success of the various teams chosen in reaching the Canadian finals for the shield presented by the Canadian Radio Broadcasting Commission was admirable and the committee would congratulate the various speakers who took part in these debates.

Thirdly the committee arranged an exchange debate with the McGill Debating Society, whereby two speakers from the University of Toronto spoke in a debate at the McGill Union and two McGill debaters were present as honorary visitors at a Hart House debate.

Finally the committee arranged for the acceptance of a debating team from Western Canada next fall and agreed to send a University of Toronto representative to the West on a tour arranged by the N.F.C.U.S.

Realizing that close co-operation between the committee and the Hart House Debates Committee was essential to the furtherance of debating at the University of Toronto, the committee advised the S.A.C. that the Secretary of the Hart House Debates Committee should be made a member of the committee. This the Council saw fit to do, and the committee feels that they are now in a position adequately to advise the Council on all debating matters which should be referred to it, particularly in those fields in which the committee took a leading part this year.

WOMEN'S INTERCOLLEGIATE DEBATING UNION

BACK ROW—Beth Good (Representative from Victoria), Mary Burnham (Representative from St. Hilda's), Dorothy Smyth (Representative from St. Joseph's), Betty Rowlin (Representative from University College).

FRONT ROW—Kathleen Tincombe (Treasurer), Marian Ridout (Vice-President), Jean Ross (President), Pauline Simon (Secretary).

Women's Debating Union

THIS year it has been the policy of the Union to encourage debating among women of the University by choosing subjects of particular interest to women.

The Interfaculty series have been as follows:

"Resolved that women can prevent war."

"Resolved that the present censureship of the movies is eminently unreasonable."

"Resolved that women are justified in demanding a position of equality with men on the campus."

Trinity are the winners of the interfaculty series.

The subject for the Intercollegiate debate this fall was:

"Resolved that women have assumed the responsibility of their enfranchisement." In Toronto, Helen Corncallan and Pat Cleland were victorious over the McMaster team.

At McMaster, Thelma Hermanson and Audrey Saunders were defeated. McGill won the Intercollegiate Championship.

There has been an increased interest in debating this year, and on the basis of this year's efforts, we hope higher standards in public speaking and greater co-operation between the colleges in the future.

MATHEMATICS AND PHYSICS SOCIETY EXECUTIVE, 1934-35

BACK ROW—E. E. Minnett (I Yr. Rep.), J. R. Levitt (IV Yr. Rep.), D. McKinley (Grad. Rep.), Hart Buck (III Yr. Rep.), P. R. Wallace (II Yr. Rep).

FRONT ROW—P. J. Sandiford (Treas.), L. Newton (Cor. Sec.), G. Hayes (Pres.), Dr. McTaggart (Hon. Pres.), S. A. Jennings (Vice-Pres.), A. M. Crutcher (Rec. Sec.), J. A. Robbins (Past Pres.).

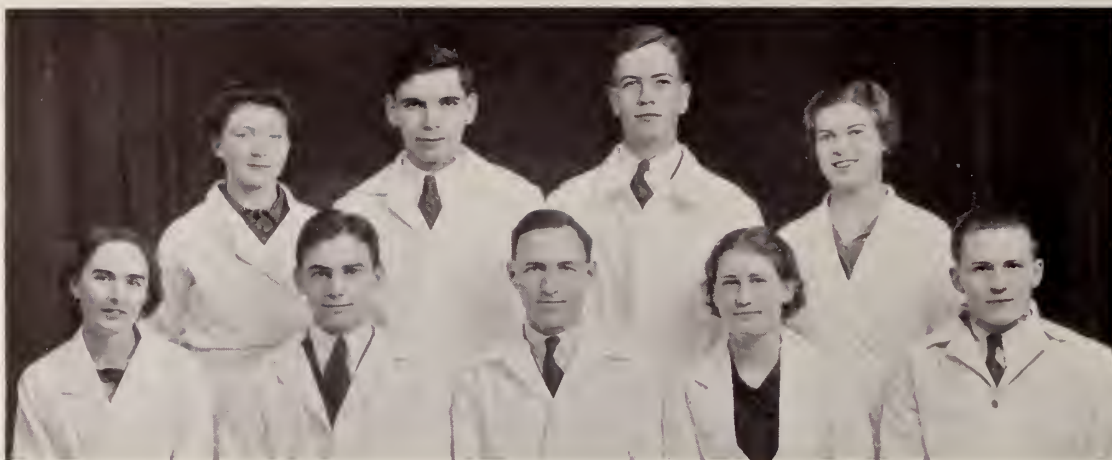

Mathematical and Physical Society

A FEATURE of the meetings of the M. & P. Society this year has been the diversity of the speakers. Ranging from representatives of the Mathematics Department to Dr. Horwood of the Toronto Conservatory of Music, the speakers were heard at each meeting by an enthusiastic assembly.

In spite of the decreased membership all the dances were well attended and although as this goes to press the Annual At-Home has not yet been held, we expect a good turn-out. In past year, one of the most pleasing features of this function has been the attendance of large numbers of the faculty, resulting in an excellent opportunity for the students to meet their professors halfway in their social endeavours, and this year will be no exception.

As an innovation for the open meeting, Dr. Chant, in his undergraduate days one of the founders of the Society, has kindly consented to give a talk on the history of the organization since its inception some fifty years ago.

Although it is one of the oldest organizations on the campus, the Society is still functioning vigorously and one of the warmest memories that the graduating class takes away from the university is the souvenir of the fortnightly meetings.

HONOUR SCIENCE CLUB EXECUTIVE, 1934-35

Honour Science Club

WHEN is the Honour Science Hike? This question is asked at the beginning of October by those who have attended and thoroughly enjoyed a long walk, a hot dog and a sing-song in front of a blazing fire . . . come next fall with us.

This year there is a very large membership. Any student in an Honour Science Course may join the Club. Besides the hike, the Club has held a membership party at the Women's Union, two dances at Malloney's Art Galleries and hope to hold two more parties before the end of the term. These parties afford opportunities to meet socially, students taking Honour Science Courses and where everyone has a very enjoyable time. Well! join us at the next party and see for yourself.

Newman Club

NEWMAN Club was founded by His Grace Archbishop McNeil, D.D., in 1913, for the purpose of providing for the spiritual, intellectual and social welfare of all Catholic students, both men and women, in attendance at institutions of higher education in the city. Its existence embodies an ideal which is successfully fulfilled in Canadian and American Universities by the Federation of College Catholic Clubs, an organization of which the Toronto Newman Club is an active member.

The steady growth of the Club in activity and in membership has fully justified the beliefs of its founders. The present spacious clubhouse is a building of which all the members are proud. The Chapel is an excellent example of the Gothic architecture and represents years of effort on the part of the successive executives supported by the unflagging enthusiasm of its line of Paulist Chaplains and the generous interest of those who are prominent in the Catholic life of this Province.

To many who graduate this year, Newman Club will ever be dear. The Club has woven itself into the lives of its members, and the true friendships gained, as well as the acquaintances formed will, as in the past, profoundly influence the future of all who now enter the ranks of the Alumni of the Club. Theirs will be the memory of many happy hours spent at the Saturday tea dances, smokers, teas and other soirées, held at the Club. The spiritual life of the members has been well directed by a resident Chaplain, through frequent religious exercises around which all activities of the Club are centred.

This year the Club has enjoyed one of its best and most successful years. It is to be sincerely hoped that each succeeding year will see a greater number of Catholic students eager to become members and to participate in its activities.

THE GERMAN CLUB OF UNIVERSITY OF TORONTO

German Study Club

THE German Study Club looks back upon a successful year which has seen a marked increase in membership.

The chief event in the programme of activities was a Hart House presentation of Kozibue's comedy, "Die Deutschen Kleinstädter", which was brought to us by the Department of German of McGill University, headed by Professor H. Walter. The play was very well performed and met with an enthusiastic reception. It is greatly to be hoped that the dramatic talents of our own students of German will soon be displayed on the stage of Hart House Theatre.

Some interesting talks were enjoyed by the Club. Especial mention should be made of Fritz Winter's fascinating account of recent German architecture.

An innovation on the lighter side of our activities has been the dancing, which has proved very popular indeed.

THE ITALIAN-SPANISH CLUB

Miss C. M. O'Donoghue (First Year Representative), T. B. Irving (Publicity Manager)
F. Molinaro (Treasurer).
J. H. Parker (Secretary), Miss H. C. Salmon (President), G. C. Patterson, M.C., B.A. (Honorary
President), Miss H. M. Kew (Vice-President).

The Italian-Spanish Club

THE Italian-Spanish Club of the University of Toronto was founded in 1924. Its aim is to further interest in Italian and Spanish through the study of the history and the civilization of Italy, Spain, and Spanish-America. The membership includes, besides undergraduates, graduates, and members of the faculty of the University, many prominent Italians and Spaniards and others interested in Italy and Spain.

The Club holds one meeting a month with a programme of music and speeches in either language, followed by refreshments and conversation. Each year the Club presents an Italian and a Spanish play. The executive is indebted to members of the staff for their lively interest and the assistance which they have given in the arrangement of the programmes.

University of Toronto Students' Band

ONCE again a review of the band's activities during a college year, presents an interesting panorama.

In the spring of 1934, it was felt by all concerned that the organization had completed the most successful period of its existence.

Now, in 1935, it is apparent it has gone on from strength to strength. Success has followed success and the chief reason seems to have been the plentiful supply of new material that presented itself in September.

Captain Slatter had fully seventy men from which to form an harmonious brigade of fifty. Anyone, except an old band member, might have doubted his ability to form such a brigade in time for the McGill game on October 6th. But, by dint of strict marching up and down the front campus, by swiftly making decisions as to the merits of a player, and by imbuing his charges with confidence, the reputation of the band was considerably heightened as a result of its first public appearance with the rugby team.

On October 13th, the trip was made to London and, the week following, on the 20th, the band appeared in Kingston. The two following Saturdays saw the Varsity Stadium entertaining Queen's and Western respectively, and on both occasions, the Blue and White band was on hand. The week-end of November 27th, was set aside for the McGill-Varsity game in Montreal and, once more, through the generosity of Dr. Cody and his friends, the band was able to accompany the team. The blue and white colours, and the Blue and White March certainly made an impression on that foreign field.

After the Rugby season, practices were commenced for a concert programme. During the ensuing weeks, the band appeared at Varsity Arena on the occasion of the McGill-Varsity hockey game on February 2nd. Finally, a most successful and well-attended concert was presented at Convocation Hall on Tuesday, February 26th.

As the finishing touch to a most progressive and advantageous season, the annual banquet was held later in Hart House.

The high standing achieved by the band is, in large measure due first, to the support of the student body in general and Dr. Cody in particular, second, the keen interest and helpful aid supplied by the Students' Administrative Council through Mr. E. A. Macdonald, and finally, the untiring efforts of Captain Slatter. Without these, the organization would cease to exist. May it be the Band's good fortune to continue under their guidance.

Toronto Intercollegiate Christian Union

THE name Toronto Inter-Collegiate Christian Union—T.I.C.C.U. for short—is familiar to all readers of the Varsity paper. The Union is one unit of the Inter Varsity Christian Fellowship which has groups in many of the Universities of the British Empire.

The T.I.C.C.U. seeks, by Bible Study, by times of worship and Christian fellowship to deepen the spiritual lives of its members. In the second place it aims at rendering a united, and therefore more effective witness, on the campus to the power of the Lord Jesus Christ to dwell in and work through the lives of modern young people.

Probably the most helpful of the group's activities are the P.M.'s or Prayer Meetings which are held daily from 1.40-2.00 in room 38, the tower of the University College. The twenty minutes is devoted to a brief study of God's Word followed by a time of prayer in which whoever wishes may take part.

Weekly meetings are held each Tuesday from 5.10-6.00 p.m. For the most part during the past year, it has been the policy of T.I.C.C.U. to have some well-known outside speaker give an address of inspirational nature. Once a month the program is varied by a missionary talk—the aim being to obtain during the year a bird's eye view of world missionary effort—to see both what has been and is being done and if possible to catch a vision of the need in the countries where the Good News of Christ is known.

Each Saturday evening there are informal gatherings at private homes where there is an unhurried opportunity for singing, united Bible study and practical discussion of aspects of every-day Christian living.

RADIO DEBATING TEAM

A. C. Smith, S. M. Hermant, S. F. Rae.

The Radio Debates Team

DURING the academic year of 1935 the University of Toronto participated in a series of radio debates sponsored across the country by the Canadian Radio Commission. For the purpose of the debating series which included all of the larger Canadian Universities the country was divided into Four sections: the West, Western and Central Ontario, Eastern Ontario and Quebec, and the East. The University of Toronto competed in the Central Ontario group.

The Toronto team reached the finals of the championship of Canada losing to the University of Ottawa. Toronto's first debate was with Queen's University which was won by a considerable margin. Messrs. A. C. Smith and S. F. Rae spoke for Toronto with Mr. S. M. Hermant acting in an advisory capacity. The second debate was against the University of Western Ontario. Messrs. Rae and Hermant spoke for Toronto and managed to win, the topic being Provincial rights. This debate was broadcast on the Canadian network. In the semi-finals Toronto met a team from the University of Manitoba who had taken the strong University of British Columbia entry. This debate on the future of Democracy was the most interesting and the most keenly contested of the series thus far. Toronto just managed to win by a two-to-one verdict of the judges. Messrs. Smith and Rae spoke in both the semi-finals and in the finals. The last debate for the championship of Canada was against the University of Ottawa who had previously eliminated Dalhousie University and McGill. In this contest one speaker from each University had to speak in French. Toronto was fortunate in that Mr. Smith was able to speak equally well in either language. The debate involved a discussion of exploitation under the structure of modern Canadian industry and was one of the finest in the whole series. The decision awarding the debate and the championship to the University of Ottawa was exceptionally close, only four points separating the teams out of One Hundred.

It is felt that these radio debates were of great value both to the Universities competing and to the great number of people who listened to them. They tended to bring closer together the Universities of the country and to give expression to the opinions and thoughts of the Undergraduates in the various Universities.

The University of Toronto owes what success she has achieved in these debates not only to her debaters but to Mr. L. T. Morgan of the department of economics who gave freely of his time and advice in the preparation of them.

It is to be hoped that this Intercollegiate radio debating series is to become an annual one as it is of great value to debating in this and other Universities.

UNIVERSITY OF TORONTO WOMEN'S PRESS CLUB EXECUTIVE

LEFT TO RIGHT—Mabel Gorham (Treasurer), Jessie Fleming (Vice-President), Mary White (President), Elizabeth Gordon (Secretary), Marion Ridout (Publicity).

The University Women's Press Club

THE Women's Press Club started its career in 1919 and from its inception has enjoyed a high degree of success. Its purpose is to furnish for those women in the University who feel the urge to write, a means whereby they can obtain information and guidance. Active membership in the Club requires the submittance of original manuscripts to be criticized by the Association.

The programme for the year has been arranged so as to divide the meetings between addresses on the various phases of journalism, and the reading and discussion of the original work of the members. This year, the Club has entertained such well-known Canadian journalists as: Miss Mona Clark, Editor of "Gossip"; Miss Fern Weston of the T. Eaton Company who spoke on "Advertising"; Miss Mary White, "Bride Broder" of the Mail and Empire, who gave an interesting address on "Breaking into Journalism"; Mrs. Olive Burns Kirby, who discussed "the Short Story"; and Miss Jessie McEwen of the Jonathan Cape Company, whose subject was "Book Reviewing".

An atmosphere of friendliness is introduced into the meetings by a half-hour of tea, before the business, and also by the informal character of the meeting itself. A number of worthy journalistic ventures have been added to the Press Club Files, and much sound information and sound criticism has been gleaned by the members.

Among the innovations this year have been two joint meetings with the newly organized Men's Press Club. The first was a dinner meeting with Mr. Frederick Griffin of the Toronto Star Weekly as guest speaker, and the second, which was the final meeting for the year, took the form of a dinner dance at which Mr. B. K. Sandwell, of "The Saturday Night" was the speaker.

The contact with experienced writers and the sincere and constructive criticism of the members both contribute to making the Club invaluable to women in the University who are interested in writing.

The English and History Club

THE English and History Club is made up primarily of those students for whom English and History are major subjects although its membership is open to all those interested in the Club's work. At its meetings literary and historical subjects are discussed under the most agreeable conditions. Discussions are held on the basis of a paper or an address delivered by a guest speaker. Usually the subjects concern some aspect of present day Literature or History. Hence the work of the club is both a pleasant and profitable continuation of the University undergraduate courses. Moreover the Club serves as a focal point for English students from the four colleges, as English is not a University subject.

The Club meets once in every three weeks, usually in private homes. There is a membership fee of one dollar and membership is limited to thirty-five.

The University College Parliamentary Club

THIS institution was founded approximately ten year ago and did not long prosper. It was revived in 1932, and since then has flourished great and free, the dread and envy of all other debating societies on the Toronto campus. The President of the Lit. is ex-officio Governor-General, and the Literary Director ex-officio Speaker, of the Club. The right to speak and vote belongs to all men in the College. To a great extent its fame and prestige for this year has been built up by Mr. Hart Buck, who as Clerk of the House is also its press-agent.

Every Thursday is Parliamentary day in the ancient Beanery of the College. Thursday after Thursday, the Right Hon. Mr. Nathan Pivnick in cap and gown lends distinction to the Speaker's throne; in front of him Hart Buck takes copious notes in his official capacity which debars him from speaking: from the floor of the House, members by turns hold forth in rhetorical cloudbursts, speak musically slow, or again move the Varsity representative to despair for that he cannot quote each incandescent anecdote: some are dialectically materialistic always, and one unceasingly stands up for the rights of beer: many more come regularly to the Parliamentary Club to find relaxation in rhetoric after their kind. But gone now is the great Beamish, no more to be voluble over any unknown topic at a second's notice: he is retired into private life.

Thrice the Governor-General, Lord Hermant of Heath, has opened or closed Parliament on a Socialistic note: in fourteen meetings the Club has discussed everything from Love to the Impossibility of Parliamentary Socialism, by way of Beer, Chivalry, Education, Immigration, the League of Nations, the N.R.A., War, and the Employment of Women. Records have been made: for six weeks the Administration was in the hands of a freshman, and for the unprecedented time of four weeks one freshman was Prime Minister on a Socialistic platform, another freshman being Leader of the Opposition on a Communist platform.

Prime Ministers for this year have been the Right Hon. Messrs. Stobie, Marshall, Wayman, Wilfred Cantwell Smith, Kaplansky, and Mervin Mirsky, with Mr. Bernard Shaffer to follow.

University College French Club

ANOTHER successful season, with an increase in both attendance and enthusiasm can be reported for the French Club.

Part of the entertainment at each meeting has been the presentation of a short one-act comedy. These plays afford an opportunity for furthering a knowledge of spoken French, and at the same time are a source of keen enjoyment to both participants and audience.

With part of the proceeds from the Club's production of "Le Malade Imaginaire", at Hart House Theatre in February, 1934, we were able to donate a prize to the student ranking highest in first year honour French. This prize was awarded last year to Stanley Aquarone.

This year, the Hart House evening production of "Le Voyage de Monsieur Perrichon," was both financially and artistically a great success. Miss Cole and Mr. Finch once again displayed their ability and experience in the direction. Stanley Aquarone was outstanding in the role of Monsieur Perrichon. The other leading roles were taken by Betty Price, Betty Gordon, Eric Medcalf, Charles Carrington and Earl Hampel. The Club accepted an invitation from the High School at St. Catharines to repeat the performance there.

Features of the regular meetings to date have included, in addition to the regular business, an interesting address by Mr. La Flamme on the Canadian-born French novelist Alain Grandbois, the singing of French popular songs, and the usual periods of conversation and refreshments. Exchange meetings with Victoria College French Club were also arranged and proved to be mutually enjoyable.

The French Club is a valuable part of University life, and this year's executive have tried to maintain the high standards of the past.

DURING the third week of January the Victoria College Music Club produced its tenth annual light opera, Sidney Jones' irrepressibly gay "San Toy", under the masterly direction of Mr. T. J. Crawford, Mus. Bac., F.R.C.O., F.T.C.L. As the resounding crash of the farewell chords died quickly away, hearts beat faster and fatigued bodies reached higher levels of efficiency through sheer exhilaration. Forgotten were the months of time-consuming preparation, the inconveniences of Saturday rehearsals, the long wearying evenings spent "on the floor", and the privations of meal-time practices. Forgotten too were the doubtful harmonies of ill-prepared numbers, the faltering lines of script-clutching principals and the awkward unsynchronized movements of a bewildered chorus, not to mention the discouragements resulting from the pleas, scoldings, warnings and threats of a disappointed, righteously indignant, thoroughly worried, but withal, hopeful director.

"San Toy" was received with hearty enthusiasm, which unmistakably stamped it a success. It was a smashing triumph over peculiarly adverse circumstances, made possible only through an amazing "esprit de corps". May the same spirit prevail to ensure still worthier efforts in the years to come.

The Trinity College Science Club

THE Trinity College Science Club was founded by Mr. David A. Keyes, Mr. F. M. Turner and Professor Simpson to fill the need in Trinity College of a club where those men interested in Science could gather and discuss various scientific topics. Since its foundation the club has numbered among its members men who, to-day, are famous for their scientific achievements. Of these men a few are: L. V. Redman, the discoverer of Redmanol; G. H. Thomlinson, who developed a process for carbide manufacture; and Dr. B. Collip of McGill University who is well-known for his work in the separation of insulin and for more recent biological discoveries. At this time we are fortunate in having Professor A. F. Coventry as our honorary president.

At fortnightly intervals the club meets in the Don's Common Room in Trinity House, where a paper on some branch of science is read by one of the members, or by someone connected with the University who is interested in a particular branch of science. Refreshments are then served, during which discussion of the paper is carried on. The interest of these discussions is the element in the club that has the most appeal to the student body. The membership of the club is limited and care is taken, in the election of new members, to insure that they are genuinely interested.

A unique feature of the club is the holding of an annual "Cannon Rollo" night, which perpetuates the memory of Cannon Rollo and his interest in the club while on the staff of Trinity College. Dr. and Mrs. Kingston entertain the club at this meeting. A scroll is signed by all the members who are present and it is sent to Cannon Rollo who is now residing in England.

The Civil Club

THE primary function of the Civil Club is to promote lasting acquaintanceship among the members of all years in Civil Engineering for the present and future mutual advantage of each.

The secondary function, although of almost equal importance, is to bring to the members of the club, men of high engineering ability in order that valuable knowledge and information in the field of engineering may be obtained.

As far as possible both these functions were combined in each meeting.

The year opened with an extraordinarily successful dinner of almost 100% attendance, on October 18. The speaker was the eminent bridge engineer, Mr. Frank Barber.

On November 1, the Club had an interesting and instructive trip to the plant of the Bethlehem Steel Corporation, Lackawanna, N.Y.

December 12, was the occasion of an evening meeting, which was more than well attended. An exceedingly interesting talk, illustrated with slides, was given by Mr. Norman D. Wilson on transportation and other engineering problems in South America and Mexico. Food, ice cream, and cider were furnished in abundance.

The apex of social events was reached on January 8, 1935, with a dance held jointly with the Mechanical Club at Malloney's Art Gallery. It was acclaimed by everyone of the large number present to be one of the most successful dances they had ever attended.

With this imposing list of successful events behind them, the executive have still on their calendar, plans for noon luncheons with good speakers, which will be a new departure in Club activities, and one final big dinner at the Engineer's Club.

The executive wish to offer their heartiest vote of thanks to each member of the club for their loyal support of each function, and also to the professors who have given unstintingly of their time and co-operation.

The best of good luck and wishes to each of you for success in the future!

The Electrical Club

THE seventh year of activities has been a continued progress towards the aims of the Club. It is the natural grouping of students for social activities, because all through the years they have been together in both lecture and laboratory periods. It aims to supplement lectures as a means of getting knowledge, and forms a unit for social functions.

Meetings have been held in Hart House, at which the Club has heard prominent men of the engineering profession tell of their experiences. The members have had an opportunity of becoming acquainted with their seniors in the field of electrical development, and with whom they will have closer contact when the training given by the University has been completed. Information was obtained on the latest advances in this branch of science, and these men, who have had the pleasure of making these discoveries, were able to give vivid descriptions of apparatus and clear explanations of the theories involved.

To appreciate fully the size of machines and local conditions to be met in power plant installations, one must see them for himself. Accordingly, in October the Club visited the Hydro Electric Generating Station at Queenston, the Schoelkopf Station at Niagara Falls, N.Y., and the C. R. Huntley Station in Buffalo.

Some topics not connected to Electrical Engineering have been presented at the meetings of the Club. Mr. C. W. Woodside gave a talk on "Germany", a subject which is of great interest at the present time. He had spent some time in that country, and therefore was able to give information obtained first hand.

Occasionally members of the staff have addressed the Club, and have shown the pleasurable knowledge that is found along the path leading to the bright field of the specialist. An example of this was the address on "The Future of Communication" by Mr. B. de F. Bayly.

The Club is a means of strengthening the friendships and good-will between its members.

The S.P.S. Debating Club

THE name of this organization is entirely comprehensive and amply descriptive of its field of activity. However, for the benefit of those who are still amazed and baffled at the existence of a club for the encouragement of "talking" in a nest of engineers, it might be pointed out that certain of the undergraduates and of the faculty have encouraged the existence of some medium through which the embryo engineer could learn to express himself clearly and concisely on his feet.

It is felt that more and more the engineer is being called upon to voice his opinion in matters of organization, administration and so on in this present-day mechanical era and to do so he should train himself as much as possible to that end.

The meetings of the Club during the year took the form of informal discussions, upon papers delivered, debates of a more formal nature, and two interesting and highly entertaining impromptu oratorical contests.

Thus this oasis in a literary wilderness performs its function as an extra-curricular activity for those who desire to drink at its well.

The Mechanical Club

ANOTHER year has rolled by during which the Club has held many enjoyable and educational functions.

Our activities began with a smoker and luncheon at Hart House early in October. Professor E. A. Allcut, our Honorary Chairman, presented a very interesting talk on "Inventors and Inventions".

On October 19th, the Fourth Year Mechanicals, together with the Electricals, held their annual trip to the power generating plants at Queenston and Niagara Falls. This trip was highly instructive and is something for the third year men to look forward to. A week later successful arrangements were made for the third year Mechanicals to visit the Huntley Steam Power Station and the Bethlehem Steel Works at Buffalo. The Steam Plant was particularly interesting.

The second year men visited the Kodak Plant at Weston and at the time of writing, plans are going forward for them to take another local trip.

A second smoker was held in the latter part of November with Dr. E. D. MacPhee as the speaker of the evening, the subject being, "Management Engineering". This talk was greatly appreciated as this subject is quite important to the engineer after graduation.

On January 8th an "At-Home" was held jointly with the Civil Club. This innovation was very successful and augurs well for future years.

At time of writing plans have been made for the Annual Club Dinner to be held at the Engineers' Club on Tuesday, February 19th. Major Anthes of the Anthes-Imperial Company is to be the guest speaker, the topic being "The Relation of the Mechanical Engineer to Present Civilization".

In advancement of the activities of the Mechanical Department a student branch of the American Society of Mechanical Engineering was founded for the purpose of keeping in touch with recent advances in present day engineering. General meetings have been held with talks by Mr. Ellis on "Steel Hardness Testing", Mr. O. Holden on "The Development of a Hydraulic Power Site" and Mr. W. Carriere on "Air-Conditioning".

Architectural Club

SECOND, third and fourth years arrived home from Gull Lake to find first and fifth busy, first year with their work, fifth evading it. However, it didn't take long to get down to the old routine. Then along came the Annual Dinner, as usual, one of the most successful of our activities. This year we welcomed Professor Burden to our midst and it was quite apparent from the start that he would be popular with the fellows.

The next get together was the hockey game at Varsity Arena, now an annual affair. H. L. McQuire and his flying 3T5'ers added one more to their string of victories.

This year the Architects cut loose on their dance and had a real architectural party. Beautiful decorations, organ grinder and monkey, black guards, good music, in fact everything necessary to make a real success of the first Mauvals Arts Ball. The manner in which the staff co-operated on this occasion certainly pleased the club executive. We would also like to mention Mr. Wickson, our Honourary Chairman who has given his most enthusiastic support.

This year being the year of the Toronto Chapter Exhibition, the School had a well arranged exhibition in the Print Room at The Grange. On January 15 the charter was presented marking the formation of the Student Chapter of the Ontario Association which will undoubtedly bring about closer relations between the students and the profession.

We have only been able to touch on the high spots of our club activities. However, we feel that in doing this we have reviewed the highlights of a most successful year.

The Industrial Chemical Club

THE activities of our club have been quite numerous this year and in all cases have been very well supported. This has been due entirely to the close co-operation and whole-hearted support of the executive of the club. The work of "Jun" Mills on the Chemical Club dance and of Jerry Lee on the Chemical Club Booth at School Nite are of special mention.

The first smoker for the Fall Term was held on October 4th, 1934. At this smoker, some of our last year's graduates and some of our fourth year students told of their experiences during the summer. This was rather an innovation and I am sure all those present thoroughly enjoyed the talks.

At our next smoker Mr. C. R. Conquergood, of the Canada Printing Ink Co., addressed the club. His subject "Colour" was most fascinating and it was a subject we come in contact with every day, and which we treat very lightly.

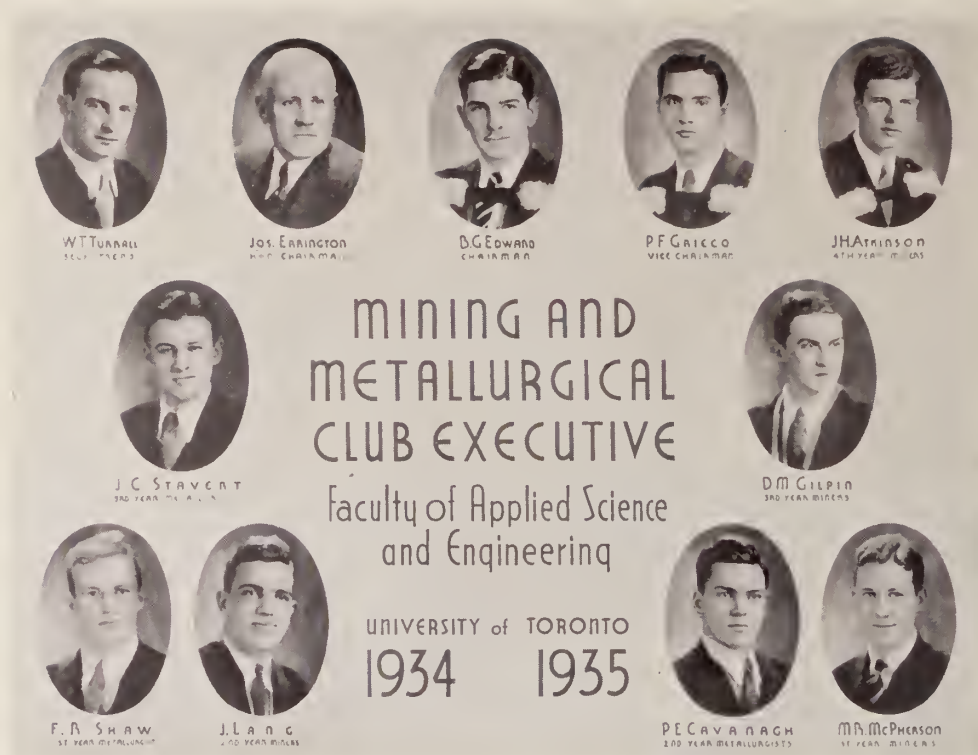

The third smoker on November 27 was addressed by Mr. W. E. Appleyard of the Canadian Kodak Co. He added a unique feature, in that he illustrated a very instructive address on the history of Photography with two hours of motion pictures.

One of the big events of the Fall Term was the annual excursion of the second, third and fourth years to the Niagara frontiers. The plants visited were:—The Ontario Paper Co. at Thorold, The Guaranty Silk and Dyeing & Finishing Co. at St. Kitts, and The American Cyanamid Co. at Niagara Falls. A few of the men pursued further studies in Buffalo. Needless to say the "Gayety" and "Dance-land" were much enjoyed. (Stop the car Ritchie).

The concluding function of the Fall Term took the form of a dinner, held at Coles College Street. Dr. A. E. Cliffe of Standard Brands, Ltd., the principal speaker, gave an interesting account of his experiences as a chemist and engineer.

To usher in the Spring Term, an informal dance under the kind patronage of Mrs. R. R. McLaughlin and Mrs. E. A. Smith was held at Malloneys Gallery and was greatly enjoyed by those who attended.

The Chemical Club's contribution to School Nite entertainment was that doubtful quartette "The Feeble Four From Fourth Year".

The Mining and Metallurgical Club

ANOTHER academic year has rolled by—a year full of achievement and success for the Mining and Metallurgical Club. Once again have Miners and Metallurgists proved themselves second to none; once again have they earned the right to be called the most active group at 'School'.

Such a reputation is by no means unwarranted but is one direct result of the whole hearted support given all Club activities by our undergraduate members and by the large number of Toronto mining men who so kindly interest themselves in our functions. This year we were fortunate in obtaining Mr. Joe Errington, President of Little Long Lac Gold Mines, as our Honourary Chairman. Due mainly to his guiding influence and sage advice we feel that the year 1934-35 will long be remembered as one of the most successful in the history of the club.

Early in the fall the Club welcomed to its numbers some fifty-eight freshmen who were, after the time honoured custom, on exhibition at the initiation smoker. On this occasion the entertainment was provided by our new members while being instructed in their duties after the traditional Club procedure.

The Inaugural Dinner was held at the Engineers' Club late in November with our Honourary Chairman as guest speaker. Over eighty per cent of our members turned out to welcome Mr. Errington and to applaud his very interesting talk. The attendance at this dinner set a new record in Club history.

The social side of the Club activities were well looked after by two most enjoyable functions. Early in December members of our Club were guests of the Association of Women of the Mining Industry at a delightful Tea-Dance held at the Womens' Union. To start the new year off right the Club held its annual At-Home at Malloney's Art Galleries and the echo of this unusual party will be heard in the vicinity for many a day.

In conclusion the Executive wish to express their appreciation of the loyal support of all our members and to wish the new committee every success for the coming year.

Victoria College Bob

THE BOB, in the words (almost) of the poet is "A fling of duty and annoy for freshmen". On "Bob nite", seniors, juniors and sophomores forget to be respectably frivolous and set themselves to the stern task of putting freshmen in their place, that is of introducing them by a time honored rite into the charmed circle of college life. Primitive man, and his equally primitive descendants today, never pretended that the rite of initiation was without discomfort or annoyance. It is a test of ability to bear unpleasantness in a sporting spirit and with a smile. Some colleges interpret this test in terms of physical endurance of bodily discomfort. We in Victoria pride ourselves upon our more excellent way, a relentless probing with shafts of wit and ridicule of the physical, intellectual and social foibles of freshmen, in the beautiful spirit that can truly say "It hurts me more than it does you!"

The class of '38 showed its ability to "take it" with the zest proper to what is, as the immortal Robert Beare himself would have called them, "the finest class in the history of the college."

TEACHERS' COURSE ASSOCIATION

Professor A. MacLean, C. C. Varcoe, P. Tooke,
J. F. Moore, Miss H. M. Queen, C. J. Hudgins, Mr. W. J. Dunlop, Miss G. Brown.

Teachers' Course Association

THE Teachers' Course Association was formed to promote the social and athletic activities of those taking the Teachers' Course in Arts in the University of Toronto.

The year's activities in our course fall into two divisions, those of summer and winter sessions.

In the summer several enjoyable events were held. Tennis, a reception, two dances at the Island Aquatic Club and a moonlight cruise on the Schooner Bluenose, were the highlights of the Summer Course.

During the winter session a successful bridge at Coles' Galleries and a skating party had a prominent place on the programme. But the event of the year was the class dinner dance held at the Granite Club on February 15.

An esprit du corps was fostered and the members kept in touch with the Executive's programme by means of the Association's little paper, "Campus Comment".

The Executive feel that the past year has been a most successful one. It has been so because of the splendid leadership of our president "Vince" and the loyal co-operation and counsel of Mr. Dunlop and his staff, and the students in the course generally.

The Physical Education Diploma Association

THIS organization is the unifying factor among the women in all four years of the Diploma Course in Physical Education, and under its guidance all the activities of the year are carried out.

This year the first monthly meeting took the form of a Weiner Roast at Lawrence Park, at which the members of the Association welcomed the first year students. Such enthusiasm was shown that all felt it a promising beginning for the year. Initiation of the Freshies by the Sophomores at a Supper Party, was the next event.

In November the Annual At-Home, the chief social event of the year, proved a great success due to the hearty support given the Executive. Just before Christmas, Miss Forster entertained the Staff and Students at a Sunday Tea and Carol Singing—this is an annual event and is always anticipated with pleasure.

The Badminton Tournament, as in previous years, occupied the time in January, and was won again by a member of fourth year, Miss Ethel Carnegie, after a close and exciting game with Miss Margaret Aitken, of first year.

A new idea was tried for the next meeting—a Mixed Party in the gym. when peals of laughter accompanied the "Allemande left with the corners all" of the Canadian Square Dances. Games, social, dancing and refreshments followed and, as is said, "A good time was had by all."

Helping the Alumnae with a Fashion Show of Past and Present Sports and Gymnastic costumes, at an afternoon Bridge, was a novelty enjoyed both by those participating and those watching.

Election of officers took place early in March, and the activities of the year will culminate with a Hike around Easter-time.

RESIDENCES

East House

FOUR YEARS! How far in the future the goal seemed when first we entered this unpretentious pile of red sandstone, inornately lined with green baize and red brick! How short those four years seem now with the end so close! Many have come and gone from year to year. How old and wise the senior men seemed in our first year! How young and immature we feel now that we have taken their places! What has this old tomb with its creaky floors and scarcely transparent windows meant to us? Short of a lapse into the language of a poet, the contributions of the residence and its activities to the lives of every man within its walls cannot be described. It has meant intimate contact with the best gang in the world from freshmen days to graduation—the historic bed-race (in which the honours are invariably carried off by East House); the harrier; the horn; serenading Whitney Hall; fights with Trinity and Knox; water-bags; inter-house sports; bun feeds at the Campus; banquets at Hart House (an innovation this year); informals at the Embassy; the At-Home; house meetings (resulting in little business but much song, skit and merriment); corridor scraps; the "Christmas present"; Sunday evening with the house-master. . . . Brought together as we are in a common pursuit of knowledge, our education is broadened to the fullest extent; we build up associations which will remain our prized possessions. East House will ever remain a pleasant memory in the minds of those fortunate enough to have lived within its walls, particularly those who have spent their full time at Varsity in residence. Classes come and go but memories and friendships linger. East House!

South House

IT WAS three o'clock in the morning. Sophomores were stealing silently about the House. Cold showers were turned on. Thirteen freshmen, sleeping the sleep of the innocent, were carried bodily and deposited in aforementioned showers. So began the Year of Our House 1934-1935.

In the realm of sport the House has kept up its high standard. The freshmen, under the "professional" guidance of the sophomores, easily won the harrier. After such a brilliant start we expect that at the end of the year the interhouse shield will once more come to South House. Congratulations are extended to Alf Williams, Turney Williams, Web Maguire, Flash Morrison and Jack Campbell who all made places on intercollegiate teams.

Mr. Leigh Glover, a graduate of last year and now the tutor, is ably handling the higher mental activities of the members of the House.

We feel that we cannot pay too great a tribute to our House Master, Dr. Hoskin, who has shown such an understanding and friendly interest in each of us and in all House activities.

It is with regret, that we, in the graduating year, find the time fast approaching when we will have to say goodbye to South House. We feel, however, that the friendships we have made here, the memories we carry with us and the training residence life provides will prove invaluable in years to come.

North House

A GAIN the house swarmed with familiar faces this fall, as the chaps assembled for another school year. Added to the familiar ones were many new faces—our freshmen, who peered about them with a great deal of wonder. The sophs soon took pity on them and introduced them, most gently to the various duties, which would be their privilege as freshmen to perform. They must have been very efficient as instructors and they must have had apt scholars, for the freshmen soon showed the result of their training by capturing several Queens students who wished to re-decorate the stadium.

The house fared rather poorly in the first athletic encounters with the East and South Houses. However, we are looking forward to the remaining contests and have no idea of letting the shield, which, for so long has reposed in our Common Room, slip from our hands. In the realm of intercollegiate sport the house has been well represented by several of its members.

Of the other activities of the house we would but mention the bed race which every one voted a huge success, despite the disapproval shown by Knox College. The Residence-at-Home speaks for itself.

This spring brings with it another graduation which has such a deadly effect on the senior members of the House. They will never forget, when in their widely separated paths of duty, the glorious times they had as undergraduates in North House, under Dr. Gilchrist's genial supervision. May fortune smile on them and bring them their rewards.

Those of us who are staying on, trying to obtain the goal these men have now within their grasp, will all work together to make North House better than ever and worthy of the traditions which have been handed down to us by the graduates.

The University College Men's Residence

THE U.C. Men's Residence is a diarchy controlled spiritually by the Dean and materially by the Superintendant. However most things of real value are achieved in the autonomous House Meetings acting through an extremely able Executive.

This year the Superintendent supplied us with a manual fire alarm. We feel that the money might better have been invested in coal; for our Residence is rather cold, especially during the Fall, Winter and Spring. One thing the Superintendent has done well, he has blest us with a new janitor who is at once pleasant, obliging and efficient.

The House has obtained a new Tutor this year, Mr. A. F. Plumptre, to take the place of the late lamented George MacGillivray who lit the nuptial torch and departed.

In spite of the graduation of our young intellectuals, the House maintains a still higher mental average than last year without losing anything of that outstanding individual brilliance for which the House is so justly famed.

Knox College Men's Residence

DURING the current session the Knox College Residence has again provided a happy home for those adventuresome spirits who have left their own firesides that they might pursue the quest for higher learning. The congenial atmosphere of its hallowed halls soon dispels that awful emptiness which dwells in the heart of every lonely freshman. Individuals drift into groups of kindred spirit, and friendships are secured by the bond of common interests. At the same time there is a diversity of outlook which never permits the individual horizon to narrow, for under one roof are sheltered men from many faculties. This fraternal unity combines with a breadth of vision to foster that empyrean reality known as college spirit, the cherished possession of every institution wherein it abides, the envy of all which have it not.

All affairs pertaining to residence life are under the supervision of a student government which not only contributes a practical consideration, that of administration, but which also provides a singular opportunity for experience in executive work.

The college building was designed to meet all the requirements of student life. The construction of the residence, the gymnasium, the library, and the chapel offer to the nurture of body, mind and soul, all that lies within the power of wood and stone.

The passing of years may dim the eye and cause the step to falter but he who has lived and moved within the fellowship of the Knox College Residence will never be parted from his treasure of vivid memories and happy friendships.

Intercollegiate Athletics

THE year 1934-35 may well be considered a successful one for the University of Toronto in the field of intercollegiate competition. Varsity's athletes and sportsmen this year hold eight intercollegiate championships and have a most creditable record in other sports in which they participated less successfully.

The Senior Rugby team relinquished the emblem of intercollegiate championship, the Yates Trophy, to Queen's when it lost in the play-offs by one point. The Intermediate team again won their group but lost out in the final play-off to McMaster at Hamilton. Once more the Junior team showed their supremacy by retaining the championship.

Varsity's Soccer squad, although they defeated R.M.C., lost the title in a hard fought battle with McGill.

The Senior and Intermediate Track titles went to McGill and McMaster respectively, Varsity losing out by a narrow margin in both cases. Toronto triumphed in the Senior Harrier at the Kingston meet, however, while McMaster won the Intermediate.

The English Rugby Team captured the intercollegiate championship again for the third year straight.

McGill took the Senior Tennis and Golf titles and McMaster the Intermediate Tennis.

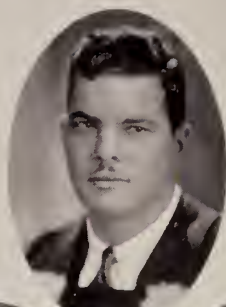

The Rowing title was retained by Toronto oarsmen for the sixth successive season. The Swimming meet proved victorious for the Varsity team who also showed their superiority over two American College teams. McGill retained the Water Polo Championship.

Varsity surrendered the Senior and Intermediate B.W. & F. titles to Queen's and O.A.C. but easily won the Caron Cup in Gymnastics.

McGill again won the Senior Hockey championships while the Varsity Juniors failed to make any headway in the O.H.A. Series.

The Senior Basketball team took the intercollegiate title and maintained an unbeaten record in the Big Six series as well. Fifteen consecutive victories were gained by Varsity. The Intermediate Championship was retained by Toronto also.

To Toronto's athletes who are graduating we extend our best wishes. You have carried the Blue and White into intercollegiate contests with honour and good sportsmanship and winners or losers, have brought credit to your University. Vale!

Senior Intercollegiate Rugby Team

VARSITY again produced a Dominion Intercollegiate finalist only to be nosed out of the championship by her old rival, Queen's.

Under the able coaching of Warren Stevens and with new recruits from Junior and Intermediate teams of last year, the Seniors again presented a formidable outfit.

Training commenced the first week of September with some twenty-five aspirants for the Seniors housed in Burwash Hall. Practices were held twice daily and gradually the powerful machine the "Blues" was rounded out.

The opening game, at home, was won by Varsity from McGill. The following week the Blue and White invaded London to take an easy win from Western by the overwhelming score of 34-17. Varsity, by this time, was looking forward with high hopes to the invasion of Kingston. Much excitement arose, as always when these two rivals meet. It was a very exciting game but unfortunately Toronto took the short end of a 4-3 score. It seemed that fate was against the Blue team for three placement kicks were attempted with no success. However the following week Varsity took her revenge in Toronto when the return game with Queen's was played. It was a closely contested game played before a capacity crowd. Varsity won by the score of 7-6, the winning point being kicked in the dying minutes of the game. By virtue of victories over Western and McGill by scores of 22-6 and 4-3 respectively Varsity finished at the head of the Intercollegiate League. Ordinarily Varsity would have been Intercollegiate Champions but the Canadian Intercollegiate Rugby Union ruled that a play-off game should be played between teams in first and second place.

This final game with Queen's will long be remembered by all those who witnessed it. Varsity took an early lead and with but a few minutes to go were leading 7-6. However Queen's rallied, tied the score by a kick to the deadline and then, with the clock ticking the last few seconds, one of Queen's half-backs returned a kick which was rouged. This gave them that one necessary point, making the score 8-7, and the Senior Intercollegiate Championship for 1934-35.

Toronto will lose many fine players due to graduation—Laing, Coulter, Keith, Dawson, Webber, Alison, Hennessey, Perry, and Warren. To fill their places next year there will be men from the Junior and Intermediate teams.

The team was fortunate in having one so well qualified to coach as Warren Stevens and to again have Joe Carruthers as trainer.

The Johnny Copp Memorial Trophy

THIS trophy, donated to the University of Toronto Athletic Association by graduates and undergraduates, is awarded annually to the member of the senior rugby team who in that season, by his sportsmanship, character and playing ability, is adjudged the most valuable member of the team. The award is decided by

vote of the players of the senior team and for the football year 1934 was won by J. R. Coulter, U.C. 1935, star quarterback whose playing last year contributed largely to the Varsity team's success. For the year 1933 the name of John C. H. Copp has been inscribed upon the trophy.

Awarded, 1934, to

Intermediate Intercollegiate Rugby Team

VARSITY Intermediates or Seconds were represented in their group by a strong team and, after making a rather inauspicious beginning, finally struck their stride and were finalists only to lose to McMaster after playing two games.

The opening game of the schedule, which was played with R.M.C. on Thanksgiving Day prior to the Old Boys-Varsity game which was played in memory of the late Johnny Copp, terminated in a tie 4-4. In the following games the Intermediates were successful in winning by 11-3; 12-10 and 30-9 from Queen's, R.M.C. and Ottawa College respectively. One of their scheduled games was lost to Queen's in Kingston by the score of 16-10.

This gave Varsity Seconds the championship of the Central Group and they were then slated to meet Bishop's College, the winners of the Eastern Group, in Toronto in a sudden death game. This game was won by the score of 18-7 by Varsity. By virtue of this victory they entered the finals with McMaster University, the winners of the Western Group. The first game was played in Toronto and ended in a 14-14 tie. This was a very exciting game—Varsity led the Hamilton team up to the last quarter during which the strong McMaster team tied the score. The final game of the season was played in Hamilton on a field of mud. The McMaster outfit took a lead just previous to half time and Varsity, fighting to come from behind, were unable to overtake them. The game ended 7-1 for McMaster and brought the curtain down upon a very successful season.

Much credit for the success of the Varsity Intermediates is due to the coaches, Dr. J. D. Sinclair and Mr. Lou. Hayman, who spent much time and unlimited effort in drilling the squad into a smoothly functioning team and also to the trainer, Frank Jackman.

The Intermediates do not receive much support from the student body but it is from this team and the Juniors that the Seniors draw their material and when the fall of '35 rolls around many of this team will be seeing service on the Big Blue Team.

University of Toronto Junior Rugby Team

BECAUSE of the default of the Eastern Junior Intercollegiate winners and the failure of a Western grouping to be formed, the University of Toronto Junior Intercollegiate Rugby team was crowned champions by default and so held the Jimmy Douglas Memorial Cup for another year.

Although not playing a game in the Intercollegiate series, they showed a marked superiority over the only Intercollegiate team they played by downing R.M.C. in a pre-season game 18-0.

This year the team played in the Junior O.R.F.U., grouped with Argos, St. Michaels and Dundas, and in spite of the fact that they didn't win all their games, they showed a fine fighting spirit and gave a good account of themselves.

To Coach Don Graham can be given the greatest praise for moulding this fine team, which we feel was a real credit to the University of Toronto.

Senior Intercollegiate Track, 1934-35

THE Senior Track team was again under the guidance of Hec. Phillips this year and fulfilled the high hopes held for the promising material of last years meet. The Senior Intercollegiate meet was held this year in Montreal and although the Toronto team was not successful in winning the title it was not until the final event of the meet, the relay race, that McGill succeeded in nosing Varsity out to come out victorious. The team on the whole made the best showing that has been made in some years and every man deserves credit for his part.

Toronto succeeded in winning 5 events and setting 2 new records. Ron Westhauser, this year's Captain set a worthy example for his team mates by breaking the record for the Discus throw in the opening event. Alex Munroe of Olympic fame, and former Western star, ran true to form by setting a new record in the high jump and then winning a close second in the shot put and a third in the Javelin. The three mile, long held by Toronto was again retained by Hogg's decisive victory. The other event winners were Hamilton in the pole vault and Maguire in the broad jump. A promising young star brought to light, was Rankin, who although young in competition ran a beautiful race in the mile to come second and should be heard from in future meets. To individualize further would be to go to too great length but let it be said that the team as a whole deserves credit for their great work and it is hoped next year will see the Title brought back to Toronto.

Further honor was brought to the Track Club this year when Jack Magladery, President of the Club and also President of the Intercollegiate Track Union was chosen a Rhodes Scholar. Magladery's untiring work and interest was an essential factor in the club's success and we wish him continued success in his studies abroad.

University of Toronto Harrier Club

THE University of Toronto Harrier Club held their annual Interfaculty race on October 30th over the new five-mile course in High Park. Bill Hogg of S.P.S. and Bill Kibblewhite of Wycliffe battled for first place most of the way and Hogg won on the last stretch. Burton of Trinity, Magladery and Thompson, both of Meds, followed the leaders. About 55 runners faced the gun. Wycliffe for the second successive year retained the Brotherton Cup.

On Saturday, November third, the Intercollegiate Intermediate Harrier race was held in Guelph at O.A.C. As a team Varsity placed second with 26 points. Heuther, who ran in third place was the first Varsity man to finish. He was followed by MacKerracher in fifth place, Smith eight, MacAdam tenth, and Stone. On the same day the Senior team ran in the annual five-mile Dunlop road-race around Queens Park. The team finished in third place Hogg and Kibblewhite doing very well by running third and fourth. Burton was tenth and Thompson twelfth.

On Saturday, November tenth, the Annual Senior Intercollegiate Harrier was held in Kingston at Queen's. The Varsity team won the championship, having only 16 points scored against them. Bill Hogg was the individual winner, followed by Slate of McGill and Kibblewhite of Varsity. Thompson, Burton and Magladery of Varsity ran fifth, seventh and ninth.

University of Toronto Intermediate Harrier Team, 1934-35

THE Intermediate Intercollegiate Track Meet was held in Toronto this year and provided a very keen brand of competition. McMaster were confidently sure that this year they would again carry off the championship by a large margin, but met unexpected opposition in Varsity's team. Considering the small number of men who have been turning out with Hec. Phillips for daily training, the Intermediates displayed an ability and competitive spirit that was continually surprising both to the crowd and their competitors. After a bitter struggle which lasted during the entire afternoon McMaster eventually won but by the slim margin of nine points. Harris was perhaps the most outstanding for Varsity as he won both the 100 yards and 220 yards, but the whole team gave a well balanced performance which was a credit to their coach and their university. The scores were: McMaster 55, Varsity 46, Western 21, O.A.C. 13.

University of Toronto Ski Club

THE University of Toronto Ski Club was formed in 1930 through the efforts of John Dinnick and Ross Wilson. That year a team represented Varsity in an Intercollegiate competition sponsored by the Sno Birds Club at Lake Placid, N.Y.

In 1934 the Ski Club was accorded recognition by the Athletic Directorate and colours were granted on a competitive basis. A membership fee was imposed and an official crest adopted.

Due to the generosity of Mr. Ross Workman in offering to supply the Toronto Ski Club with ice cuttings and snow from the Stadium Rink for the jump at Thorncliffe, full membership privileges of that club were extended to Varsity skiers.

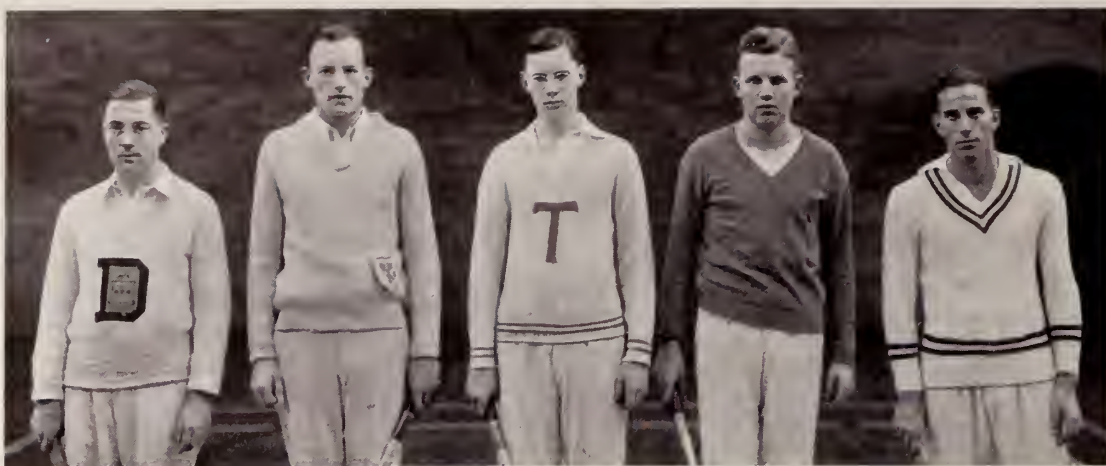

This year the club has an active membership of 45 and is looking forward to a promising future.

Senior Tennis Team

THE senior team again failed in its attempt to wrest the Intercollegiate tennis title from McGill who have successfully defended it for the past five years. Toronto was seven points behind McGill, being followed by University of Montreal, Queens and Royal Military College in that order. The results were gratifying in view of the poor results of the 1933-4 tournament from a Varsity standpoint. McGill was the host college and conducted the meet in efficient manner. Ideal weather conditions coupled with strong individual entries from Queens, University of Montreal and McGill made it the best of recent College tournaments. Crowson and Eaton were unfortunate to lose in their opening matches while Pigott and Hermant each won points only to be beaten by the eventual finalists. The doubles results were more satisfactory in that Varsity placed two teams in the semi-finals and one team in the finals, eventually losing to the strong McGill combination of Murray and Robertson. Murray who is now ranked third in the Dominion won the individual title formerly held by Watt of McGill when he defeated Leclerc of University of Montreal in a well-played final.

The annual interfaculty tournament evoked the usual keen interest which gives one ample reason to deplore the lack of proper facilities for tennis within the University itself. Prospects for next year are bright in that the present team will be practically intact and is optimistic enough to visualize an improvement in playing ability during the summer, and consequently in the results of the tournament next autumn.

TENNIS TEAM, 1934-35

D. J. Kelly, S. F. Rae, K. Campbell, W. K. Shultis, R. E. Young.

Intermediate Intercollegiate Tennis Team

THE Intermediate Intercollegiate Tennis Team of the University of Toronto took advantage of the grand tennis weather in mid-October in their preparation for the Intercollegiate tournament scheduled for Western in London on October 26. Of the 1933 squad only Saul Rae was left and a cosmopolitan team consisting of Keith Campbell of Trinity, Bob Young of S.P.S., Ken Shultis of Dentistry, and Dan Kelly of St. Mike's, with Rae of University College as Captain was chosen. The first day's play in London left Varsity in the lead—Young, Shultis and Kelly coming through in the Singles, and Rae and Kelly winning in the Doubles. Then came the flood. All London on the morning of the 26th was under a foot of snow—play was rendered impossible. Finally, after much deliberation, the tournament was transferred to the Thistle Club's indoor courts at Hamilton, and from then on Toronto's racquetteers met with one reverse after another, Ken Shultis being the only player on the Blue team to squeeze through to the semi's, where he was beaten by C. Palmer who later won the Singles title for McMaster. McMaster, playing on a familiar court, found little difficulty in baffling their opposition, with the result that Western and O.A.C. soon left for home.

The finals of the Men's Doubles was a thriller all the way. Rae and Kelly teamed together in excellent fashion, and made the McMaster aces, Palmer and Doolittle, work like Trojans to pull out a tight victory. The scores went to 10-8, 7-5, 6-8, 7-5, before the Toronto lads bowed to their steadier opponents. In point standing, McMaster finished on top, with Toronto second, and O.A.C. and McMaster bringing up the rear.

FRONT ROW—W. M. Pratt, F. J. Stapleton, D. P. Rowland, J. H. MacPherson, G. E. Schuett, F. H. Rowlinson.

Intercollegiate Soccer Team

THE soccer team were not successful in their attempt to retain the championship they have held for the past three years. However they made a splendid showing and are to be congratulated on this as they lost four of last year's team by graduation.

The team travelled to Montreal this year and were nosed out by the only goal of the game. The game with R.M.C. was staged in the stadium as a curtain-raiser to the Queen's-Varsity rugby game and the innovation proved to be a happy and successful one. The local team hit its stride and easily blanked the opposition 6-0.

J. Bowen, G. F. Schuett and David Rowland are the three players who will be missing next season and all three will be hard to replace. "Davie" Rowland, manager of the team for the past two years, has been the guiding spirit of soccer in the university for many years and has largely been responsible for bringing the game to its present position. It is to be hoped that this position may be maintained.

Next year's team faces a difficult task as it tries to regain the championship, but with what is left of the present squad and the new material which was developed this season in Inter-Faculty competition the Blue and White are bound to make a good showing.

English Rugby Club

THE season 1934-35 has been a banner one for English Rugby. As a result of decisive victories over McGill and Queens, the Intercollegiate championship once again comes to Toronto. Winning 3-0 in Montreal, and 15-0 against Queens here, the Varsity fifteen demonstrated their superiority in this field of intercollegiate competition, and finished the second consecutive season without being scored on in the intercollegiate series.

The senior team added further laurels with their remarkably strong showing in the Ontario league. Of the four games played they won three and held the strong Toronto Club to a tie in the fourth. Four members of the team were chosen to play for the Toronto All-Star team against Hamilton, and others were in line for the Ontario-Quebec game which unfortunately coincided with the Queens game here.

The second team gave a good account of themselves and were unlucky in not securing a win on several occasions. Many of these men will prove decided assets to the senior team next season.

Graduation this spring will remove many of the veterans of the team. However excellent material is available from the ranks of the second team, and with the able and enthusiastic coaching of "Jimmy" Bowles, Varsity will be well represented next season.

Senior Hockey Team

UNFORTUNATELY this year the senior hockey team has had a very disappointing season. With last year's team practically intact and the addition of some seasoned players from Ottawa, prospects at the start of the year were decidedly bright. But in the final standing of the O.H.A. there was but a single tie on the credit side of Varsity in 16 games. In the Intercollegiate schedule three of the four games were lost, the only win coming in the final encounter with Queen's, after the championship had already been clinched by McGill. The one bright spot is the six straight triumphs over American rivals, three from Harvard, two from Yale, and one from Princeton. This at any rate is a better record than even McGill can show. It is difficult to understand the poor showing since last year the same coach, Warren Stevens, had piloted an inferior team, on paper at any rate, through a creditable Canadian campaign. However we can look forward to a successful season next year.

The goal-keeping job was divided between Shipp, Loughheed, and finally Shipman and all turned in creditable performances, with Loughheed being especially brilliant at times. At the start of the season Reg. Fullerton and Campbell formed the defense, but unfortunately Fullerton broke his leg before Christmas. Charles, who replaced him, became one of the most valuable players on the club. The first forward line was composed of Hendry, McClelland and Captain MacPherson, the latter two scoring the majority of the team's goals. Devine, a splendid play-maker, was the pivot man on the second line, and the two wing positions were filled at one time or another by Sweeney, Jeffrey, Kiefl, Valiquette and MacIlquhan, the latter a freshman who showed decided promise.

Most of the men will be back next year, when it is hoped they will put Varsity back in her proper spot in the hockey world. The writer feels that he must be the jinx, for he has managed two potential winners, the junior team of two years ago and this team, through two disastrous seasons. Next year he hopes to cheer the team on to many victories from the top balcony.

Junior Hockey

ON the record of this year's junior hockey team one would think it difficult to find many words of praise. In the S.P.A. series they defeated Toronto Dukes in the first game 4-2 and then lost to St. Mikes by the large score of 10-0. These scores do not indicate the play by any means. The team was late in starting its practices and the fourscore players were not completely weeded down to a team. In the O.H.A. the Juniors were grouped with Young Rangers, Parkdale Canoe Club and the newly formed Toronto Cubs. It was a very evenly matched group and all games were close and interesting, as Junior hockey games are. They finished the group with a record of one win, one tie game, and seven losses. Four of these losses were by a one goal margin and could have been easily won by the Blue team.

Typical of most of our defeats this year was the last game with Parkdale Canoe Club. The team outskated and outshot their opponents but were singularly unlucky in putting the puck in the net. Parkdale scored a goal in the last minute which spelt another defeat for the Juniors, but gave no indication of the Junior's effort.

An exhibition game against Oakville resulted in a loss by 7-4 and also a later game against Oshawa Majors in a 14-2 defeat. In both these games the team played good hockey but were playing against much more experienced opponents.

The team as a whole gained the reputation around hockey circles of a fast-skating, hard-checking outfit who were unable to capitalize on goal scoring chances.

The team was ably coached by the genial Frank Sullivan who tried valiantly to develop them into a winning organization.

Varsity Beavers Hockey

THERE was a new departure in the history of hockey at the University this year with the entering of a team in the Major "A" series of the Toronto Hockey League. This team has provided the only bright spot of a decidedly disappointing season as far as hockey is concerned at the U. of T. After a long schedule, the Beavers find themselves in second place in the league standings and, at the time of writing enter the play-offs as possibly the logical choice for the T.H.L. Commercial Championship and if victorious will in all probability challenge the winners of the Toronto and York Mercantile League for the city championship.

The Beavers while somewhat on the light side, are a fast-skating aggregation and favour a pleasing style of wide-open hockey which has merited for them a place of high esteem in the eyes of the rabid commercial fans. However for some incomprehensible reason, the support of the student body has been most conspicuous by its complete absence and it is lamentable that so little interest has been given to this year's only successful Blue hockey team.

For the play-offs the team has been greatly strengthened by the addition of several players of proven ability from the senior team. The four teams in the play-offs were well-matched with Royal Canadians, the O.H.A. Intermediate title holders, being eliminated by Bell Telephone. Hinde and Dauch, last year's finalists, were put out by Varsity. On past performances, the Blue team should prove superior to Bell Telephone in the finals.

Much credit for the team's success must be given to the players themselves who entered into the games with a good deal more enthusiasm than was evidenced in the majority of the senior games. However while the players were enthusiastic, they stuck strictly to hockey and avoided the fighting and crude play that so often characterizes commercial hockey.

The only regrettable incident of the entire campaign occurred on December 5 when Max Fullerton, star defence player accidentally suffered a broken leg for the second time within six months.

It is to be hoped that this highly successful innovation will be repeated in coming years as it gives players over the age limit and lacking in senior ability an opportunity to play hockey for the University.

University Golf Club

THE Golf Season is drawing to a close by the time the University opens in the Fall and an elimination round for places on the Varsity Intercollegiate team was held within the first week of school. The six men who qualified were Stan Biggs, Bill Sutton, Gordon Wurts, George Stewart, Ken Williams and Carl Burton. On October 12th the Individual Intercollegiate Championship was held over the Lambton Golf and Country Club with six men entered from McGill, four from R.M.C. and one from McMaster. The individual honours went to Bill Bush of McGill as a result of the thirty-six holes played on that day. On the following day, the Varsity and McGill teams met in an eighteen-hole two-ball foursome match with the latter again coming out on top.

On November 30, the University Golf Club held its annual meeting at which Stan Biggs was re-elected captain and President for 1935-36 and Bill Sutton elected Secretary-Treasurer and Vice-President. Gordon Wurts is the only graduating member of this year's team and with Whiting Lathrope back in the running, Toronto will be able to send a strong team down to Montreal next October to avenge the double defeat here this year.

ABSENT—G. A. Wright, W. W. Snelling, C. Pocius, G. Bachert, S. Scheffer, Mr. C. Chilcott (Wrestling Coach).

Boxing, Wrestling and Fencing Team, 1934-35

THE season has been a full one for the boxers, wrestlers and fencers. The Junior Interfaculty assault had a large entry of enthusiastic lads who made up in willingness what they lacked in experience. Dr. Les Black with the aid of Mr. Frankie Brown then proceeded to get the boxers into intercollegiate shape, while Mr. Cliff Chilcott and Mr. Martin did the same for the wrestlers and Mr. Walters and Mr. Bradfield handled the fencers.

The first outside meet of the season was on Jan. 26th when the Syracuse University boxing team visited us. Syracuse won the United States intercollegiate championship last year and demonstrated their right to the title by winning six out of their eight bouts here. The two wins for Varsity were scored by Smith and Millson.

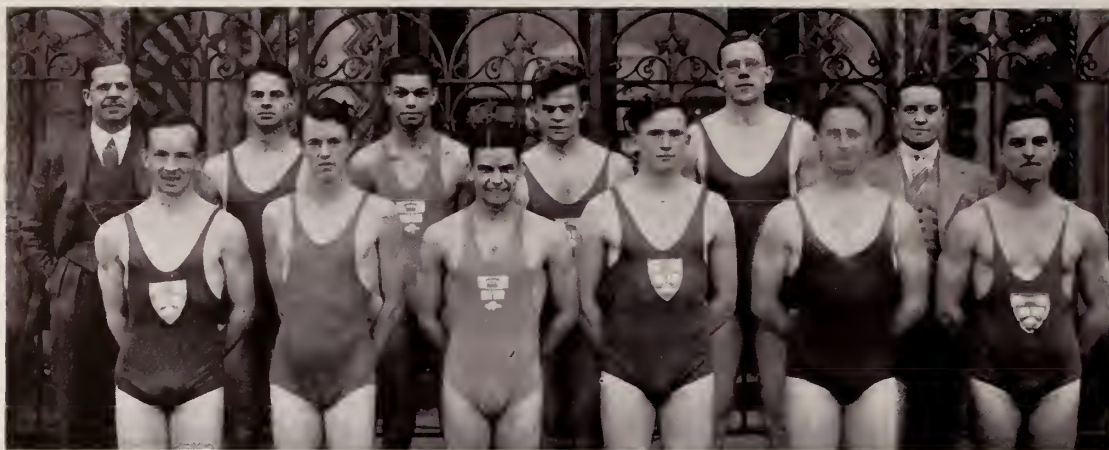

Then came the Senior Interfaculty assault. The entry was smaller than in the past. Meds won the Davidson Cup emblematic of the championship, held last year by O.A.C. This year, as O.A.C. had been accepted in Senior Intercollegiate ranks, only their second string men were eligible for the Senior Interfaculty assault.

On February 9th the wrestling team journeyed to Rochester where they met a team from the Mechanics Institute, to whom they lost a close and interesting meet. Austin, Johnstone and Van Allen won their bouts.

On the same date the boxers and fencers went to Cornell where the boxers won four and lost four bouts. The fencers lost by a small margin.

The Intercollegiate assault was this year a chapter of accidents. Queens avenged their defeat of last year by winning decisively. Varsity was next, but unfortunately definitely in the rear, Millson scoring the only boxing win while Wright and Johnstone won in the wrestling division. This is Johnstone's fourth intercollegiate championship.

The prospects for next season look promising as most of this year's squad will be back.

INTERCOLLEGIATE CHAMPIONS, 1934-35

BACK ROW (Left to Right)—Mr. R. H. Lowndes (Coach), I. L. Jennings, C. A. McCatty, M. W. Murphy, D. B. Bruce (Manager).

University of Toronto Swimming Team

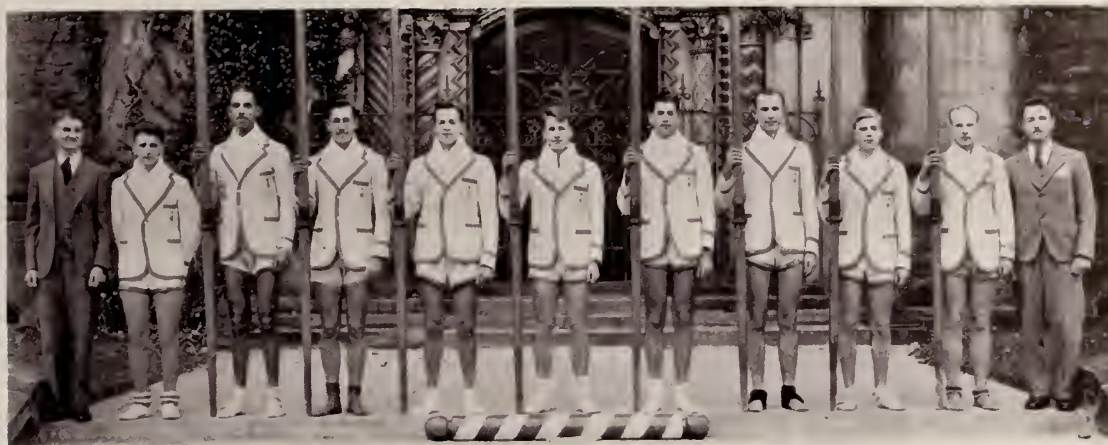

HEADED by Captain Winston McCatty and his brother Cressy, the Varsity Intercollegiate Swimming team has enjoyed, for the first time in six years, a 100% batting average, scoring four decisive wins in as many meets, the Canadian Swimming Club being defeated by 41 to 24.

On January 18th, 1935, the team comprised of the two McCattys, Vince Collins, Bryant Woods, Carl Eggert, Curly Stratton, Russ Dilworth, Morris Murphy, Tom Bickle and Paul Hooper set sail for Buffalo State Teachers College where an aquatic tilt was held with a team of the best produced in Buffalo. However, good as they were, Varsity defeated them to the tune of 58-17. Strengthened by their success the team pushed on to Rochester and on Saturday night were again victorious, this time over the University of Rochester, one of the most powerful swimming teams in the States. In both these meets, new pool records were set up by Murphy, Wins. and Cressy McCatty and Collins.

The swimmers next journeyed to Montreal to meet McGill in the Notre Dame de Grace pool—their final proving ground. Regardless of the two powerful Bournes, Varsity completely swamped McGill who barely eked out a three point lead over McMaster. Out of eight events Varsity took five firsts, three seconds and two thirds, piling up a score of 39 to 20 against McGill, McMaster finishing with 17.

The brothers McCatty accounted for firsts in the 440 yds. and the 100 yds. back and were responsible for the record breaking 3 man relay. Wins. also placed third in the 100 yds. free while Murphy defeated both Bournes in the 50 yds. free style for a time of 25 2/5 secs. George Otter, Cressy McCatty, Murphy and Dilworth took second in the two hundred yds. medley relay, the final event of the evening. Carl Eggert, ably coached by Mr. W. Winterburn, won his spurs by a close victory over McWhirter of McMaster and Mills of McGill, becoming the new Intercollegiate Diving Champion and giving Varsity an unbeatable lead.

An old Spanish custom was observed when the team took matters and Coach Roy Lowndes into their own hands and tossed him in the pool, clothes and all. Roy deserves considerably more than a word of praise for turning out a winning team, particularly since this success marks the culmination of six years battling with our Ancient and Honourable Rivals, Old McGill.

UNIVERSITY OF TORONTO ROWING CREW
INTERCOLLEGIATE CHAMPIONS, 1934

G. J. Ozanne (Manager), S. McClatchie, R. E. Willis, H. F. Miller, E. R. Eaton, J. A. MacDonald,
G. C. Haig, W. J. Millyard, D. G. Macdonald, G. G. Bradshaw, A. C. King.

Intercollegiate Rowing Crew

FROM what remained of the crowds who frequented the Rowing Room during the winter months Professor Loudon assembled a Heavy and a 150 lb. crew for the Dominion Day Regatta on the Exhibition Course. The former was comprised of Solway (cox), Willis (stroke), Bradshaw, Eaton, Millyard, Bridle, Hallman, King and Haig (bow). The latter consisted of McClatchie (cox), Cameron (stroke), Baillie, Greenwood, Miller, Crossley, J. Macdonald, D. Macdonald, and Woods (bow).

After the rather less than mediocre show that these crews put on in their races, the Intercollegiate crew was selected during the first week of July. At the Henley this crew was defeated by inches in one of the best races of the regatta, by the heavy crew of the Detroit Rowing Club who outweighed them twenty pounds per man.

The Intercollegiate Race was held on the Lachine Canal on October 8th, and was featured by assorted cloudbursts and cyclones. During one of the latter the Varsity Crew sneaked over the finish line, to win by two lengths and chalk up the seventh consecutive victory for Toronto.

UNIVERSITY OF TORONTO GYMNASTIC TEAM

University of Toronto Gymnastic Team

FOR the third consecutive year, the Varsity Gymnastic team won the Intercollegiate title, defeating McGill decisively, at Toronto. Not only did the team win all of the four events, but Varsity even took the first five places in the individual ranking, winning three first colours.

Mr. Alan Keith, coach and former Olympic gymnast, and Mr. D. M. Barton, director, are the men in charge, and results are indicative of their efforts.

The team members also deserve mention. Jack Farrar, of Forestry, was an exceptional President as well as a power on the team. E. S. Macdonald, manager of the club, won the individual title, and Charles Kirk, of Trinity, interfaculty champion, was runner-up for the second consecutive year. Francis Buck, also of Trinity, the sole newcomer to the team, proved to be the most valuable recruit in recent years. Bev. Lewis of S.P.S., last year's spare man, demonstrated his right to a position by winning the Intercollegiate Tumbling. George Beard, alternate, also an engineer, was handicapped by a sprained shoulder, but performed like a regular.

With only one member of the team graduating—Kirk—we may be pardoned for hoping that the Caron Cup may remain in Hart House for some years to come.

SENIOR INTERCOLLEGIATE WATER POLO TEAM

LEFT TO RIGHT—D. Light (Coach), M. Murphy, C. McCatty, A. Culiner, M. Devitt, B. Hardy, M. Twible, W. McCatty, E. Davey (Captain).

Intercollegiate Water Polo Team

THE Varsity Senior Water Polo Team of this year was one of the best teams turned out for some time but they were unfortunate in that they met a similarly strong and well balanced McGill squad for the Hershorn Trophy.

The first game played in Hart House Pool was a thriller all the way, the score alternating until the last quarter when McGill secured a two goal lead to take back with them to Montreal. The score ended McGill 6, Varsity 4. This lead proved sufficient but only after a very hard fought game in Montreal where the Toronto boys reduced a three goal lead on the round established in the first few seconds of the game to a one goal lead and came very close on several occasions to tying the round. However McGill sank a penalty shot just before the final whistle to make the score on the game 2-2 and on the round McGill 8, Varsity 6.

In the Ontario Water Polo League formed this year, the Varsity Senior team played some of their best games and held the league lead all season until the last two games when riddled by injuries to some of their regular players and examinations they were forced to relinquish their lead to the strong Canadian Swimming Club team. However in both leagues the Varsity boys gave a very creditable account of themselves.

The Juniors did not fare so well this year, but this was largely due to inexperience, the majority being first year men in the league. With the experience gained this year together with the players still left, Varsity should be able to mould together a strong senior team for next year.

The graduating numbers of this year's team are as follows: W. McCatty, E. A. Bancroft, M. Devitt, M. Murphy, P. Hooper, A. Culiner, B. C. Hardy and E. L. Davey (Captain).

University of Toronto Senior Basketball Team

THE University of Toronto was fortunate this season in being represented by one of the most colourful and competent teams to wear the "Blue and White" in recent years. Two senior championships were won, both the Intercollegiate and "Big 6" trophies returning to the University trophy case. Fifteen straight victories were won and a perfect season spoiled when in the last five seconds of the sixteenth game the University of Western Ontario's smart team won an unexpected victory and broke the "Blues" winning streak.

The Toronto quintet again toured the United States, participating in five games. Two of these resulted in victories for Toronto. University of Buffalo were defeated 44 to 38 in a thrilling overtime game to mark the first Toronto victory against the Buffalo Bisons. Hartwick College also succumbed to the Blue attack for the second time in successive years. Games were lost to Niagara University, Alfred University and St. Thomas College.

In the Intercollegiate series the University of Toronto met their only Canadian loss of the year but won the championship without being threatened at any time in the season. A total of two hundred and eleven points were scored against a total of one hundred and forty-eight by all opponents. This is an average of over thirty-five points a game which gives an idea of the Blues scoring strength. McGill, defending champions, were beaten 42-26 and 36-27. Queen's were beaten quite handily 41-29 and 36-27. In London the "Mustangs" were beaten 31 to 15 but in the return game in Toronto played inspired basketball to register their thrilling last moment victory, winning 29 to 30.

In the Big 6 series, ten straight wins were registered, two from each of the five other entries, St. Catharines Grads., McMaster University, Aberleys, West End Y. and Danforth S.M.C. All entries in this league were powerful teams and many thrilling games were played. One of the best of the year was against St. Catharines at Hart House when Varsity doubled the score on St. Catharines, 44 to 22.

Eleven men composed this year's team, all of them sufficiently good to give the team an all-star rating. Five forwards were used during the season, all of them seeing considerable service. In the Intercollegiate series Hugh Marks, Bill Bodrug,

Irwin Levy and Normie Newman were used. In the "Big 6" series Denny Meagher, who was not eligible for Intercollegiate, was added and was outstanding throughout the whole season. Alex Munroe, Olympic high jumper and Leo Crowley alternated at centre. Both these men were playing their first year in senior Basketball and were highly effective through the season. Joe Connelly and Phil Gold formed the regular defence with D. A. "Red" Gordon and Joe Mencil alternating. All four men turned in a good season with Joe Connelly being outstanding from a scoring standpoint, leading the team with one hundred and sixty-three points for the season. Of this group three, Levy, Munroe and Mencil, will be lost by graduation, the latter two to teach and Levy to enter business. Meagher will not be returning to school and will also be lost to the team.

The team was ably managed by Ralph B. McKibbin who will also be lost to the team by graduation. McKibbin has served as a basketball manager for three years and has the distinction of managing an intercollegiate championship team on each occasion, Junior, Intermediate and Senior. Ralph has been one of the most efficient managers in the experience of the club and will leave with the respect and friendship of all members of the club.

Lou Hayman of Syracuse and Argo fame coached the team and his untiring efforts through a long and arduous campaign were in no small measure responsible for the success of the team.

Junior Basketball Team

VARSITY JUNIORS were again entered in the Junior Y.M.C.A. League with St. Michael's College, West End Y and Broadview Y. Broadview finished in first place with Varsity in second. In the playoffs with Broadview, Varsity won the first game at Hart House but lost the last two which were played on the Broadview floor.

Cooper, Krakauer and Harlock were the only veterans from last year's team, the rest being freshmen. Molson, Hogg, Dorsey and McGregor were outstanding among the freshmen and should make valuable additions to next year's teams. Roberts, Denne, Green and Anderson formed the balance of the team and all played well.

An exhibition game was played against University of Western Ontario which was won by Varsity by a decisive score.

University of Toronto Intermediate Basketball Team

THE University of Toronto Seconds again defended their title of Intermediate Intercollegiate champions, bettering their record of last year by going through the college season undefeated. At no time in the race was their supremacy threatened. O.A.C. was defeated 29 to 10 and 26 to 17; two games were won from McMaster 43 to 15 and 28 to 25. Western proved no sterner opposition and was defeated twice 29 to 7 and 29 to 20.

The team was again entered in the Intermediate Y League where eight games were played. Varsity won four and lost four. Pressure of school work, illness and accidents made it impossible to field a strong team in this league. However it proved a valuable training ground for the Intercollegiate series.

Ten men were carried throughout the season with several others being used in occasional games. C. D. Sullivan and Charlie Magwood formed the regular forward line with Gerry Vanderleck at centre. Henry Himel and Jack Carey alternated with Jess Fitton and Harry Newman on the defence. Bill Gibson, Gus Doran and Charlie Krakauer played splendid basketball being used mostly on the forward line.

Of this year's team five will be lost through graduation. Vanderleck at centre, Magwood and Gibson on the forward line and Fitton and Harry Newman on defence. Gibson expects to continue his studies at O.C.E.

The team was managed by E. C. Colter and George Morrison and coached by John E. McCutcheon. Colter and Morrison have rendered valuable service to the club for two seasons. Pressure of work has forced the resignation of Morrison but Colter will continue next year as Senior Manager.

Trinity College Athletic Association

THE year 1934-35 has been a very satisfactory one from the point-of-view of athletics in Trinity College. On the following pages pictures of a few Trinity Teams participating in Interfaculty Sports are presented. Unfortunately lack of space prevents the inclusion of more than a few of the teams representing the College.

The following teams did exceptionally well in the interfaculty series and deserve special mention: The Swimming Team, Captained by W. A. McCatty and the Gym Team led by C. B. Kirk, for winning interfaculty championships, the Lacrosse team for entering the semi-finals of the Dafoe Cup Series, and the Hockey team for winning their group title. J. H. Mitchell, who won the Senior Interfaculty Fencing Championship, is especially to be congratulated.

During the Fall Term the annual Track Meet was held and was marked by somewhat more interest than in former years. Several new records were established. On November 29 the Association held its Annual Athletic Dinner. Among the guests present were the President, Dr. J. G. Althouse, Professor M. A. Mackenzie and Thomas Church, M.P. After the presentation of cups and medals the First and Second Years indulged in the traditional Cake-Fight.

On December 4th the Annual Athletic At-Home took place in the College. It was particularly well attended by a large number of graduates, all of which added greatly to the success of the evening.

Medical Athletic Association

THE Executive of the Medical Athletic Association is comprised of the President, Vice-President and Secretary-Treasurer from sixth, fifth and fourth years respectively, and year representatives from each of the junior years. In addition, the office of Quartermaster is filled by appointment from the Executive. The administration of all Inter-year and Interfaculty Athletics is controlled by the Executive, as also is the granting of the Medical Athletic letter "M".

It has been the aim of the Medical Athletic Association to foster the participation of as many students as possible in Athletics. The object, first and foremost is to develop the individual physically which is a needed requirement for every student, and to give him helpful and enjoyable recreation.

More than ever this year, the purpose of the Executive has been to revive the Inter-year competitions, which is the chief method of introducing new men into athletics. In addition, this brings to light new stars and helps to improve the old ones, so that the position of the Medical Teams in the Interfaculty series is maintained. This purpose has been obtained this year and the faculty, as of old, has contributed her full share of men to the Intercollegiate teams.

Junior Medical Rugby Team

FOR the first time in many years the Faculty of Medicine were represented in the Mulock Cup Final for the Interfaculty Rugby Championship. This outstanding accomplishment was enacted by the powerful Junior Medical Team, every member of which deserves much credit for his fine playing and excellent sportsmanship shown in the final game against Dents. This game was the hardest fought game of the season and a mighty hard one to lose. All credit is given to the Dents team who conquered our much fancied boys. We hope they will be back as strong as ever next year with another splendid account of themselves.

Athletic Association (S.P.S.)

THE School Athletic Association was formed around the year 1902. Previous to this time each individual sport had its own Club and Executive and there was no union between the clubs. The University Athletic Association was formed and shortly afterwards School started their Association which was the governing body for sports carrying its name.

The purpose of the School Athletic Association today is to support interfaculty sports, to try and get as many Schoolmen as possible into a sport of some kind, and to aid the University of Toronto Athletic Association in any way possible.

The Association consists of honorary members, the executive elected yearly from the undergraduate body at School Election, and the student body consisting of all Schoolmen. This body supports all sports that the interfaculty union provides and in most cases is represented by both a junior and senior team. They are:—rugby, B.W. & F., track, hockey, swimming, water polo, lacrosse, gym, volleyball, basketball, baseball and rifle team.

Up to the date of this article, School has annexed the following titles: outdoor track, soccer, lacrosse, rifle and junior assault. School also got first place in the interfaculty harrier, and second place in the junior swimming meet.

S.P.S. "T" HOLDERS

BACK ROW (Left to Right)—R. Miller, P. MacDonald, C. Annis, J. Millison, R. Davey.
 FRONT ROW—R. Eaton, J. Bowen, R. Webber, P. Hooper, R. Westheuser.

S.P.S. "T" Holders

UNIVERSITY Athletics have this year been well represented by Schoolmen. The T holders have been awarded their first T's for prominent activities in major sports throughout the University.

The Intermediate and Junior fields have been brought well to the front by the second and third T holders at School. Some of these men will in the near future augment the ranks of the first T holders here.

FRONT ROW—H. Self, R. Gross, L. B. Reider, G. Murray, C. Hogg, J. Froster, R. Bates.

S.P.S. "S" Holders

THE "S" is awarded to Schoolmen in recognition of their ability as well as their support of the faculty. It is granted to outstanding members of interfaculty teams, to men who have shown ability to uphold the School colours in several sports and all first "T" holders.

It is a great honour and privilege to wear the school letter; that is why the picture above is filled to overflowing.

S.P.S. BOXING, WRESTLING AND FENCING TEAM

The Bronze "S"

ONCE again the Bronze "S" has been conferred upon a Schoolman, as a symbol of recognition by his fellow men, of this gentleman's outstanding athletic ability and good fellowship. A most worthy recipient for this signal honour has been found in Robert A. Webber, an athlete and a gentleman having every right to take his place beside those fine men who have been similarly recognized in previous years.

During his college career, Bob has built up a record in athletics that may be envied by many and achieved by few. "Storm" Webber is probably best known for his fine deeds on the football field, where his indomitable spirit has gained for him the respect and support of every admirer of good sportsmanship. During his stay at School, he has been a member of no less than six football teams, holding down regular positions on the Junior Intercollegiate Champions of 1930, the senior O.R.F.U. squad of 1931, and the

Intermediate Intercollegiate team of 1932. In 1933, he was an active member of two teams, firstly, Balmy Beach of the O.R.F.U., and then the Champion Senior School team. As for the past season, everyone will remember Bob as the plunging halfback of the Senior Intercollegiate Team.

Swimming and water polo are two other sports to which Mr. Webber is ideally adapted. For three years, he has been a member of a School water polo team, and each year that team has reached the finals. In 1930 and 1932, Bob held down a position on the School swimming team, the 1932 squad annexing the Fitzgerald Trophy.

Not content with such deeds as these, he turned his attention to Lacrosse, and for four successive years, served School in this respect.

During the past year, he has occupied the worthy offices of President of the Athletic Association, and a member of the University Athletic Directorate, and showed his financial ability by guiding the Association through a most successful term.

On looking over such achievements, one cannot help but realize that there could have been none other quite so worthy of possessing the Bronze "S", and so I say,

"Hats off, gentlemen, to Bob Webber"

PROSPECTS seemed bright for School this fall when the first practice was held. Although many of last year's championship team were missing, yet those who filled their places from Jr. School lacked none of their traditional fight and ability.

However, when the laurels were presented School was not the wearer. Although excuses are not in order, the fact that we did not retain the cup was not for the lack of co-operation or fight.

Our first game of the season with Meds yielded a victory for School, but Dents, our traditional rivals proved our obstacle. After two hard fought battles they emerged victorious, but the last game was memorable. After leading throughout the game, victory was snatched from our hands in the last few seconds. This put an end to School's hopes for this year.

Opportunity will be taken to thank Scotty McMillan for his generous assistance.

S.P.S. Soccer Team

THE prospects of a good season for "School" were very bright and with a nucleus for the team from that of the year before and with numerous applicants for the vacancies, the task of rounding out a well-balanced team was not too difficult.

The team that was ultimately selected carried the school colours well. In the opening game they defeated Dents 4-0, and served notice to all the teams concerned that they were to be reckoned with ere the season drew to a close. In the next game they did not demonstrate the team play shown in the first encounter and were only able to tie Pharmacy 0-0. In the other games in the group schedule, School won from Dents and Pharmacy by the scores of 1-0 and 2-0 respectively to win the group and also the bye to the finals.

In the final round School and Victoria put up a bitter struggle before the cup finally came to rest in School for the first time in thirteen years. Victoria won the first game 2-1, but School made a sensational come-back and won the second contest 3-1, to win the round and become the Soccer champions for the year 1934-35.

The team is greatly indebted to Professor Allcut and Matt. Ward for their invaluable assistance throughout the season, in the way of chalk talks. The pointers given at these meetings helped us exceedingly in winning the Arts Faculty Cup, the ultimate goal of all Interfaculty Soccer teams.

Junior School Lacrosse

JUNIOR School were successful this year in bringing the Dafoe Cup to S.P.S. for the first time since Interfaculty Lacrosse was commenced four years ago.

Junior School were grouped with O.C.E. and Forestry and experienced little difficulty in winning their group without a single defeat but more than doubling the score in each game.

During the season several exhibition games were arranged with several other Colleges and Collegiate teams in the city. Junior School were able in every case to turn in a win, often with quite a margin.

Having drawn a bye into the finals, Junior School played Victoria in a two game series, total goals to count. In the first game School were able to gain a two goal lead but in the second game Victoria evened up the series and a third game was necessary. In this third hectic battle Junior School once more hit their stride and when the final whistle was blown they had won the coveted Dafoe Cup.

This constitutes a directorate of eleven members, who are elected annually by student vote. The President of Athletics is elected from this committee and has a seat on the Students' Cabinet, to which body he is directly responsible.

During the past year, the Faculty has been very well represented in inter-faculty competition, having carried off the Mulock Cup for rugby and also the McEachern Cup, which is representative of the inter-faculty Singles Tennis Championship. Dentistry is also well to the fore in basketball, baseball and hockey, each team having won its group in making a bid for further honours.

Besides inter-faculty athletics, the Faculty is also worthily represented on the various Intercollegiate teams.

Women's Athletics

THIS has been a most satisfactory year of competition for the women in all interfaculty sports, and, although the results of the intercollegiate matches were not as good as usual from a Toronto point of view, the calibre of play was very high and the consequent enjoyment of the games was as great as ever.

Tennis, as usual, started the athletic year, and the various tournaments were carried through most expeditiously. Each college and faculty held a tournament to choose players for the interfaculty team, and then the interfaculty matches were played, resulting in a win for St. Michael's for the second successive year, with Agnes Gardner retaining her University championship. This year the intercollegiate tournament was again held at Toronto when we entertained McMaster for the first time along with Western and Queen's. The rather chilly weather made playing conditions difficult, but some excellent matches were seen. Both singles and doubles were again won by Queen's after a series of close games.

Baseball next came to the fore and had a successful year, although still suffering from lack of adequate gymnasium space and consequent dampening of enthusiasm. Victoria, St. Michael's and a combination of Meds., Nursing and U.C. entered teams and thoroughly enjoyed themselves, with Vic. retaining the championship.

Interfaculty basketball is always the chief sport of the fall term and the groups were so arranged that interest was maintained until the finals, when the survivors of the nine teams were St. Hilda's, Victoria College Seniors and University College Seniors. St. Hilda's defeated both the other colleges in the play-offs and for the second year hold the Interfaculty Cup. The brilliant play of the champions is attributable in no small measure to the coaching of Miss Athol Westley and Miss Alice Butler. The backbone of the intercollegiate team was almost broken by the graduation of six experienced campaigners and the retirement of Miss Marion Forward who has coached Varsity to a championship for so many years. The forces rallied, however, and an excellent team was turned out by Miss Muriel Atkin, with Miss Beatrice Longley as her assistant. Although defeated by Western in the first game of the tournament, Varsity won from McGill, while Queen's defeated Western to win the championship for the first time in history. Kay Brown acted as captain and Elizabeth Leitch as manager. The Intermediates as usual had a thoroughly enjoyable season, with no championship cares but a series of friendly games which afforded excellent competition. The team was coached by Miss Kay MacKenzie and managed by Hazel Brown.

This year's interfaculty hockey was probably the best there has been for some time. As Queen's could not muster a team this year, it was decided to have no inter-collegiate team and to permit all players to play interfaculty. This made all teams stronger and the hockey of a much higher grade. Victoria I won a well-deserved championship from St. Hilda's, after the latter had eliminated U.C. A challenge was received from McGill for a game here on March 2nd and an "all-star" team was chosen from the various faculties with Jimmie Macpherson again acting as coach and Jean Atkinson as manager. In spite of the lack of practice, Varsity as a team is generally conceded to have at least held its own against McGill as a team, but could not hold Babs Goulding, the McGill star, who scored five goals to Varsity's three.

The Swimming Meet this year was a great success with Phyllis Haslam and her cousin Marjorie Murphy, both of Social Science, winning the championship by themselves for that faculty. Miss Haslam, who was a member of the British Empire team of 1934, made a total of 23 points and established two new records in the breast and back strokes, to win the individual championship and the Ishbel Robertson Cup, while Miss Murphy won the free style and placed in the back and breast. The diving was won by Jean Lang of Medicine, whose ten points gave those good sports, the Meds., their highest total in many years.

The badminton championship was retained by University College, with Dorothy Dempster winning the singles and Leonore Fraser and Marjorie Hughes the doubles.

Once more the generosity of the men's Directorate in loaning the Hart House gymnasium for the basketball finals, the pool for the Swimming Meet and the Arena for both practices and games and for many other kindnesses has been much appreciated by the women athletes.

Directorate members 1934-35: Dr. C. C. Benson, President; Mrs. W. A. Kirkwood, Dr. Edith Gordon, Miss I. G. Coventry, Mrs. W. B. Elsley, Mrs. John Westman, Miss A. E. M. Parkes, Financial Secretary, as faculty and graduate representatives, and Mrs. D. C. Dempster and the Misses Edith Ardagh, Jean Atkinson, Helen Forbes, Agnes Gardner and Charlotte Small, as undergraduates.

WOMEN'S INTERFACULTY ATHLETICS

University College Women's Athletics

UNIVERSITY COLLEGE has this year won only one championship, badminton, but reached the finals in basketball, the semi-finals in hockey and was runner-up in swimming.

An interesting tennis tournament was played and a team picked which competed in the interfaculty matches. For the first time in many years a U.C. player, Madge Shaw, won through to the semi-finals and made the intercollegiate tennis team, where she gave an excellent account of herself.

The usual struggle to field a baseball team was staged at the beginning of the year without success, although two U.C. enthusiasts joined up with Meds and Nursing in a composite team.

Basketball had a very successful season, with three teams wearing the Red and White of University College. The Seniors, coached by Muriel Atkin and managed by Elizabeth Leitch, reached the finals and were put out by the champion St. Hilda's team after two hard and exciting games. The Juniors and Freshies also made a very good showing in their groups under the coaching of Grace Gristwood and Eleanor Wallace and the management of Helen Doey and Margaret Taylor. When the intercollegiate team was chosen, University College proudly boasted of four members—Kay Brown, who was honored by the captaincy, Helen McGarry, Lorna Reid and Eugenia May, a freshie, who promises to be a valuable player for the college.

The hockey team had a rather chequered career, losing two star players for most of the season, but the team was only eliminated by St. Hilda's in the semi-finals by the close score of 2-1. Bobby Coulter and Normie McClelland acted as most efficient coaches. Two members of the team, Charity Grant and Betty Mark, made the "all-star" team, with Jean Atkinson as manager.

The great blow of the year was the loss of the Swimming Championship which has been a traditional possession of the College, but none could grudge the victory to Social Science, whose two lone representatives won 31 points to the 26 earned by U.C., who came second.

Badminton again proved to be one of the popular sports and for the second year, U.C. carried off the interfaculty championship, with Dorothy Dempster winning the singles and Leonore Fraser and Marjorie Hughes, the doubles.

Senior "T's" are now held by the following members of the College: Jean Atkinson, Kay Brown, Dorothy Dempster, Charity Grant, Helen McGarry, Betty Mark, Lorna Reid and Madge Shaw, and Eugenia May, First Year, is recommended.

St. Hilda's Athletic Association

THE Athletic year is drawing to a close. As we look back we find that each month brought interests in various sports.

In October we had our tennis tournament. From twenty-one entries, the team was picked. It consisted of Mary Louise Carre, Mary Dignam, Edith Ardagh, Charlotte Emery, Mary De Winter and Ellen Wilson.

St. Hilda's came third in the Interfaculty tournament while Ellen Wilson went on to Intercollegiate fame.

The Saints did very well in the first University Golf Tournament held on October twelfth. Mary Jarvis, Elaine Knight and Enid Palmer all placed in the events.

This month too, saw excellent basketball material practicing faithfully to compete for Interfaculty honours.

It took until December for the basketball team to realize their hopes. On the twelfth the girls finally defeated University College, repeating their Interfaculty victory of the previous year.

January saw girls turning out for hockey and the badminton tournament played. Teams were picked for both these sports.

February finds us up-to-date. 3T7 took the honours at the inter-year swimming meet. However we are glad to welcome some very good material from the Freshie stock.

The hockey team is doing very well, having won three games, lost one and tied one. With this record behind them they are pressing ahead to the semi-final game.

We are very proud indeed to find Edith Ardagh, Enid Palmer, Katharine Grubbe and Mary Louise Carre on the Intercollegiate Senior Basketball team, while Ellen Wilson is Intermediate company.

Wishing the hockey, badminton and swimming teams best of luck, we will close another chapter for Torontonensis.

BOOK IV

In army travels on its stomach - said Napoleon

• He meant that the character of the food ration determines an army's ability to march and fight. So with the individual. A great deal of his ability to succeed in life depends on the character of the food he eats.

Do not think of Neilson's Jersey Milk as merely a piece of delicious chocolate. It is that and much more. It is a great body building concentrate which helps you to health—and to success!

THE LIGHT OF PROGRESS

Shines brightly on the growth of the T. EATON Company since its inception in 1869. Founded in Victorian times, on staunch Victorian principles, EATON'S has maintained the old principles while ever in step with modern advancement. Today, EATON'S is thrillingly, vitally 1935—not only from a merchandising standpoint, but as an important factor in the musical, artistic and literary life of Toronto with its splendid series in the Auditorium, its exhibitions in the Fine Arts Galleries, and its Book Room. Whatever your hobby or your interest—the arts, the crafts, the topic of the hour—EATON'S is ready to bring them to your door.

TO REACH YOUR GOAL

Most people have an objective they would like to reach—protection for old age, travel, education. Regular savings deposits of even small amounts, accumulating at compound interest, lead step by step to security and the attainment of one's goal.

UNDERLYING the material and workmanship of any product, are the hidden values . . . the vital elements of reputation, integrity, dependability.

Hence, on generators, motors and transformers, the largest electrical equipment which must not fail, you will find the name Westinghouse. And, in the modern electric appliances which serve your home and industry, that same name of Westinghouse stands for your guidance and protection. The "Westinghouse" name plate not only guarantees dependability and value . . . it stands for stability . . . it assures you of the last word in electrical engineering and manufacturing precision . . . it is backed by the long experience of one of the oldest and largest manufacturers of alternating current equipment and appliances in the World.
